Lest We Forget; Appeals For Flag Flying July 4

BLOOMINGTON, Ill. (AP) — A hardware merchant today appealed to residents to fly flags during the Fourth of July by running a full page newspaper advertisement. It said:

Fellow Citizens:

I hold no office in our city, county, state or federal government nor am I candidate for such . . . I tell you this so you will know what I am doing here is strictly personal.

Last Fourth of July, I drove the length and breadth of the twin cities (Bloomington and nearby Normal), and I counted but seven flags flying. Last Flag Day, June 14, I counted six flags flying on the main street of Bloomington.

So lest we forget and so that our children are properly taught, let's fly some flags this Fourth of July—lots of them—thousands of them.

Signed, Dale B. Sayre.

P.S. We do not sell flags.

Goldfine - - -

(Continued from page 1)

"The record will show they gave me just as hard and rough a time as they ever gave anybody else. . . . If SEC action constitutes preferred treatment, I hope I never get any more of the same."

The subcommittee—"I know the subcommittee is not really interested in Mr. Goldfine. I feel I am only a handy stick, and easy to use to hit someone else over the head with. . . ."

"I think these attacks are unfair. . . . I charge that all these expressions of horror about what I asked Mr. Adams to do and what he did are hypocritical."

John Fox—"All of us remember how this whole miserable massacre of character began, and who started it. . . . Isn't it too bad that a sick and bitter man like Mr. John Fox can defame and slander a man like Gov. Adams all around the world?"

Goldfine said the first time he asked Adams to contact the FTC for information came after he had thought a complaint about alleged mislabeling of his fabrics had been settled. But he said the FTC followed through with a letter asking him to list names of customers and other data he thought confidential.

"Neither I nor anyone else in our companies had had prior experience with the FTC in matters of this type," Goldfine said. "and I do not now see anything wrong in asking an elective or other official of the United States to make inquiry as to the object of the commission in sending such an unusual letter."

Got Nothing New Goldfine said he did not ask Adams to influence the FTC, and the Jan. 4, 1954, memo from FTC Chairman Edward F. Howrey, which Adams forwarded to him, "gave us no information that we did not already possess." As for an April 14, 1955, appointment with Howrey which Adams set up, Goldfine said no complaint against his mills was involved. At issue, he said, was a proposed FTC rule on fabric labeling which was then under discussion and which later was put into effect for the whole industry.

"My memory is clear that I did not tell Gov. Adams why we wanted this meeting or what our problem was," Goldfine said.

After the meeting, it has been testified, Goldfine asked for a telephone call to be put through to Adams at the White House and was heard telling the party at the other end of the line that he had been well received.

"I Was Pleased" Goldfine said: "Certainly I was pleased at the results of the meeting and the treatment I received. In my enthusiasm I called Gov. Adams at the White House and reported this to him. This was not done in order to impress anybody at the meeting."

The third Adams contact with a regulatory agency about a Goldfine case was made at Adams' own instance after Goldfine had complained of SEC actions against his East Boston Co., a holding firm, Adams had testified. That happened in February

Extend Hearing For Hedenberg

Upon motion of State's Attorney Darrell E. Klink, hearing was continued Wednesday morning in Logan county circuit court until 3 p.m. July 9 for Marlin Hedenberg.

Hedenberg, presently in county jail serving out a \$1,000 fine for attempted arson, has filed a debtor's schedule, a doctor's affidavit stating he is in need of surgery, and asking that his fine be suspended. Hearing on the defendant's motion had been set for 10 a.m. today before Judge Frank S. Bevan.

Attorney R. Marlin Baker, representing Hedenberg, objected to the continuance and made an oral motion that Hedenberg be freed from jail on his own recognizance pending the hearing next week. This motion was denied by Judge Bevan.

MT. PULASKI — Miss Christina Starr will be the first resident of Mt. Pulaski to reach her 100th birthday in the city's 122 years of existence when she celebrates her birthday Sunday, July 20.

Miss Starr, shown in the above photo by the Mt. Pulaski Times-News, makes her home with her sister, Mrs. Margaret Gruber and a niece and her husband, Mr. and Mrs. Fred Hahn.

Bedfast After Fall
Although Miss Starr has been bedfast for the past eight months, following a fall in her home, she is very alert mentally. She is an ardent reader of her Bible, having read it through 16 times, and hopes to read it from cover to cover once more in her lifetime. She also reads the daily papers, with the aid of a magnifying glass. Because of impaired hearing, reading is a great consolation to her.

Christina Starr was born July 20, 1838, on a farm one mile west of Mt. Pulaski, a daughter of Jacob Conrad and Anna Katherine Weinrich Starr. She was the second of 10 children born to this pioneer couple. Her parents

she makes her home, and who will be 85 years old July 15 is the only other surviving member of the Conrad Starr family.

Confirmed Lutheran
Christina was confirmed in the St. John's Lutheran church at the age of 14 by the Rev. Otto Pracht. At that time, members of the Lutheran congregation worshipped in a little brick church, which stood at the location of the present John H. Tondick home.

The Starr children attended the public school in Mt. Pulaski, walking both ways to and from school in good weather and bad. Many times, they wore old rough shoes to the edge of town and then changed into better school shoes. At the time Christina was in school, classes were in the

courthouse in the middle square.

Christina has lived her lifetime in Mt. Pulaski and community. As a young girl, she made her home with the Meister family for years. Later, she went to various homes in the community as a seamstress, did family sewing. Later in life, she lived with her brother, George, and kept house for several years.

Sees Many Changes

Christina has witnessed changes in her century of life, among them the life of the farmer, from the early day hard to the now mechanized farming. Miss Starr is the owner of 40 acres of this fertile land that was left her by her parents and which was a part of a homestead just one mile west of her present home.

Christina Starr receives and loving care from her son, Mrs. Fred Hahn, and always radiates a smile when visiting friends and neighbors.

Decline Hits Stock Market

NEW YORK — The pro-Nasser revolution in Iraq brought sharp losses to international oils, and the stock market declined in fairly active trading early this afternoon.

While oils with heavy interests in the Middle East declined, some of the oil issues with predominately Western Hemisphere resources went higher.

Losses for miscellaneous issues were mainly fractional, going to about a point or so. International oils were down from one to three points, somewhat trimming their early losses.

The market was lower at the start and the ticker tape was late briefly as a succession of oil blocks was traded. The activity began to slacken before the morning was over.

The trend was mildly lower among aircrafts, rails steels, nonferrous metals and chemicals.

MASON CITY — Harry D. Ainsworth, 68, died at 1:20 a.m. Monday at Memorial hospital in Springfield.

Taking Over Airport Here

Ralph Rohwedder and Associates, of Chicago, have completed negotiations for purchase of Lincoln Flying Service, and will assume operation of the Logan County Airport on Aug. 1, according to a joint announcement today by the two corporations.

The Chicago group, which was given a lease agreement in June by the Logan county board of supervisors, will continue operation of the airport in all its present phases, with plans to expand services available to the general public in the near future. The lease between the county and Lincoln Flying Service expires Aug. 31. New operators will retain the present operating personnel.

Rohwedder, who was in Lincoln during June, to negotiate the lease with the county and purchase of the flying service from Henry Dock, outlined future plans for the airport at that time.

Proposed for the airport are a terminal for charter service, a major repair terminal to serve both Chicago and St. Louis aircraft, and the manufacture of a new amphibian airplane.

Motion Asking Reconsideration

State's Attorney Darrell E. Klink filed a "Motion To Reconsider and To Correct the Court's Own Errors" Monday in Logan County circuit court in which he requests Judge Frank S. Bevan to "reconsider and correct the court's own errors in releasing Marlin Hedenberg from jail and a fine of \$1,000.00."

In his motion, Klink states that the court's ruling that released and freed the Defendant "nullifies, erases and destroys" the verdict of the jury in this case and that "the people of the state of Illinois are entitled to the agreement and protection of jury verdicts and are entitled to receive the fine and costs or to have the defendant work out the fine and costs."

The motion states that the court's rulings were based upon a "misinterpretation of the facts and miscomprehension of the law" and that "the defendant on cross examination admitted that he had assets not previously reported which should be applied to the payment of fine and costs; that he is physically able to work and was working immediately prior to being placed in jail, and that he was working in jail, which work had caused him no pain or suffering."

The motion further states that the affidavit of defendant's own physician says that the defendant is able to work and that the people were entitled to have the defendant undergo further physical examination to determine the extent of the defendant's ability to work. It states that the Defendant did not have a court-appointed attorney and that was contradictory to his allegations of being a pauper. The final allegation of the motion is that the motion is made to protect the rights of the people and to obtain justice.

American Legion, Rotary Club, Masonic lodge, and the Presbyterian church.

He is survived by his wife, two daughters, Mrs. Marian Fragoli of Oak Park and Mrs. Marjorie Olson of Chicago. He had two grandchildren. Two brothers, Ralph and Howard Ainsworth of Mason City, also survive.

The body was taken to Central Funeral Home where funeral arrangements are pending.

Stocks Show Gains Monday

NEW YORK — Steels and oils were in the fore as the stock market advanced briskly early this afternoon.

Leading issues were up from fractions to a point or so. Some selected issues made wider gains.

Once again the market was pushing into new high ground for the year. Some chemicals, rails, aircrafts, rubbers and nonferrous metals joined in the rise but there was a scattering of losers.

The international oils recovered some of their losses of last week as prospects for their big resources in the Middle East no longer appeared in grave, immediate peril.

U. S. Steel, Lukens and Republic Steel rose more than a point each. Youngstown Sheet added about two. Union Carbide advanced well over three.

Gulf Oil was ahead a point or so. Similar gains were made by such international oils as Texas Co., Royal Dutch and Getty. Amerasia rose about a point.

Chrysler stood out in the automotive group, holding a gain of about a point.

Goodrich advanced about two points and U. S. Rubber about a point.

U. S. government bonds continued to rally briskly.

U.S. Dixie Beauties Dominate in Contest

LONG BEACH, Calif. (AP) — Fifteen beauties — almost half of them Southerners — carry United States' hopes forward today toward the finals of the Miss Universe contest.

The U.S. contingent was cut one third Tuesday night when the judges took their first look at the entries in this year's beauty pageant.

The girls from Dixie took seven semifinalist spots, with the judges' nod going to representatives of Alabama, Florida, Georgia, Louisiana, South Carolina, Tennessee and Texas.

The others picked were from California, Montana, South Dakota, Utah, Washington, Illinois, Nebraska and New York.

Some of those who lost out took it so hard their chaperones cried

to 5 and the 5 to — Miss U. S. A. Who will she be? Bet with the pageant audience, and the choice is clear: Miss Louisiana.

Eurlyne Howell, her long-honey-blonde hair swept back from her forehead, drew the loudest burst of applause from the 4,000 spectators as she swept down the runway in a long, white formal.

A photographer took a look and whistled. "She walks like she owns the joint," he said.

Whoever wins tonight will compete Thursday against the 34 foreign girls in the selection of 15 finalists. Friday the judges will pick Miss Universe.

2 Police Officers Named In Warrants for Murder

HARRISBURG, Ill. (AP) — Two policemen who say a ricocheting bullet killed a 14-year-old girl were named Tuesday night in murder warrants brought by her 17-year-old sweetheart.

The policemen — Glenn Schwartz, 26, and Winston Gidcumb, 33 — said they fired shots at the young couple's automobile Monday night when orders to halt were ignored. The policemen were in a car which had no police markings.

Slain was Margo Hallwood of Millington, Mich. She had a bul-

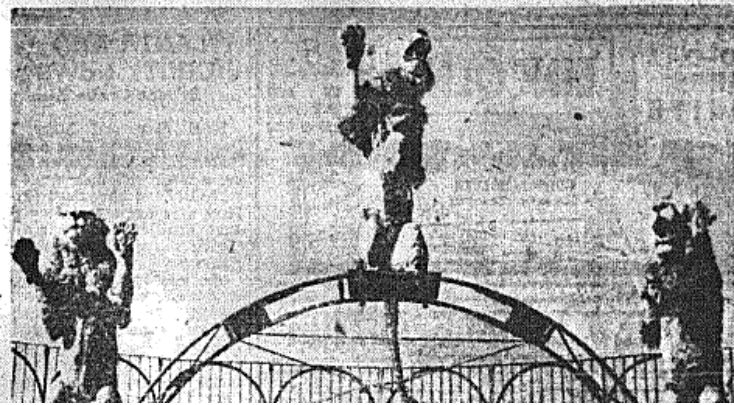

case would be presented to the circuit court grand jury which convenes in September.

No Intent to Kill

Schwartz testified that the shot which hit the girl and the four bullet marks found in the couple's car "definitely were ricochet shots."

"We did not intend to kill," he testified.

He said Whitaker's car ran through two stop signs and then began weaving at a high rate of speed. No shots were fired by policemen, Schwartz said, until

She cries bitterly.

Miss Uruguay, Graciela Scorz, 18, of Asuncion, wept so hard she couldn't stand. She sat on a bench crying until her chaperone quieted her sobs with cups of cold water and words of comfort.

Woman Goes to Jail For Principle's Sake

PHILADELPHIA (AP) — A University professor's wife is in jail for three days—on principle—rather than let a suburban magistrate talk her into paying a \$10 traffic fine.

Magistrate Ralph Pusey said she was guilty of making a turn on a red light and should pay the fine. Mrs. Rexford B. Hersey said she was innocent. The professor, who teaches industrial relations at the University of Pennsylvania, said he was proud of his wife's principles. He wouldn't pay for her.

"I'll go to jail as a conscientious objector," Mrs. Hersey said at the hearing Thursday night, "just as the signers of the Declaration of Independence were willing to do for their principles." Whereupon the magistrate gave up the argument and gave her the maximum sentence.

Mrs. Hersey's married daughter said her mother would keep busy in jail working on book reviews for local literary clubs.

MODERN

BEIRUT (AP) — A weapon of bygone wars — the bow and arrow — has come back into use in the Lebanese rebellion. But now it has a modern warhead.

The rebels are shooting cone-shaped dynamite charges into government positions with ordinary bows.

The unorthodox weapon was displayed by a rebel officer. A dynamite charge was attached to a heavy arrow. As soon as the fuse is lit, the arrow aims the arrow on a steep trajectory, timing it to explode just before hitting the ground up to 100 yards away.

Chennault - - -

(Continued from page 1)

The Japanese had enough respect for him to name him their No. 1 "war criminal," one ahead of President Roosevelt.

A deaf ear and his outspoken support of Gen. Billy Mitchell forced the then Capt. Chennault to retire from the Army Air Corps in April 1937.

The next month he was in China at the request of Mme. Chiang to inspect the Chinese air force. He stayed on to instruct pilots and supervise the makeshift maintenance of the outmoded Chinese aircraft.

In 1941, Chennault formed the American Volunteer Group, later known as the Flying Tigers.

With shark's teeth painted on the snouts of their outmoded P40 fighters, this outnumbered band of volunteers officially downed 286 Japanese planes in six months. They were generally credited with 300 more kills.

Flying Tiger losses: eight pilots killed in action.

After the United States entered the war, Chennault took command of the 14th Air Force in China as a brigadier general. He was promoted to major general in 1943.

After the war, he remained in China, founding Civil Air Trans-

Space Pilot Crash Victim

EDWARDS AIR FORCE BASE, Calif. (AP) — Plans for the first Air Force flight into outer space went ahead today despite the death in a jet crash of Capt. Iven Kincheloe Jr.—who had been chosen to make the initial attempt.

The Air Force disclosed the name of the pilot previously selected as Kincheloe's replacement.

He is Capt. Robert M. White, a New Yorker who at 34 is a 16-year Air Force veteran. White is an engineering graduate of New York University and an eight-time winner of the Air Medal.

Was Part of Team

He becomes part of the three-man team assigned to the secrecy-shrouded X15 rocket plane that has been described by the secretary of the Air Force as "the first step toward a manned satellite."

Kincheloe, a rugged blond whose face someone once said belonged on a recruiting poster, had dreamed of being one of the first space pioneers to blast up into the mysterious void beyond the earth's atmosphere.

"I definitely want to be part of orbital flying," the quiet-spoken Korean War jet ace once told a reporter.

Refuses Transfusions Due To Her Belief; Succumbs

HAVERHILL, Mass. (AP) — Mrs. Elizabeth Denno, 43, who had refused blood transfusions because of her religious beliefs, died Tuesday from what doctors described as complications from the chronic loss of blood. Doctors said the loss of blood was caused by an ulcerated intestine.

Doctors had tried for nearly a year to get Mrs. Denno to submit to blood transfusions, but she refused in her stated belief as a member of Jehovah's Witnesses that one human should not feed on the blood of another.

Mrs. Denno entered the hospital last September. Doctors operated without blood transfusions, using drugs, including cobalt, to keep her alive.
