The evening show in the park Monday night featured the Little Wranglers, a youthful group of square dancers, and they were a tremendous hit. A public dance followed the performance, which was highlighted by the crowning of queen and princess.

Eloyd Kiesling, a prominent member of the Taylor-Eckhardt Legion post, delivered the Americanism address at 4 o'clock.

Culmination of the three-day festivities came late Tuesday night with the fireworks exhibition at the high school athletic field.

aerial bombs had been pilfered from the stockpile of material to be shot off Tuesday evening at the track.

Former Chief Watson implored the youngsters to turn the bombs over to either the Lincoln fire chief or the police chief ... without fail! He said that any effort or attempt by these in-experts to shoot the deadly missiles could well result in permanent maiming or even death.

Watson says he has no idea how the apparent youngsters got hold of the fireworks ... he was maintaining a round the clock vigil over the supplies; but they have disappeared and authorities have reason to believe they were stolen because a single bomb was found near the entrance to the track Wednesday.

Aerial bombs of the type that were stolen here need a sturdy mortar to be fired from; even a mortar explosion at the Lincoln track Tuesday evening during the exhibit, could have proved disastrous. Former Chief Watson warned that feet could be readily destroyed or torsos torn to bits by any effort to shoot off these aerial bombs without proper experience or training ... or equipment.

Lincolnites will recall that Former Chief Watson had a colorful career on the city fire department. He joined the department back in 1903 as a volunteer; saw it become a paid department in 1912 and then worked up through the ranks until he retired as chief in 1947.

Since his retirement, Chief Watson has been licensed by the state to supervise fireworks exhibitions hereabouts and has always been in charge of the displays at the local track on the Fourth.

His admonition to the persons who stole the aerial bombs Tuesday evening: "Return them by all means and save yourselves, your lives, quite possibly!"

Are Joint Chiefs Being Eliminated at Top Level?

WASHINGTON (AP) — Omission of the Joint Chiefs of staff from a conference today on the Berlin and German problems raises anew the question of whether they are being pushed into second place as President Kennedy's military advisors.

Kennedy arranged to confer at his Cape Cod home with Secretary of Defense Robert S. McNamara, Secretary of State Dean Rusk and Gen. Maxwell Taylor, recently named Kennedy's personal military representative.

Normally, it might be expected that the military chiefs, or at least Gen. Lyman L. Lemnitzer, their chairman, would be included in such a high level conference.

However, the White House view was understood to be that this is just one of a series of meetings on the Berlin crisis, that such meetings do not always include representatives of the JCS. **LEMNITZER OUTSPOKEN**

Sources familiar with Lemnitzer's thinking disputed a suggestion that omission of the military chiefs or Lemnitzer means they are being brushed aside in favor of Taylor, an outspoken critic of the JCS system.

These sources said the Presi-

dent is aware of the joint chiefs' views on possible military measures in the Berlin situation. They noted that Lemnitzer sat it on the recent National Security council meeting at which possible steps for dealing with the renewed Soviet threat were discussed.

Outbreaks Mar Peace

CIUDAD TRUJILLO, Dominican Republic (AP) — Fighting broke out Friday night as Trujillo supporters struck back at leftists who staged the first anti-government demonstration in the Dominican Republic in 31 years.

Followers of slain dictator Generalissimo Rafael L. Trujillo invaded the headquarters of the opposition Dominican Popular movement, wrecked the furniture and set the building afire.

The clashes erupted in the center of the capital.

The outbreaks occurred during the first day of open opposition political activity permitted by the successors of the dictator.

President Joaquin Balaguer had pledged more freedom and political reforms after Trujillo's assassination May 30. **BURN RADIO STATION**

The Trujillo backers, carrying a huge picture of the dictator, marched on DPM headquarters a few hours after a mob attacked and burned the pro-government Radio Caribe.

DPM members armed with guns rushed out against the invaders and destroyed the picture. Police and firemen rushed to the scene.

Police called the attack a "little reprisal" for the anti-Trujillo demonstrations.

The fresh outbreak came after an estimated 8,000 students, workers and women armed with lighted candles rushed from a political rally at Colon park and attacked Radio Caribe.

POLICE MOVE MOB
Police fired into the mob of stone-hurling invaders and drove them off, but the radio station, set aflame with gasoline, burned down.

At least six persons were wounded and some 20 arrested. For three hours before starting their rampage, the demonstrators listened to speeches at the rally.

EMPHASIS IS WRONG

ROCHESTER, N. Y. — Music man Mitch Miller, alumni-elected trustee of alma mater, the University of Rochester, is concerned about the attitude of some students today.

"Perhaps depression is at fault for taking the dive from kids, for overprotecting them and showering them with material things we never had in a talk at the university."

He wondered whether too many college students weren't along just for the ride, on the fun, glamour and status. He pointed out that too often the serious is looked upon as an overstatement whereas the dilettante shows the one considered out of

More Accolades For MacArthur In Philippines

LOILO CITY, the Philippines — General of the Army Douglas MacArthur, traveling this time in style, today returned to Panay Island in his tour of battle-grounds in the Philippines he made famous in World War II.

He was accorded a 19-gun salute as he stepped ashore from the presidential yacht, Lapu Lapu and cheered by thousands during his five-hour stay.

It was the last scheduled stop on his journey through the young Southeast Asian republic that reveres him as its liberator from the Japanese.

Air Force Grabs Fourth Capsule In Wide Blue

HICKAM AIR FORCE BASE, Hawaii — Air Force fliers who plucked another Discoverer nose cone from the sky on its return from space hoped today that the next aerial recovery "gives us something that wiggles."

Airmen at this mid-Pacific base said they were confident they could retrieve any capsule that could be brought back into the earth's atmosphere.

"But next time," said one, "please, let's have something alive in there. Those instruments are getting routine."

Discoverer XXVI's instrument-jammed nose cone was snagged in the air by a C119 recovery plane Sunday as the space packet parachuted 270 miles northwest of Hawaii. The twin-engine plane, one of eight circling over the impact area made the catch on its first pass with its trailing trapeze-like hooks. The recovery came just 29 minutes after the capsule was kicked loose from space over Kodiak, Alaska.

IS FOURTH GRAB

It was the fourth aerial grab of a Discoverer cone. Two others were fished from the sea.

The gold-plated capsule, sealed in a gray canister, was flown to Sunnyvale, Calif., Sunday night for examination by space scientists. It had circled the globe 32 times on a polar orbit since its launching Friday from Vandenberg Air Force Base, Calif.

Dies this morning — Claire W. Smith
Prominent Logan Countian

Logan county's head and heart is bowed today... Claire W. Smith, one of its prominent Republican civil servants is gone. He died at 8:15 Monday at the Abraham Lincoln Memorial hospital where he had been a patient for the past five weeks.

Five weeks ago Smith was admitted to the hospital suffering from pneumonia which must have fatally aggravated his heart condition. He was almost 49 years old and had been a devoted Logan county official for many years, working both in the sheriff's office and the treasurer's office, besides holding down a number of other responsible positions in the community.

His funeral services will be conducted Wednesday afternoon from the Holland and Barry chapel with the Rev. Arthur E. Neltzel officiating and burial will be in the Green Hill cemetery at San Jose. Friends may call at the funeral home Tuesday afternoon and evening.

Born at Natrona, near San Jose, in 1912, Claire Smith was the son of William and Lois Stone Smith. He would have been 49 years of age on his birthday, Sept. 17.

He was married to Hazel Koester in New Holland on June 4, 1938, and she survives, along with his mother, Mrs. Lois Smith, San Jose; a daughter, Mrs. Sandra Jean Mills, Moline; two sisters, Georgina of Joliet and Mrs. Helen Bucher, Lockport; a brother, John, San Jose and two grandchildren, Douglas Edward and Lisa Anna Mills, both of Moline.

ACTIVE REPUBLICAN

An active Republican leader in the county, Smith was a deputy sheriff from 1940 to 1942; he was chief deputy from 1946 to 1950; and was elected sheriff that same year, 1950, serving until '54.

He served in the county treasurer's office from 1942 to 1946 and in 1958 became the chief deputy clerk in that office; the job he held upon his death.

Besides serving the county faithfully, Smith also held responsible jobs with the Federal Housing authority here when the Centennial courts were built and was an accountant with the Spellman Lumber company.

He was an active member of his church, the Zion Lutheran church here in Lincoln, and a member of the Kiwanis club.

Sheriff Joseph Scanlon, Logan county's present sheriff summed up the county's loss this morning in these words: "Claire's passing is a severe blow to the entire county; he will be sadly missed at all echelons of local government — he was truly a loyal, diligent civil servant and will be mighty hard to replace."

Blustery Reds Flex Air Muscles; 50,000 Awed by New Air Force Innovations

MOSCOW — The Soviet Union showed off its air might Sunday in a dazzling display that struck Western diplomats as a gesture designed to strengthen Kremlin demands on Berlin.

Premier Khrushchev and Cosmonaut Yuri Gagarin watched side by side along with a crowd of 50,000 while the Soviet Air Force paraded a spectacular array of new craft at Moscow's Tushino airfield.

Western experts watching the

show — first the Soviets have staged since 1958 — said the United States has nothing to match several of the entries.

The most spectacular attraction shown publicly for the first time was a delta wing bomber the announcer said had a speed several times that of sound. The plane looked bigger than the eight-engine U.S. B52 and had four jets.

SUPERSONIC BOMBERS

Western air attaches showed keen interest in a flypast of 10 heavy supersonic bombers which also made their first public appearance. This new model's two engines were mounted on the rear atop the long, slender fuselage. It had high swept wings and was comparable in size to the U.S. B58, whose publicly admitted speed is 1,500 miles per hour.

T.A. Scully Succumbs In Chicago Wednesday

Another volume in the fabulous history of the Scully fortunes in Illinois, Missouri, Kansas and Nebraska was completed at 2 o'clock Wednesday afternoon in Chicago when the death of Thomas Augustus Scully occurred in the Presbyterian-St. Luke's hospital.

Mr. Scully, who would have been 83 on his next birthday, September 16, died after an illness of about a year. He had been a patient at the hospital in Chicago the past three weeks and about a month before that was confined to the Abraham Lincoln Memorial hospital here.

At his bedside at the time of his death were his wife, Mrs. Violet Mary (Simpson) Scully and his two sons, Michael J., Buffalo, Ill., and Peter D., Dwight, Ill., who survive, along with a sister, Mrs. E.A. Perry, London, England, and eight grandchildren.

A brother, Frederick, preceded T.A. in death, and he is buried here in Lincoln. Two nephews, Robin and William, sons of the deceased Frederick, reside in Nebraska now and look after that segment of the vast Scully empire, there and in Kansas.

THE SCULLY LEGEND

The story of the Scully land empire and its vast fortunes . . . for there were no evident misfortunes in this epic . . . is one of farsighted men who's attachment to land almost approached fanatical religious belief. And their saga would not be quite complete if digression in favor of the fervor and enthusiasm these proud Scullys abounded in regarding this land empire that hardly knew any bounds in the Midwest.

Meticulous care and high regard for the soil that would one day bring them untold wealth, were the key factors in the growth and welfare of these lush and fertile lands and like father, and son, and now grandsons . . . and great-grandsons and great-grand-grandsons into the vast beyond, keeping that vital faith

with the land was pure and simple dogma.

It was an integral part of the heritage that one Scully bequeaths another, from time immemorial to time immemorial.

And these Scullys, generation after generation, guard it zealously: as undoubtedly, will future generations guard it with a reverence and adoration that was carefully learned at the knees of fathers before them.

SON OF FOUNDER

T.A. Scully, Esq., who died Wednesday in Chicago, was a son of the original Scully who

founded this vast land empire in the Midwest. He inherited, to be sure, his vast holdings from his father and mother, but, he nourished them carefully and was meticulous in his care of this sacred trust.

Scully's go back to Ireland some 350 years ago. It was from County Tipperary in 1850 that William Scully escaped the approaching land reforms there, and with 10,000 pounds of borrowed wealth, headed for the fertile shores of America.

(Continued on Page Three)

Burial in Union Cemetery

Rites Set Friday at 11 A.M.

Funeral services for Thomas A. Scully will be in Lincoln Friday morning at 11 o'clock.

Final tribute will be paid the deceased in the Trinity Episcopal church and the Rev. William E. Berger will officiate.

The Holland and Barry Funeral home is in charge of the arrangements.

Lincoln Nets \$9,167 Gas Tax

SPRINGFIELD, Ill. — Illinois Municipalities were allotted their shares of the motor fuel taxes paid into the State Treasury during June and the amount was \$4,515,934, according to the Illinois Department of Finance.

The city of Lincoln netted \$9,167 while amounts paid to other municipalities in the area were considerably larger. Decatur received \$42,340; Peoria, \$35,995; Bloomington, \$19,687; and Springfield, \$45,198.

Re-Appportionment

GOP, Demos Seek Impasse Settlement

WASHINGTON, D.C. — Both Democratic and Republican members of the Illinois Congressional delegation have agreed on one point regarding redistricting — there probably will be a compromise.

But both parties made it clear they are not afraid of a statewide race for House seats in 1962. And they agree remapping the districts is the state legislature's problem.

"We feel there will be a reapportionment. The people of both parties expect it, but we are not going to let the Democratic gerrymander us," said Rep. Edward J. Derwinski, Chicago Republican.

Rep. Thomas J. O'Brien of Chicago, dean of the Illinois Democratic delegation, said he also felt remapping Congressional Districts could be worked out.

NO FEAR EVIDENT

Neither Democratic nor Republicans expressed any fear of the outcome of an at-large scramble for the state's 24 Congressional seats.

"We have no fear of any statewide race. We know we'd win it," said Rep. Sidney R. Yates, Chicago Democrat.

"The people will speak on this failure to redistrict when they go to the polls. They do not want to be represented by political machine puppets," said Rep. L. C. Arends, Melvin Republican.

Arends said an at-large election would be "wholesale confusion."

Sees No Chance For Agreement on Re-Districting

CHICAGO, Ill. — State Sen. John A. Graham (R-Barrington) said Wednesday he sees nothing to indicate any agreement is near on the Illinois reapportionment impasse.

He said a special session of the Legislature would be a "waste of taxpayers' money" unless Republicans and Democrats agree in advance on how to reduce the state's seats in the U.S. House of Representatives from 25 to 24.

Graham said Democratic members of the General Assembly are under increasing pressure to put forward an acceptable compromise. He said, "I think the pressure will be increasingly difficult for them to withstand."

Quits as Race Chief

SPRINGFIELD, Ill. — Gov. Otto Kerner announced Thursday that Attilio J. Monaco of Elmhurst has submitted his resignation as chairman of the Illinois Harness Racing commission and it has been accepted.

Kerner said he thought that Monaco, recently appointed to the job had been subjected to "unfair newspaper stories" dealing with a purported investigation of book-making operations at the tracks.

The governor said Monaco told him he wanted to resign because he didn't believe he could serve effectively, in view of the newspaper articles.

Pillsbury Down In Springfield

SPRINGFIELD, Ill. — Pillsbury Mills Co. suspended operations at midnight Wednesday when its contract with the American Federation of Millers expired.

A company spokesman said a Federal mediator was set to arrive Thursday in an effort to help resolve the dispute which involves about 800 workers.

Pay Hikes in Balance

Illini Mur Raises for

SPRINGFIELD, Ill. — Otto Kerner has declined to put himself on whether sign or veto legislation for increases in minimum wages for policemen and firemen.

Kerner also refused to veto a downstate election Wednesday which would sign several other important bills involving municipalities, said A.L. Gent, executive director of the Illinois Municipal League. The delegation urged the governor to veto a bill which would require the publication of detailed financial statements and asked him to veto a law removing requirements that downstate cities with commissioners conduct registration of voters this year. "I'm satisfied the governor has a lot of interest in the localities of cities and village government."

Prior to the meeting, Sen. Robert Day of Peoria Benjamin F. Schleich Rockford told newsmen cities could not afford increases for police and firemen.

The legislation would increase wages for the two professions.

Local Raises Near \$1,500

LINCOLN (SPECIAL) — There was little feeling, one the other on the police and firemen's minimum salary increase here Thursday morning when local officials were contacted by Courier reporters.

In the absence of Mayor Spellman who began his vacation today, City Clerk Lionel E. thought that any hikes would guarantee local police and firemen, would be mighty come by, as far as Lincoln financial situation was concerned.

Currently the city is facing either curtailing some services or raising additional revenue. These budget matters are fronting the council now. Another estimated \$1,000 a month to the budget would be used to the situation agreed. He also said by increasing patrolmen's base pay it ultimately mean increased superior officers up the line. This was not reflected in the bill that is up for Governor Kerner's signature now.

Tragedy Averted Aboard DC-7 at Los Angeles

LOS ANGELES, Calif. — A United Air Lines DC-7 carrying 85 passengers and a crew of five made a routine landing at International Airport Wednesday night despite a disabled nose wheel.

Capt. Robert Langdon, the pilot, said a fire blew out as the four-engine plane took off from Denver after earlier stops at Milwaukee and Cleveland. The flight, UAL's 119, originated in New York.

Except for a shower of sparks as the nose wheel's steel rim slashed along the concrete runway, the landing was no different from most.

T.A. Scully Is Dead

Born in 1821, William Scully purchased his first land from the United States government in 1851 for \$1.25 an acre. He personally inspected land from the back of his horse, in Pennsylvania, Ohio, Indiana, Wisconsin, Illinois, Nebraska and Missouri.

The sturdy and fearless pioneer selected Logan county as his United States home and it was here that some of his eccentricities and land policies were formulated, to the ultimate success and vast wealth of his sons and heirs, and their heirs.

OWNER UNDER SINGLE

The great holdings of the original Scully will probably never again come under a single owner.

But one time these vast parcels of land embraced a quarter of a million acres. True, even today there are larger land holdings in the United States, the King holdings in Texas and the southwest for example, but never, so there been, such fertile and expensive land held by one man, nor as valuable.

At the death of the original William Scully, Irish land baron who found his dream here on midwestern prairies, on October 17, 1906, the total acreage included 60,000 acres in Nebraska; 50,000 acres in Kansas; 40,000 acres in Missouri; as well as 45,000 acres in Illinois, 12,000 acres in Indiana, 10,000 acres in Ohio, 10,000 in Sangamon county and the balance in Logan, Livingston and Tazewell counties.

This all became Thomas and Fred Scully's and their father's death, and in 1918 via their mother.

Today, he in turn, is bequeathing a similar heritage to his sons, although he already has turned over vast holdings to them, and to their sons.

Thomas Scully was born in London, England in 1878 and attended Harrow school with Sir Winston Churchill. He also graduated from the Royal Agricultural academy in England and then upon coming to the United States, read law in Washington D.C. before coming west.

He was naturalized in 1906... like his father before him, although the original Scully remained a British subject until he was past 80 years.

MARRIED IN 1914

T.A. courted and married Violet Mary Simpson in France in 1914. Mrs. Scully was also a British subject, having been born in London. The couple, to this day, still have a residence in Cannes, France and it was there that Mr. Scully was stricken with Parkinson's disease about a year ago.

Of the Scully-Simpson union were born two sons, Michael J. and Peter D. Currently there are eight grandchildren... five boys and three girls.

He pointed out that the company had agreed to make retroactive to July 16, any wage increases which might result from successful negotiations.

Manning further added that Cutler-Hammer "is always willing to meet with the Federal mediator, if requested, as soon as a mutually agreeable date can be arranged." He stated that the strike had been called without giving such a mediator a chance to attend any of the negotiating meetings in which such intervention might have helped the parties arrive at an agreement.

Chuck McKinley, Dennis Ralston In Semi-finals

ST. LOUIS (AP) — If Chuck McKinley and Dennis Ralston clinch the American zone Davis Cup semifinal for the United States today, it will help vindicate Capt. David Freed's judgment.

The American duo meets Eduardo Zuleta and Miguel Olvera of Ecuador. With the Yanks leading 2-0, it could be the clincher in the best-of-five competition.

Bernard Tut Bartzen and McKinley swept the United States into a commanding lead Friday when Bartzen swamped Zuleta 6-0, 6-1, 6-1, and McKinley downed Olvera 6-4, 1-6, 6-4, 6-2.

Ralston, 19, Bakerfield, Calif., won the Wimbledon doubles crown a year ago with Rafael Osuna, and McKinley and Earl Buchholz Jr. are the top-ranked U. S. doubles pair. Buchholz has turned pro.

"I've had some pressure to use Ramsey Earnhart and Marty Riessen as a doubles pair," Freed said, "but I think Chuck and Dennis can do the job for us."

Earnhart of Ventura, Calif., and Riessen, of Hinsdale, Ill., are ranked second nationally in doubles.

Congress Continues Do Nothing

WASHINGTON (AP) — Another week of marking time, with major legislation still on the sidelines, appears in prospect for Congress.

This should be the next-to-the-last week of the session under the 1946 Congressional Reorganization Act which set July 31 as the target date for final adjournment each year.

The provision has no enforcement mechanism, however. And Congress has adjourned by July 31 only twice in the past 15 years — in 1952 and 1956 when members had to leave for the national political conventions.

TALK ON LABOR DAY

This year some leaders continue to talk of a Labor Day windup.

But many senators and House members privately are saying Sept. 15 or later.

The House today plans to take up a bill to provide Secret Service protection for vice presidents-elect and retiring presidents.

Later in the week it has scheduled debate on President Kennedy's plans to reorganize the National Labor Relations Board, the Federal Home Loan Bank Board and federal maritime agencies.

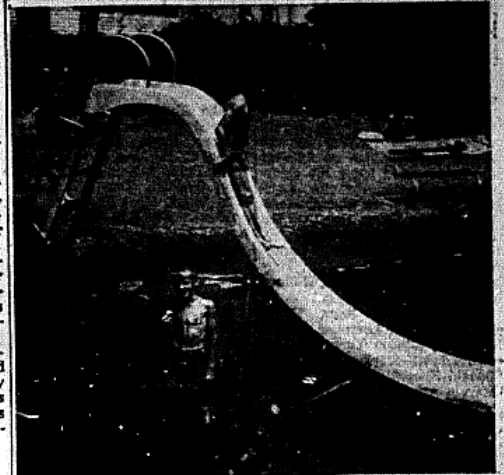

AGENDA FOR SENATE
The Senate plans to consider the atomic energy authorization bill and possibly a \$700-million oceanographic research measure. Three major pieces of legislation are in the Senate wings but only one is a possibility for floor action late this week.

These are the omnibus farm bill, the National Defense Education Act extender and the \$4.8-billion foreign aid bill.

Personal property is valued at \$3,000,000 and real estate at \$3,000,000. Violet Mary Scully, Michael John Scully and Peter Dennis Scully, sons are named executors. Hearing on the will was set for Aug. 8.

The estate includes farm lands in Logan, Grundy and Sangamon counties with holdings also in Nebraska, Missouri, Kansas, Louisiana and the French Republic, and was the largest ever filed for probate in Logan county.

The will is 14 pages long and written May 14, 1959, with an appendix drawn Jan. 4, last year, that left Mrs. Violet Mary Scully, Lincoln, property in France known as las Bastide de la Roquette located near Cannes. She is also recipient of his personal effects and the Scully office building at S. Kickapoo and Decatur streets.

Wall Street Stocks Sag

NEW YORK (U) — The stock market sagged moderately early this afternoon as trading slowed. The Associated Press average of 60 stocks at noon declined .70 to 241.10 with industrials off 1.20, rails off .70 and utilities unchanged.

Losses of key stocks were mostly fractional, some going to a point or so.

Coppers, rails, steels, tobaccos, oils and drugs were among the losers. Other groups were spotty.

The decline put the Dow Jones industrial average at noon at 678.35, off .95.

A drop of about 2 points by DuPont and a loss of more than a point by Westinghouse Electric dampened the averages.

Some of the aircraft-missile stocks resisted the downtrend. Martin Co. advanced a point to 34½ on 1,800 shares.

mercials cows 14.00-16.50; canners 12.00-14.00; utility and commercial bulls 17.50-21.00.

Rotary Aims Outlined for Club Here

Rotary clubs in 123 countries are united in these difficult times of international tensions in an endeavor to promote understanding, good will and peace throughout the world. That was the message L. Paul Harris of Mattson, governor of district 648 of Rotary International, brought to the Rotarians of Lincoln, Wednesday, following a conference with local club officials at Hotel Lincoln.

In addition to the activities of more than 11,000 Rotary clubs within their own communities, to promote this objective, Harris explained, Rotary International has awarded grants of more than \$3,750,000 in the past 14 years through its program of student fellowships, which enable our study for one year in countries other than their own, as Rotary ambassadors of good will.

Since 1947, when this program was established, 1,454 Rotary Foundation Fellowships have been awarded to students in 70 countries for study in 50 countries, with grants averaging \$2,600. The latest Rotary Fellow from district 648 is Lee B. McTurman of Bloomington, who has just completed a year of study at Lincoln College in Oxford, England.

"With fellowship and service to others as its keynote, Rotary provides a common ground for \$69,000 business and professional executives throughout the world, regardless of differing nationalities or customs or languages or political and religious beliefs," the Rotary district governor emphasized.

"In addition to the promotion of international understanding," Harris continued, "special emphasis is being placed by Rotary clubs in this district, which includes 43 Rotary clubs in East Central Illinois) on outstanding community-betterment and vocational service undertakings within the district."

Harris urged all local Rotarians to attend the Rotary District conference in Lincoln in April, 1962, and to make plans for the club to be represented at the 51st annual convention of Rotary International, in Los Angeles, Calif., next June.

LEAVES ONLY \$1.300
LOS ANGELES (U) — Lee B. McTurman, of Bloomington, who has just completed a year of study at Lincoln College in Oxford, England, will leave for Los Angeles, Calif., next June.

Illinois Underground R.R. Busy in Civil War

(EDITOR'S NOTE: Fugitive and illicit, the Underground Railroad carried risky cargo in Illinois during the Civil War. The cargo, considered property in the South and contraband in the North, was human: the runaway slave. C. C. Courier Carrier Honor Roll

Richard J. Zielinski, 12, is the newest addition to Courier Honor Roll membership. He is the son of Mr. and Mrs. Richard N. Zielinski, 327 Eleventh st., and has two sisters. In September he will be in eighth grade of the new Charles Carroll school here. He attends St. Patrick's church regularly.

The carrier was a substitute more than a year when he gained his regular route with the Courier last May. He delivers papers in the Lincoln College area. With his net proceeds he has purchased clothes and added to his savings account, which will ultimately be used for furthering his education.

Sports are Richard's hobby. At his early age he plays a good round of golf, participates in basketball and enjoys swimming, but it's in baseball that this carrier excels. He was the 1960 Pony League batting champion with a .565 average which included two home runs. The youth plays third base and pitches.

His ambition is either to attend college or to enter the Saint Henry Seminary, which he has already visited. He financed the

trip with money earned from his route.

ACCIDENTS REPORTED

Police department reports that the auto driven by Sharon K. Will, of r. r. 1, Lincoln, struck the front left door and fender of the parked car of Delores Baughman, 209 Grand ave., Friday afternoon. The accident occurred in the 300 block of N. McLean st. and no one was injured.

The auto of Luther H. Dearborn, 20, 206 Eleventh st. was reportedly struck by Beverly J. Hupp, Broadwell, at Fifth and Elm streets Friday when the latter's car skidded on wet pavement while attempting to stop.

The slave had long since escaped in her costume.

Runaway Captured
In the fall of 1859, a captured runaway named Jim Gray was taken to Ottawa, then a community of 5,000, for arraignment before Justice John Dean Catton of the Illinois Supreme Court.

An angry crowd filled the La Salle County Courthouse. As soon as Judge Catton remanded Gray to the U.S. marshal at Springfield, abolitionists seized the slave, hustled him out a rear door and spirited him away to Canada.

Among those arrested for the Gray escape was John Hossack, who lived on the north bluff of

Relating to his job, his parents say—"Dick has learned responsibilities . . . It has improved his disposition and general outlook on life. He has also learned the value of money and is saving to help himself through college."
