

Thomas L. Thomas to Sing Concert Here Thursday, 7th

Thomas L. Thomas, vigorous Welsh-born American singer, will appear in Lincoln Thursday, Jan. 7. The baritone will appear at L.H.S. auditorium for members of the Concert Assn. at 8:15 p.m. He has achieved top rank as a concert artist and television star, with a record of over 1,000 concerts in coast-to-coast tours, and an equal number of radio and television performances.

Born in Maesteg, South Wales, Thomas grew up in an irresistibly musical atmosphere. His father, starting life as a coal miner, won three awards for flute playing, went on to study at the Royal Academy of Music in London, and became flutist in the London Philharmonic. His mother sang in a Welsh oratorio society, his brother, David Elyon, is active on Broadway as an actor and singer, and his sister, Gwyneth, is also a singer.

Thomas himself has been singing as long as he can remember. At five he appeared in a children's cantata. At 11 he moved with his family to Scranton, Pa. At 15 he made a return visit to Wales as a member of an award-winning Welsh-American singing society. After completing his academic education, he became a junior executive in an engineering organization. The urge to sing was too strong to ignore, however, and at 22 he came to New York to try a musical career.

His subsequent success has been outstanding. He has distinguished himself as a recitalist and as a guest artist with such major orchestras as the New York Philharmonic, the NBC, Indianapolis and Detroit Symphonies. Perhaps he is most widely known for his many broadcasts over the major networks. He makes regular appearances on the Voice of Firestone and has a frequent guest on other nationally known radio and television programs.

Voice on Records
The artist returned to his native Britain in 1935 and again in 1936. He was rapturously received in his concert appearances in Wales and at engagements in England. While there he recorded several new albums of records. They contain Welsh, Scottish and American folk songs. His earlier recordings of Welsh airs have become cherished collector's items. These more recent waxings have received extraordinary critical acclaim and are among the best-sellers in their class.

Thomas conquered another continent in the summer of 1937 when he made his debut tour of Australia. He presented 42 concerts in 14 weeks and won scores of new admirers from Down Under.

In describing Mr. Thomas' concerts, critics have stressed not only his beautiful voice and musicianship, but also his gifts as an entertainer, his artistry in building programs, and his exceptional ability to make an audience feel at ease. A clue to his

SINGER THOMAS

attitude may be found in one of his own recent statements. "I Like People." When asked why he had so many return engagements, Mr. Thomas replied, "Maybe it is because I like people and want them to like me. Concerts are more than song recitals. They are public get-togethers in which an artist and his audience seek a common joy and satisfaction born of a wonderful, mutually shared experience. I suppose a bond of that nature develops friendships, and we like to meet again."

When not on tour Mr. Thomas, who is unmarried, lives on his 125-acre farm near Jutland, N.J. Here he enjoys relaxation from concert tours, and a number of hobbies, which include orienting, rug weaving, a study of architecture, doing farm chores, and especially riding, schooling and showing his pure-bred Arabian horses.

Irregular Trade Marks Holiday Week for Livestock at Chicago

CHICAGO — The influence of the holiday season continued to show its effect on the wholesale meat trade. This pressure, carried over into the live market at Chicago and trading was very irregular. Price losses were registered on both the Monday and Tuesday trading sessions. Receipts amounted up considerably during midweek and part of the early week losses were regained.

High choice and prime cattle, of all weights, closed the week with a stronger underline than a week ago. The top was \$28. at the close and most high choice and prime grades sold from \$26.50 to \$27.50. Weights from 1300 to 1550 lbs. of these grades, which had been under pressure for some time, moved into a strong price position as a result of the midweek advances.

Choice yearling steers continued to meet with good demand and closed at steady to 25 cents lower rates than a week ago. Most of these kinds are selling from \$25.50 to \$26.50. Weighty choice steers were 25 to 50 cents lower and sold at prices from \$24.25 to \$25.25. Good and choice steers showed declines from \$20 to 75 cents and cashed from \$22. to \$24.25. Many of these kinds were shorted cattle which lacked quality and finish.

Hellers continued to meet broader demand this week and as a result the closing prices were 25 to 50 cents higher. Weight proved to be a less important factor in determining price this week. Top heifers advanced to \$26. High choice and prime kinds sold mostly \$25. to \$25.75. The bulk of the choice grade heifers sold from \$24. to \$25. Good and low choice offerings finished the week from \$21.50 to \$23.75.

Cow market active. The cow market enjoyed one of the most quiet weeks in a long time. Advances of \$1. to \$1.25 were made on most grades. Canners and cutters sold from \$13. to \$15.; commercial and utility kinds mostly \$15. to \$17.50; and standard cows from \$18. and up. Bulls were 25 to 50 cents higher, from \$22. and down; and vealers held unchanged from \$30. and down.

Moderate receipts of hogs early in the week helped to strengthen prices and gains of 25 to 75 cents were registered. However, the sharp increase in midweek receipts around the market circuit forced prices back to the levels prevailing at the close of last week. A top of \$13.40 was paid early in the week but this dropped to \$13. at the close. The bulk of the best kinds sold from \$11.75 to \$12.50 with a limited number of top kinds yielding kinds from \$12.50 to \$12.85.

Prices on medium weight butchers were uneven but closed at a steady price for the week. The bulk of this class sold from \$10.50 to \$11.11, with the top heavy kinds selling up to \$11.50. Heavy butchers sold from \$10.50 to \$10.75.

Sows closed the week steady to 25 cents higher. Most light sows cashed from \$9.25 to \$10; medium sows from \$9.25 to \$9.50; and heavy kinds sold down to \$8.25.

In the midweek session there were about 50,000 more hogs around the major market circuit than the same day a week ago. This factor was largely accountable for the 50 to 75 cent declines at that time.

In one of the most active trading weeks of the year, slaughter lambs registered gains of from 75 cents to \$1. The top on prime whole lambs advanced to \$19. and was paid freely in the mid-week and prime woolly offerings sold session. The bulk of the choice and prime woolly offerings sold from \$17.75 to \$18.75. Clip lambs enjoyed the strongest market, to the full extent also, but most kinds now selling from \$18.50 to \$17.50. Slaughter ewes ruled 50 cents higher with most sales from \$4.75 to \$5.

From all of us here at the Chicago Stock Yards, "may we wish you a very Happy and Prosperous New Year."

Stocks Move Up Tuesday

NEW YORK (U) — Motors were active and higher as the stock market managed a moderate over-all advance early this afternoon despite an assortment of individual losers. Trading simmered down from Monday's fast pace.

Gains of fractions to a point or so outnumbered losers in the same range.

The automotive stocks perked up on forecasts that this month's car production will be the highest for any January in history, now that a sufficient flow of steel seems certain.

The steel shares, which rallied so strongly Monday, turned mixed. Oils turned easy.

Some of the rails did well. Tobacco and aircrafts were mostly higher. Nonferrous metals, rubbers and chemicals were mixed. Drugs and farm implements declined.

Mrs. Touhy Wants to Get Away

CHICAGO (U) — "I want to wipe my feet of Chicago and Illinois. I want to get away from the mob."

So spoke the widow of Roger Touhy, who with her gray hair and short, stout figure looks so unlike the widow of the Prohibition Era gang leader who earned the name "The Terrible."

Monday, only hours before, Mrs. Clara Touhy had told a probable hearing that her late husband, shotgunned from ambush Dec. 16 only 23 days after his parole from Stateville Prison, died broke.

ONLY THE CHILD

"Nothing matters at all anymore," she said with finality. "Nothing but the child. And she must not be hurt."

The child is Mrs. Touhy's only grandchild who believes her grandfather is confined to a convalescent home and will soon return to take her to Disneyland.

Feb. 15th Deadline For Auto Licenses

SPRINGFIELD, Ill. — With the holiday season past, the Feb. 15 deadline for display of 1960 motor vehicle license plates suddenly looms closer, Secretary of State Charles F. Carpenter points out to motorists.

Only six weeks remain to get this year's plates on the vehicles. For motorists who submit their applications by mail, this means there are only four weeks left to send the application to Springfield, because during the peak period two weeks are usually required for processing of applications and delivery of plates, Carpenter said.

At present, 1960 registrations are about 33,000 less than the 1959 figure at the same time. Through Dec. 31, about 1,292,000 applications had been received of the expected total registration for the year of about 3,825,000.

Automobile Division offices in both Springfield and Chicago are staffed to handle the peak load, and the earlier applications are submitted, the faster they can be processed.

There are more telephones in Chicago than there are on the entire continent of Africa.

Finch Murder Trial Jury Takes Look at Scene of Crime in L.A.

LOS ANGELES (AP) — The Finch murder trial shifts today to the scene of suburban violence that brought it about.

The jury gets a look at the spot where Barbara Jean Finch, 35, died last July 13, her skull fractured thrice and a bullet in her back.

Her husband, Dr. R. Bernard Finch, and his mistress, auburn-haired Carole Tregoff, are accused of conspiracy and murder.

The prosecution charges they plotted Mrs. Finch's death because she stood in the way of their marriage — and was demanding a big share of community property she estimated at \$750,000.

"That Would Kill"

Dep. Dist. Atty. Fred N. Whichello told the jury in his opening statement that Finch and Miss Tregoff went to his estranged

Pulaski cemetery.

The deceased was born in Iberia, Mo., Feb. 3, 1917, a daughter of Ced and the late Eva Cassy Livingston. She was married to Eugene Downing in Iberia June 14, 1941, and he survives as do a son, Bill of Mt. Pulaski; a brother, Hal Livingston of St. Louis, Mo.; four sisters, Mrs. Ruth Lupardus of Eldon, Mo., Miss Grace Livingston of Warrensburg, Mo., Mrs. Eleanor Tregoff, Fort Lewis, Wash., and Mrs. Ada Douglas of Princeton, Ind.

Mrs. Downing was a member of the Christian church, Order of Eastern Star and the local woman's club. She was associated with her husband in an insurance business in Mt. Pulaski.

wife's home with a device which would kill, and leave the cause undetected: a 50cc hypodermic syringe.

"The 50cc hypodermic syringe is adaptable to produce death by an air embolism", Whichello stated, explaining that an injection of such a quantity of air into the bloodstream "could bring about death and not be demonstrable as to cause by an autopsy."

Mrs. Finch's death, however, was a violent, bloody one. The needle and syringe, unused, were found in an attache case near the Finch home in West Covina.

Softens at Crime Site

LOS ANGELES (U) — Carole Tregoff's icy composure melted into tears as a jury viewed the scene where, prosecutors say, she and Dr. R. Bernard Finch murdered his wife.

"While his pretty onetime receptionist and admitted mistress wept, the handsome surgeon maintained the relaxed, professional-like calm he has shown since trial testimony started Monday.

The locale is a hillside home in suburban West Covina where Barbara Jean Finch, 36, was beaten and shot to death the night of July 18.

The state says the 41-year-old doctor and Miss Tregoff, 23, his former receptionist, killed Mrs. Finch so they could marry and keep community property Mrs. Finch once estimated at \$750,000. They are charged with conspiracy and murder.

Miss Tregoff, shapely and red haired, cried at the counsel table in a Los Angeles courtroom Tues-

day. "Ojus keehomee?" inquired Asst. State Atty. John Boyer, who said that meant "Plenty whisky?" in the language of the Seminole tribe.

"Drunk," Brown answered.

Judge Ben C. Willard suspended sentence and said in Seminole "Ha-ee-pax" (You go now). Brown stood fast.

"Don't you understand your own Seminole language?" Boyer asked.

"Me Stoll," the defendant grunted.

Nabbed After Dixon Holdup

DIXON, Ill. (U) — The two survivors of a trio which battled police Tuesday have been taken away in handcuffs to face robbery charges.

Their companion, Charles Francis Harris, about 35, of Warren, Ohio, was shot and killed in the battle. One survivor, Dick Godfrey, 24, of Cleveland, was taken to Davenport, Iowa. Police said the trio held up a supermarket there Monday night and fled with about \$1,700.

The other survivor, Edmund Maris, 30, of Lisbon, Ohio, was taken to Freeport for an appearance before a U. S. commissioner. He is charged with unlawful flight to avoid prosecution for robbery in Ohio.

Patrolmen Jack McLaren and Richard Dusing halted the trio after their car passed a stop sign in Dixon. Two attempted to overpower Dusing and Harris pointed a pistol at McLaren.

McLaren jammed a finger behind the trigger to prevent it from being fired and then knocked it to the ground. McLaren said he warned Harris not to pick it up and shot him when he ignored the command.

COLUMBIA, Mo. (U) — The executive committee of the Missouri Republican Party has adopted a program to finance—and it hopes—revitalize the party in Missouri.

The Republicans will seek to raise \$700,000 within the next eight months to finance a drive which, they hope, will bring Missouri into the Republican fold nationally and elect Republican candidates at all levels of state and local government.

In the last general election, Missouri was the only northern state to vote in favor of a Democratic president and currently only one Republican from the state is sitting in Congress.

Peace Lifts Worry From Many Who Utilize Steel

By SAM DAWSON

NEW YORK (U) — Steel peace will lift a big fear from the minds of many steel users. They would have had to shut down fast if the strike resumed at the end of the month.

For the consumer it will add another fear: Is the wage-price spiral starting up again? Will it mean that the rise in the cost of living will get another boost?

For the economy a steel peace will remove the chief threat to a halt in the boom now getting well under way. Only an unexpected balkiness by consumers could halt it.

Up For Debate

Whether the nation is faced with more inflation is debatable. Union leaders will insist that higher wages can be absorbed out of steel profits without price increases.

Management will hold that wages will be going up faster than productivity and some price adjustments are needed. Steel management already held that its recent offer of 30 cents an hour might cause some prices to rise.

Many of steel's customers say their operating costs already imperil their profit margins and absorption of any steel price increases can't follow this time.

Blame Money Policy

And back of all of it will be the debate among economists

over what is causing the price of living to rise. Some hold that money management can control inflation—and they blame earlier easy money policies with having caused inflation in the first place.

Others say that tight money itself can do little to halt the cost of living rise as long as wages continue to rise each year.

This was the big point steel management made for months. It is a prime argument for those who say that American high prices tend to lower our exports and lose us some world markets.

The wage-price spiral since World War II is a moving factor behind those who urge higher tariff walls to protect American industry and workmen from imports of more cheaply made foreign goods.

The steel companies themselves will be busy for months. They report their order books filled for most steel products through the first three months of the year, and in some cases through June.

Leads to Guessing

What will happen after the middle of the year, when stocks would be pretty well built up again leads to wide range of guesses on how much steel will be produced in 1960.

Some steelmen think it will be

115 million tons, below the 117 million tons set in 1959. Others have guessed as high as 135 million tons.

The industry went right adding to capacity last year nearly a million tons more now has record facilities out 148,570,970 a year, the can Iron & Steel Institute says.

BIRMINGHAM, Ala. (U) — It all started when Mozart Coleman got a toy piano for Christmas. Mozart started tinkering with the piano. He liked to show off. And to show off, it takes a party. So Mozart gave a party and it was a fur piece from the conventional. Mozart is a French poodle and all his guests were French poodles.

And if you don't think the party was a howling success, you're barking up the wrong tree.

Plays Mean Piano

Mozart is the pet of Mrs. John S. Coleman. Like his illustrious namesake, Mozart plays a mean piano. He was the life of the party.

The occasion, announced earlier this week, created quite a howl. The Birmingham News received some complaints and additional complaints were voiced on a radio program that permits telephone callers to air their opinions.

But at least one caller spoke in

Mozart's behalf.

"Perhaps he has a talent which should be cultivated," an unidentified woman said.

Wednesday's party was the highlight of the poodle social season.

Some of the guests arrived in chauffeur-driven limousines.

Cherie and Missey, owned by Mrs. Charles Greer arrived in mink coats, belted at the waist with velvet collars.

In Wing Collar

Vonde Hum, owned by Miss Susan Shook wore a wing collar black tie, red barrette and a red evening cape.

Pierre, owned by Mrs. Lath Williams came in his birthday suit.

All had their nails tinted.

The prize for the best behaved poodle went to Cherie. She received a barrette tied with red velvet bows. Vonde Hum was the best behaved boy. He got a football.

The guests ate dog candies from an antique silver bowl.

All had a dog game good time.

Davis Takes Vote Victory In Louisiana

NEW ORLEANS (AP) — Ballot-singing Jimmie Davis, winner of Louisiana's Democratic runoff for governor, today sought to return this political topsy-turvy state to "peace and harmony."

The 58-year-old former governor said he would create a state sovereignty commission to preserve segregation. Negroes have pressed suits in three parishes counties to begin school integration.

"I've been all over the nation," said Davis, "and I'm convinced the Southland is the happiest place in the nation. I think right-thinking white people and right-thinking colored people believe that."

Pledges No Machine

Davis also pledged to keep hands off an independent Legislature and promised he would not build a political machine in this state that resembles the web-like control of Huey P. Long.

A record turnout signaled the end of the Long era. The ticket of lame duck Gov. Earl K. Long, Huey's brother, was soundly whipped in the Dec. 5 primary.

Davis piled up a 71,000 vote lead over New Orleans Mayor deLoach S. Morrison, seeking to become Louisiana's first Catholic governor since 1854.

Ticket Victorious

Davis, a Baptist, got 486,095 votes to Morrison's 414,258 with returns in from all but three of 2,109 precincts. His decisive bulge carried Davis' entire ticket to victory.

Farmer, businessman and teacher, Davis rose in the American political tradition. He was a sharecropper's son, one of 11 children reared in Jackson Parish in north Louisiana's red hill country.

Roy E. Baker Rites Tuesday

Roy Edwin Baker of 115½ N. Sangamon st., died at 8:05 p.m. Sunday at St. Clara's hospital. He was a retired feed business dealer.

The body is at Fricke Memorial Home and visitation will be there Monday afternoon and evening. Services will be at 1:30 p.m., Tuesday from the funeral home with the Rev. H. Sheldon Pattison officiating. Burial will be in Union cemetery.

The deceased was born in Utica, Ill., Nov. 22, 1874, the son of Martin A., and Mary Elizabeth Harris Baker. He married Myrtle May Smith in Bloomington Dec. 26, 1925, and she survives as do a son, Roy S. Baker of Joliet; a daughter, Mrs. Lois Ann Taylor of Lincoln; a brother, W. O. Boy Born to Movie Queen Brigitte

By GEORGE MCARTHUR
PARIS (AP) — France's reigning movie queen, Brigitte Bardot, today gave birth to a 7 pound boy. "We are naming him Nicolas Jacques," the proud father, film actor Jacques Charrier, beamingly told a news conference. "He has blue eyes and a strong tenor voice."

Miss Bardot and Charrier, both now 35, were married last June 18 after previous marriage to film director Roger Vadim, who directed her rise to fame as one of the world's most popular sex symbols, was childless.

Charrier was at his wife's side when their son was born about 2:30 a.m. in their Paris apartment.

Dr. Louis Bonnet, who delivered the baby, said it was a beautiful boy with brown hair. It "cried lustily," he added.

The film beauty was reported to have undergone the delivery

"very courageously." She was in labor about four hours.

Brigitte, a super-curved little blonde, is the daughter of a French industrialist. Her romance with Charrier started when he appeared as her leading man in the movie "Bette Goes to War." At that time she was supposedly engaged to a crooning guitarist, Sacha Distel.

South Koreans Will Get Missiles

WASHINGTON (AP) — Nike Hercules antiaircraft missiles with nuclear warheads are destined for South Korea. The plans probably will be made public within the next few weeks. Nikes have an 80-mile range.

The U.S. 8th Army and the United Nations Command in Korea have emphasized the need for missile defense against hundreds of Red jet warplanes believed to be based in Communist North Korea and adjacent Red China.

U.S. forces in South Korea already have several types of artillery and rockets adapted for use of atomic ammunition. They include 8-inch guns, 280-millimeter guns and the Honest John battlefield rocket. Presumably nuclear warheads also are stored there.

The United States began introducing atomic-capable weapons into the South Korean defenses after the North Korean Communists built a network of new fields and imported modern jets.

Missiles for both battlefield air defense are now in position most Far East Allied nations except Japan.

Japan, the only nation not to be hit by atomic attack, has atomic weapons. In the meantime, many Japanese, all military, whether possessing nuclear capability or not, are classed as clear weapons.

Within recent months, nonatomic Sidewinder missiles for launching from planes have been brought into Japan for use.

Interviews with all grade school classroom teachers, inquiring of them as to each pupil's special talents. The parents are urged to talk with Mrs. Long about their child and his music talents.

The grade school band now has 16 members — and is in special need of lower toned instruments such as trombones, baritones, tenor sax, as well as drums. Special arrangements are being made to aid parents in obtaining instruments for a three months rental - trial period. A child may try any instrument he wishes for three months under this plan.

Mrs. Long asks that every parent who is interested in having their child in the beginning band program contact her at the school Tuesday forenoons from 8 until 12 — or Thursday afternoons from 12:15 until 3:30.

Band lessons are offered through the school free. The new beginning band class will start Tuesday, Feb. 2.

Fiddling Padre Keeps in Tune

WOODSTOCK, Va. (AP) — From bass fiddler in a hot jazz quartet to Catholic priest is quite a switch.

The Rev. John Frega made it. Father John, a native of Paterson, N. J., once sat in the bass spot for the Joe Mooney quartet, a favorite in the post-World War II years. He also played with an earlier Les Brown orchestra.

He gave up his world of music at the age of 30, to enter St. Philip Neri Seminary in Massachusetts.

"I often thought about entering the priesthood," Father John says, "but I never thought it would be for me. So I took to music."

Goes on Road

He hit the road — one night stands, sleep in buses, shaves in dance hall washrooms. But he never missed Mass.

After a tour as a military policeman in World War II, he joined the Joe Mooney group. With Father John on bass, the quartet won several magazine popularity polls.

Daily attendance at Mass and meditation finally led Gaetan (Gate) Frega to the Capuchin priesthood. He recalls that St. Philip Neri Seminary taught him everything "in one year that other priests usually learn in four years. I had Latin running out of my ears when I was through."

Loved by "Everybody"

He was ordained in 1956. Father

John and the boys held a "session" right after the services in the monastery, with Father John on bass.

"The whole monastery came and they loved it," he says.

Father John, who frequently lectures on jazz, now is assistant pastor of a small church here. One musician who heard him play not long ago said:

"Father John hasn't lost his touch. He's greater than ever."

State Aid at Higher Figure

Claims for state aid based on October average daily attendance in Logan county schools total \$380,047, according to a report from Donald W. Splain, county superintendent of schools.

This figure almost doubles the total aid for schools of Logan County over the past school year, reports Splain.

State aid for schools in the county for the present school year is based on attendance as reported through the first two months of the school year. The first payments to the various school districts will be made early in February.

The doubling of the state aid figures is because of legislation enacted during a recent session of the state legislature which raises state aid for high school students from \$7 to \$32 and from \$22 to \$47 for elementary school students.

Kennedy in Three Tests Of Candidacy

OMAHA, Neb. (AP) — Sen. John F. Kennedy of Massachusetts has committed himself to three primary election tests but so far faces opposition in only one, Wisconsin.

Kennedy made a flying trip into the wintry Midwest Thursday to announce at Milwaukee his entrance into the Wisconsin primary, and at Omaha his candidacy in Nebraska's.

Delegates at Stake

In Wisconsin's April 5th primary, there are votes of 31 national convention delegates at stake. Kennedy said he was in a "hazardous" position in placing his name in the primary in a state next to Minnesota, the home state of Sen. Hubert H. Humphrey. Humphrey opposes him in the Wisconsin contest.

"But the Wisconsin primary will have a decisive effect—the winner will have an extremely strong position at the convention, and deservedly so," Kennedy said.

Kennedy said he would consider it a victory if he gained 51 per cent of the primary vote in Wisconsin. The vote, however, is not binding on delegates.

Entertains Hopes

The entry of Kennedy in Wisconsin was regarded as an indication Kennedy hopes to eliminate Humphrey as a presidential contender through that election and battle Sen. Lyndon B. Johnson of Texas at the convention for the nomination.

Kennedy said he looked upon Johnson as his most formidable opponent as of now, basing this on reports that Johnson, Senate floor leader of the Democrats, has control of a bit over 400 convention votes.

Police Slain By Mad Mob

DURBAN, South Africa — Nine policemen were herded into a native hut and beaten to death by an enraged African mob Sunday night.

Police reinforcements, rushed to the clash scene in suburban Cato Manor, managed to restore an uneasy peace. Armed patrols roamed the area.

First word of trouble came when a radio operator at Cator Manor police station received a message saying: "Oh God, they are stoning us. Come and help us."

A strong police detachment was rushed to the area as thousands of residents in the town barricaded themselves in their homes. At the scene they found nine police battered to death and one severely injured.

An unofficial account said police had gone into the suburb to investigate the murder of an African.

Probe Gulf For Wreck

NEW ORLEANS — The Navy today planned to probe the bottom of the Gulf of Mexico for wreckage of a National Airlines plane that carried 42 persons to their death two months ago.

Investigators hoped the wreckage might tell them whether a bomb explosion sent the DC-8 hurtling into the water Nov. 16.

They also sought to determine if a missing Tampa man was one of the 29 persons whose bodies have not yet been found.

The missing man, William A. Taylor, 69, was a friend of Robert Vernon Spears who was listed as a heavily insured passenger on the plane but turned up alive in Phoenix, Ariz., last week.

The FBI said the 65-year-old naturopath, who took out \$100,000 flight insurance in his own name, had blasting equipment in his luggage when he was arrested.

Taylor's divorced wife said she believed Spears may have hypnotized Taylor into taking his place on the doomed plane.

Two Navy vessels headed toward the tip of Louisiana to investigate an object, located by sound gear, under several hundred feet of water.

Ice Jam in Fox River

DAYTON, Ill. — Authorities watched today for any sudden break in a huge ice jam in the frozen Fox River that could send tons of water surging downstream toward the vulnerable flats of nearby Ottawa.

Thousands of tons of ice have piled up behind a concrete bridge at this LaSalle County community of 1,000. Backwaters as deep as 14 feet have inundated some low lying areas and forced about 35 families to evacuate their homes.

Deputy Sheriff Leo Maderau said that should the ice jam give way suddenly, the released waters could flood the low areas of Ottawa, an industrial city of 17,000 five miles downstream from Dayton.

County officials said the \$200,000 bridge, already pushed 36 inches off its foundation by the crust of ice, may be a complete loss. Other damage has not been determined.

Maderau said waters rose 2 1/2 feet yesterday on top of a 6 1/2 foot rise the day before.

Soldiers from the Wallace personnel and state and county police kept thousands of sightseers out of the flood area yesterday.

Checking Victim's Will

NEW ORLEANS — A district court today was to test the validity of a will left by Margaret Rosamond McMillan who was beaten to death weeks ago on a country lane in Baton Rouge.

Orland G. Bendana, N. Orleans lawyer who filed here Friday, said a press conference would be held today if the will was probated.

Dr. George H. Mickel, dean of the Louisiana State University graduate school, who is charged with murder in the McMillan slaying, is the will. He is to receive the third of what remains of the McMillan's estate.

McMillan's burial expenses were paid and a trust estate is to care for her mother, paid in a Georgia rest home.

Would Get Property If the victim's mother, Dorothy Ryan Gaudier, professed further, is to receive property in Wilmette, Ill.

The will, dated June 1977, names Harold W. Gaudier, Wilmette, Ill., lawyer as executor.

Ask Returns For Workers In Household

Housewives who hire household help by the day or by the week have until Feb. 1 to file the quarterly social security tax returns on wages paid to their employees during the last three months of 1959, H.J. Vasconcelles, district manager of the Springfield social security office, announces. Ordinarily, these quarterly returns would be due Jan. 31, but that date falls on a Sunday this year.

A return must be filed with the District Director of Internal Revenue for any household worker to whom an employer has paid cash wages of \$50 or more during the three months of October, November, and December. Wages of as little as \$4 a week paid to a worker each week during this 3-month period will have amounted to more than \$50, Vasconcelles pointed out.

He indicated that many household employees are still not being reported for social security by their employers, although their cash wages from each employer may amount to over \$50 in a three-month period. This is especially true of "day workers" who work for several employers during the week. Each employer who pays such a worker \$50 cash wages during the calendar quarter is required by law to file a return showing the name and social security number of the worker, the amount of her wages, and the social security taxes due.

Tax forms for reporting wages paid household employees must be obtained from the Director of Internal Revenue. The social security tax on wages paid in 1959 is 5 per cent, 2½ per cent to be deducted from the employee's wages, and a matching 2½ per cent to be contributed by the employer. The combined tax goes up to 6 per cent beginning with the first wages paid in 1960.

Stocks Higher

NEW YORK (AP) — A vigorous buying wave erased a stock market slump and left prices mixed early this afternoon. Overall trading was fairly active.

Gains and losses of fractions to about a point peppered the list of key stocks.

In the wake of Monday's sharp decline the market was steadier at the start, with prices uneven. Then the market sagged quietly to some fairly steep losses. Chemicals were shaken down pretty badly. Steels and motors declined.

Brokers said prices received technical support as buyers rushed in fast enough to put the ticker tape behind transactions for a spell of eleven minutes. As trading moderated, the list held its recovery.
