Humphrey-Kenn For Question

MILWAUKEE, Wis. (AP) — Rivals in the Wisconsin Democratic presidential primary re-established today at least a temporary truce on the touchy religious issue.

The man who injected it full scale into the campaign battle between Sens. Hubert H. Humphrey of Minnesota and John F. Kennedy of Massachusetts said:

"I intended to help Humphrey, but maybe I made a mistake and hurt him."

That was Charles P. Greene, a former Democratic state chairman speaking up. A small ad he had inserted in weekly newspapers across the state set off the biggest uproar of the campaign Thursday.

Opera Ballet Given Vote of 'Yes' Here

It's election time and "voters" Saturday night gave an unqualified "Yes" to Ruth Page's Chicago Opera Ballet performed for the Lincolnland Community Concert Assn. at L.H.S. auditorium in the final entertainment of the 1959-60 series.

The inspired troupe performed with taste, glamor and pageantry to enthusiastic applause. This Ballet has been hailed across the United States as well as abroad for its major innovations in the field of dance.

A varied and pleasing repertoire, gorgeous costumes, lavish scenery, sparkling music and striking lighting effects gave the program a top rating.

Performed Since 1450
Originated in Italy in 1450, the ballet is a form of theatrical entertainment. Dancers, solo and group, tell a story or express a mood or idea without the aid of words. This form of entertainment grew out of social dances and from Italy spread to France and Russia. Ballet appeared in America as early as in the 1800s. Tours by the great ballet companies of the world have kept this form of entertainment be-

fore the public.

The stars of ballet have to put in years of intensive training, starting at an early age. They are required to cultivate a knowledge of music, painting and sculpture. This intensive training's results were evident on the high school stage in grace, poise and charm of the dancers.

Saw Her on TV
Prima Ballerina Melissa Hayden was all that advanced billing said — she was ably supported by Kenneth Johnson, the male star; and the Corps de Ballet (supporting dancers). Whether it was a solo or corps dance, the performers held the undivided attention of Concert Assn. members. Many had seen the prima on television Friday night when she appeared on the Bell Telephone Hour program.

Orchestral effects, all agreed, were a major contribution. Neal Kayan, the director, has a fine sense of musical appreciation, fitting the notes to the every movement of the dancers and their off-changing moods of interpretation. Busiest individual in the house was not any of the dancers. It was the percussionist — who must have had every drummer's trap in the book at his fingertips. Those in the crowd found themselves watching him instead of the stage at times as the various orchestral effects were being portrayed.

"Extra" on Program
Opening the program was the appealing "Camille," based on Verdi's opera — "La Traviata." An extra was "Idylle," with the white, black and circus horse roles dancing with excellent interpretation and feeling.

Perhaps the best-liked part of the program was "The Merry Widow," because of its more familiar story and melodies. The intrigues of romance were prettily enacted and stirred more than one laugh.

The Ballet was not without its comedy. Between scenes and acts "characters" danced in front of the curtain, their costumes being as interesting as their movements. Enhancing the performance was the unusually brief time required for scenery changes.

Will Be Remembered
Dance movements from the Arabesque, through the entrechat, fouette, glissade, pirouette, rond de jambe and others, made the Chicago Opera Ballet a show long to be remembered.

Principals backing the pretty and lithe Miss Hayden and Johnson include Beronika Mikar, Patricia Klekovic, Orrin Kayan, Barbara Steele, Dolores Lipinski and Fred Strobel. Ballet mistress is Etta Buro.

Dr. D. M. Barringer, president-elect of the association, expressed gratitude to Robert Ryan, who has been president since Community Concerts was organized here.

Stock Market Trading Dull

NEW YORK (U) — The stock market resumed its desultory course in quiet trading early this afternoon. The market was irregular with a slightly lower tendency.

Gains and losses of most key stocks were fractional. Here and there was a move of a point or so either way. Selected chemicals and electronics made some progress. Steels, motors, rails, nonferrous metals, tobaccos and drugs were mixed. Oils edged off. The over-all background was cutbacks in steel production, reflecting order cancellations.

The approach of the April 15 income tax deadline was one factor mentioned as a brake on stock market commitments.

Spend Most on Kiddies for East

By JACK LEFLER
(AP Business News Writer)
NEW YORK — Most of the family's Easter spending is for the kids.

That's what an Associated Press survey of merchants in 17 major cities indicated today.

The days when the whole fam- ily turned out Easter morning with new duds from head to toe are gone, merchants said. Fam- ilies now tend to buy their cloth- ing throughout the year as the need arises.

"There was a time when East- er was a dress-up must for everybody but that is not true now," said James O'Brien, vice president of Carson Pirie Scott & Co. of Chicago. "The idea now is 'dress up the kids.'"

"Women and children are get- ting the most from the Easter Spending dollar," said a Colum-

bus, Ohio, store executive. Merchants in most cities that buying is picking up a slow start because of the weather. Many expect to or surpass the record volu- me of the 1959 Easter season.

The later Easter is a big in their optimistic outlook. In other areas, storek- eeps said the prolonged period of and snow has taken a p- ment toll and sales won't back to 1959 levels.

L.H.S. A Cappella Choir Giving 'Pinafore' Here Monday Evening

The a cappella choir, a selected group of singers from Lincoln Community High School, will present the Gilbert and Sullivan comic operetta H.M.S. Pinafore Monday at 8 p.m. David L. Waller will direct and Rita Eckert will accompany.

Featured in the leading roles are: Joseph Webb as the Rt. Hon. Sir Joseph Porter, K. C. B. (Knight Commander of the Bath), First Lord of the Admiralty; J. David Webb portraying the commanding officer of His Majesty's Ship "Pinafore," Captain Corcoran; Captain Corcoran's winsome daughter, Josephine, played by Pat Kerrigan; Bob Beker is Josephine's "one-and-only" Ralph Rackstraw; Little Buttercup, a Portsmouth bump-boom woman is depicted by Carolyn Yeates; and the villainous character of Dick Deadeye is characterized by Eugene Gehlbach. Rounding out the dramatic personae are Judith Sablotny as Sir Joseph's Cousin Hebe, Larry Peek as the boatswain's mate, Steve Schreiber as the carpenter's mate, and the remaining a cappella choir members as the proud sailors of the "Pinafore" and Sir Joseph's admiring crowd of sisters and cousins

and aunts who attend wherever he goes.

The scene is the quarter of the H.M.S. "Pinafore" is anchored off Portsmouth land; the time is the turn of century.

Involved in the plot are age-old problems of British love and social status. Josephine love with the common Ralph and Little Buttercup fatuated by the Captain.

However due to the dis of their ranks neither the tain nor Josephine is able to reciprocate their natural inclinations toward Ralph and Little Buttercup. The captain has dogmatically matched Josephine a Joseph Porter, who is of the aristocratic class even above the commoners. The unraveling of this confusing situation spiced with warnings of the despicable Deadeye, the deepdark sea Little Buttercup, and the jorm plaints of Ralph and Josephine "will provide a most enjoyable evening's entertainment for all in attendance."

Tickets may be purchased at any a cappella choir member at the door. There will be no reserved seats.

Stocks Show Gains, Losses

NEW YORK (AP) — The market moved irregularly with moderately active trading this afternoon. Gains and losses of fractions to a point were the general rule for most issues.

The market was mixed at the start and maintained that pattern except for some weakness among chemical blue chips and selected issues as the day wore on.

The desultory action was as anticipated in view of last week's market rise, the end of 1960. There was nothing new to stimulate the market in either direction. The makers, U.S. Steel and Bethlehem, traded about unchanged. High quality chemicals were mostly soft.

Eastman Kodak dropped a couple of points and Union Pacific lost more than a point. The market was up about a point.

The market was weak to mostly steady for butchers; mixed grade beef mixed 1-3 190-240 lb. 16.00-16.35; 1s and mixed

EGG PROOF

For you people who don't believe in the Easter bunny, Mrs. Walter Fulscher of rural New Holland has proof to dispel all doubts.

Mrs. Fulscher visited the Courier Saturday morning with an egg colored bright yellow. Now who else but the Easter bunny could do that.

A more logical explanation was given by Mrs. Fulscher though. She said possibly the egg may have been broken inside the hen, with the yolk giving it the yellow color. It is a perfectly shaped egg.

Mrs. Fulscher isn't sure what she will do with it, although she believes she may keep it as a 1960 Easter memento.

Movement of Corn Slight During Week

CHICAGO — With Good Friday observed as a holiday by grain exchanges all over the world, the current week on the Chicago Board of Trade was an abbreviated one. Net changes, compared with the closings of last Friday were as follows: wheat, 1 1/2 cents off on May and 1/2 cents lower to 1/2 cents up on new crop months; corn, 1/2 cents down to 1/2 cents higher; oats, 1/2 cents lower to 1/2 cents up; rye, 1/2-to-1 1/2 cents higher and soybeans, from 1/2-to-1 1/2 cents lower.

The main feature in wheat was the easing off of the old crop May delivery — down slightly more than 4 cents per bushel established the closing day last week. On the other hand, new crop wheat futures milled about in an indecisive manner. Some drying-up in export buying, incidental to the world-wide Easter holidays, was noted by the market. The April 1st official crop estimate, which came out Monday showing an increase of about 26,000,000 bushels over last year in prospect for the eight state group largely devoted to production of soft red winter wheat, also appeared to have some market impact.

Would Be Fifth

The second official estimate on the growing winter wheat crop calls for a production figure of 977,000,000 bushels which if harvested, will be the fifth largest

Easter + The Angel at the Sepulchre

GUSTAVE DORE (1833-1)

"In the end of the sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre.

"And, behold, there was a great earthquake: for the angel of the Lord descended from Heaven, and came and rolled back the stone from the door, and sat upon it.

"His countenance was like lightning, and his raiment white as snow: And for fear of him the keepers did shake and became as dead men.

"And the angel answered and said unto the women, Fear not, for I know that ye seek Jesus, who is risen from the dead, as he said before. He is not here, but is risen: come, see the place where he lay."

School Rumpus About Paddling Ends in South

HAHIRA, Ga. (AP) — Teachers and pupils went back to classes at Hahira High School today, a paddling controversy settled, and calm restored in this south Georgia farming center.

The return of the 600 pupils, the principal and 32 teachers was in striking contrast to Tuesday's furor over the paddling last week of Earl Cornelius, 14.

Chant for Return

The entire faculty resigned, more than 150 pupils staged a demonstration in front of the building chanting, "We want our teachers back" and parents talked about organizing a motorcade to the Lowndes County seat, Valdosta.

The school was closed and the five-man county board of education hurried over from Valdosta, 12 miles away, to hold an emergency meeting.

The board and the teachers solved the problem with the help of school bus driver Elmer Cornelius and his wife, parents of the youth who was paddled.

County School Supt. Clyde W. Meacham and Principal A. B. Martin said in a joint statement that the situation had been resolved satisfactorily.

Support Pledged

The board assured Martin and the teachers of support in maintaining school discipline. The principal and teachers withdrew their resignations.

"We regret the situation going as far as it did," Meacham said.

The settlement was reached after Mr. and Mrs. Cornelius agreed to withdraw warrants alleging the principal and Mrs. Dwight Maples, a teacher, paddled Earl too severely a week ago.

Symington Quietly Building Good Wi

By JACK BELL

WASHINGTON (AP) — Sen. Stuart Symington (D-Mo) is quietly building up a reservoir of good will he is confident will give him widespread support for the Democratic presidential nomination.

With a little less than three months to go before the Democratic convention in Los Angeles, Symington's friends think they have the roots of his candidacy planted deeply in at least 23 states.

On the surface, Symington can claim the solid backing of Missouri's 39-vote delegation and only scattered support elsewhere.

To Trail Rivals

On the first presidential ballot he is likely to lag far behind Sen. John F. Kennedy (D-Mass) and Senate Democratic Leader Lyndon B. Johnson of Texas. He could have even fewer votes than Sen. Hubert H. Humphrey (D-Minn).

This situation seems to disturb Symington not at all. Nor does he seem worried that Kennedy might breeze away with the nomination if the Massachusetts senator wins the May 10 West Virginia primary.

Symington obviously will be content to let Kennedy and Johnson butt heads while he himself tries on succeeding ballots to cash in on some of the secondary support he has built up in months

he contingent on several convention developments. Among other things, Kennedy will have to make the grade on the first second ballot.

In the scramble for Kennedy delegates, Symington would like to move fast against the possibility that Kennedy might be swinging them toward Adlai Stevenson or Johnson.

Futures on Dead Center

CHICAGO (U) — The grain futures market generally was stalled on dead center most of the time this week but some contracts ran fairly consistently toward strength and some toward weakness.

May wheat had the best support and accumulated a succession of small gains which totaled three cents by the end of the week. At the same time, soybeans were under pressure for their third straight week and fell back another cent or more on the old crop contracts.

Twice during the week May wheat climbed to within a fraction of its high for the season and both times bumped into profit taking at that level. May soybeans were at the brink of the season low on two days and seemed certain to break through but rallied slightly on scattered short covering.

At the end of the week, May wheat was one-half cent under the peak, May soybeans about a cent from the low.

Dooley Has Hand In Award Giving

Dr. Raymond Dooley, president of Lincoln College; and Dr. Lloyd Berthoff, President of Illinois Wesleyan University, were in Streator Friday to present a plaque of recognition from the Associated Colleges of Illinois to J. L. Read of Read Food Sales. The award was for Read's five-year record of contribution to the Associated Colleges of Illinois, a group of 24 independent, private, liberal arts colleges, enrolling 20,000 students. The five-year recognition award by the Associated Colleges is the first one to be presented in Streator.

In making the award President Dooley said that Read and his company along with over 400 other Illinois corporations, "is helping to forward the cause of higher education in bringing faculty salaries to competitive levels and by helping independent colleges prepare for their share of the coming 'tidal wave' of college students."

Shootings Mark Race Differences

BILLOXI, Miss. (AP) - Racial
violence over attempts by Ne-
groes to swim at segregated
beaches Sunday resulted in gun-
fire that wounded 10 persons.
Four others were injured in
beachfront fighting.

The first injured were four Ne-
groes who were swimming in the
Gulf of Mexico off the all-white
beach in this resort city of 45,000.
By midnight both whites and Ne-
groes had been wounded in scat-
tered clashes.

Police on Patrol
Police patrolled the city today.
Mississippi's worst race riot
erupted suddenly on this 29-mile
man-made beach under a warm sun
on a lazy Sunday afternoon.
Three bloody chapters followed in
confused sequence.

First, about 50 Negro men,
women and children gathered
across the highway from a white
hotel on the sand. Some stepped
into the Gulf of Mexico, the sig-
nal for a group of whites to show
up. Fighting broke out. Whites
chased Negroes off the beach.
Gather at Hotel

Next, four Negro men and
about 25 women and children
gathered on the beach in front of
the New Biloxi Hotel about a
mile away from the first fight.
A white group broke up the crowd
when some of the Negroes stepped
into the Gulf.

There was no official version of
the fighting, but the four Negroes
injured in this melee said their
attackers hit them with chains,
blackjacks and sticks.

Still later, a huge crowd of Ne-
groes massed in front of the home
of Dr. Gilbert Mason, Negro
physician. Onlookers variously
estimated the crowd at 400 and
500. Dr. Mason tried to break the
beach color barrier by swimming
in the Gulf last week. Police ar-
rested Dr. Mason again Sunday.
The charge was fighting and dis-
rupting traffic.

Before the sun went down, a
crowd of Negroes estimated by
Mayor Laz Quave at 300 to 400
roamed up and down Biloxi
streets.

Gun violence broke out at
nightfall. Bullets and shotgun
pellets wounded eight Negroes
and two whites.

Stocks Take Drop Monday

NEW YORK (AP) - The stock
market declined sharply in moder-
ately active trading early this
afternoon. Losses of key stocks
went from fractions to more than
a point.
Steels, motors, rails, utilities,
electronics and electrical equip-
ment issues were prominent in
the decline.
The market was generally lower
at the start in slow trading. As
prices weakened, selling accel-
erated and volume increased.
Brokers said weekend news
was not encouraging. Hand-
mouth buying of steel, a squeeze
on profit margins and the disap-
pointing nature of many first
quarter earnings dampened senti-
ment.

The rise of the consumer price
index to a record in March and
an advance in the price of copper
futures were items on the bul-
lish side.
