Eldest person on hand for the May 26 Order of Rainbow for Girls installation in Lincoln was Mrs. Marie Woods of Atlanta. She got a thrill out of seeing her granddaughter, Miss Marcia Ann Barnes, being installed worthy adviser. Mrs. Woods is a "young 84" years of age.

Shutter bug fans were many at Lincoln College for the weekend they found the Abe Lincoln statue a perfect subject. The statue has of a hard-surface base.

"No, you car isn't ready," the garageman told a Logan woman telephone caller. And there was a good reason, the key to the house instead of the car had been left with the auto after it was shoved into the garage. It had gone dead on Rte. 66 north of Lincoln. Male drivers, no doubt, will get a chuckle out of this incident.

Mr. and Mrs. Harry H. Hopp had their own plans for remodeling the kitchen at their home until they called in a neighbor, who is an architect. He listened patiently to their plans, then quietly Hopp's original plans went out the window. It's to be a do-it-yourself improvement with Hopp performing the toil.

Deputy Sheriff Ken Simons was down Logan street in an unofficial capacity on a bike. And with a gas war in town!

The men of St. Peter's Lutheran church in Emden — 75 strong — demonstrated the power of "heave-ho." They picked up and carried a 24-x20 foot former double garage building from the parsonage property to the ball diamond where it is serving as a concession stand. The "carry" covered a block and a half and the churchmen figured they saved considerable money in moving expense. A new education building is to go up where the former garage stood.

More than one Lincoln resident has an easier mind—now that the Black Rose mystery has been solved by City police. While they were in the main not in fear, still there was an uneasiness until the matter had been ferreted out.

## Boys State Full For 1962 Session

BLOOMINGTON, Ill.—No more applications can be accepted for boys selected to attend the 1962 Boys State session at the Illinois State Fairgrounds in Springfield, June 24-30, it was announced here by Chester F. Newby, state adjutant of the Illinois American Legion.

"We have already reached the maximum enrollment for this year, which is 800," he said, "and therefore we will have to return all applications postmarked May 26 or later."

Adjutant Newby explained that the customary enrollment for Boys State is 1200, but this year, due to the fact that U.S. Air Force Reserves are being housed at the Fairgrounds, there will be room for only 800 Boys Staters.

The Boys State program is a plan for training high school boys, ages 15 to 17, in the functional aspects of citizenship. Its purpose is to give these young men a better understanding of the American form of government, through study and experience.

## Atlanta City of Sadness

ATLANTA (AP) — This Deep South city—at times raucous, always warm-hearted — was in mourning today, reeling from the shock of a Paris air crash that claimed scores of civic and cultural leaders.

The contagion of tragedy spread with the news that 115 Georgians died Sunday in the flaming crash of the jetliner. There were 15 other victims.

The city counted 105 of its residents among the dead in the worst tragedy for Atlanta since the 1946 Einecoff Hotel fire snuffed out 119 lives.

Heard at Church

In this church-going city, many heard first word of the tragedy at the morning worship services.

State and city leaders reacted with statements of shock and sympathy. Mayor Ivan Allen Jr. took off for Paris to help in arranging return of bodies and gathering information for grieving families.

The Georgians, on a tour arranged by the Atlanta Art Association to promote interest in art, left here May 9. Among the victims were some of the city's most prominent society, civic and business leaders.

President Included

They included Del Paige, president of the Art Association; his wife and several trustees of the group.

One entire family—representing three generations—was wiped out. The six members of the family were Frederick Bull Jr., 50; his wife Elizabeth, 47; their daughters, Betsy, 16, and Ellen, 10; Bull's mother, Mrs. Frederick Bull Sr., about 80; and his uncle, Robert Newcomb, in his 70s.

HUSBAND, WIFE DIE

PARIS (AP) — A former University of Chicago officials and his wife were among the 130 persons killed in the crash of a jet airliner near Orly Field Sunday. They were Mr. and Mrs. Roy Bixler of Atlanta.

## 3 Killed Returning From Race

RADDLE, Ill. (AP) — Three Madison County, Ill., men en route home from attending auto races in Cape Girardeau, Mo., were killed early Sunday in the crash of their single-engine private plane in a heavily wooded area near Raddle, Ill., 70 miles south of St. Louis.

Their bodies were found after a seven-hour air-ground search of the area near the Missouri-Illinois border.

The dead were James Warmack, 32, the pilot, Roger Vandergriff, 25, and Robert Gossman, 24, all of the East-Alton-Rosewood Heights-Cottage Hills area in Madison County, between Alton and Edwardsville.

State troopers used a tractor to reach the wooded crash site on a Mississippi River slough.

Maj. John Duncan of the Civil Air Patrol at Alton said Warmack was "no novice pilot," with over 200 hours flying time and some instrument training. Duncan said the plane was completely equipped with radio-navigational equipment and it wasn't unusual for a pilot with Warmack's experience

to fly relatively short distances at night.

The plane took off from Girardeau at 12:30 a.m. Neither the time of the crash nor its cause were determined. Poor weather hampered search.

## HOT TIME

The "merry month of May" set some weather records in Lincoln, according to Observer Gary Juhl.

Most remembered about the fifth month is the unseasonably high temperature. During 23 of 31 days, the maximum was 80 degrees or above. Between May 14 and 27 there was even hotter weather—14 consecutive days of a maximum of 90 degrees or above. Highest mark was 92, registered on the 17th, 18th and 21st.

In the precip department, the moisture measured 5.42 inches. The official thermometer slipped to a minimum during the month of 40 degrees — that was on May 3.

## Rites for Mrs. Ellis Wednesday

Mrs. Mary Riggins Ellis, 81, of Easton died at 8:50 p.m. Sunday at the Deaconess Memorial Home in Lincoln. Funeral services will be at 2 p.m. Wednesday at the Methodist Church in Easton. Burial will be in Walker's Grove cemetery near Easton.

Visitation began at 2 p.m. Tuesday at the Henderson-Jennings Funeral Home in Mason City.

She was born in Mason county Sept. 23, 1880, a daughter of Elijah and Sarah Tomlin Riggins. She married Noah Ellis in 1905. He died in 1912.

Surviving are a nephew, Franklin Riggins of Easton, and a niece, Mrs. R. M. Phelps of Pueblo, Colo.

She was a charter member of the Mason County Home Bureau and a member of the Easton Methodist Church.

## Gains Held By Stocks In N. York

NEW YORK (U. S. —) The stock market held substantial gains early this afternoon. Profit-taking skimmed the cream from a brisk rally in the morning as trading quieted after a vigorous start.

The Associated Press average of 60 stocks at noon was up 1.90 at 221.20 with industrials up 2.80, rails up .50 and utilities up 1.10.

Gains of fractions to well over a point among key stocks were spread through various sections of the list.

### Strong at Start

The rise was strong from the opening, with the ticker tape running as much as four minutes behind transactions.

Wall Streeters ascribed the advance to an outgrowth of Tuesday's gyrations which had the signs of an attempt to build a solid base from which to rally. Apparently, such a base was built, if only for a day.

In early afternoon the market has recouped about a third of Monday's sharp losses. Blue chips spurred 1 or 2 points along a broad front in the morning and early gains of several points were scored by some of the "growth" stocks. These advances were cut back in most cases and some gainers became losers.

As trading progressed, however, prices once again were improving.

Gains Wiped Out

### FILED FOR PROBATE

Bettie to probate the will of

cess, it will hold over into his school work.

(If you have a question for Dr. Nason, write him in care of this newspaper. He will discuss in his column those of most general interest.)

Dear Dr. Nason:

Do you think it is right for two people to study together for a test?

Mike, Seattle

I see nothing wrong with it—if it is done properly.

First — Do It Alone

First, each member of the team should work over the material alone to gain a grasp of the big ideas involved. Then they are ready to study together, asking each other questions, answering the questions and criticizing the answers.

Frequently, studying together is simply another name for a "exam session." This is not only useless, it can be harmful. Memorizing is not learning, even if it meets temporary success in tests.

Dear Dr. Nason:

Do you think high school students should be charged tuition fees to help pay the expenses of public education?

M.C., Salt Lake City

There are two answers to your question, both valid.

People who have to pay for things appreciate them more. In my own experience, students who pay fees seem to gain more from my consultations than the non-paying group. On the other hand, it would be grossly unfair for us to make a high school education dependent upon a family's ability to pay.

## Stocks Take Lower Path

NEW YORK IN — A declining stock market accompanied by speculative strength in gold mining shares continued to be the pattern early this afternoon.

The gold shares are not represented in The Associated Press average of 60 stocks and this indicator was down 1.80 to 218.10 at noon with industrials off 3.00, rails off .30 and utilities off 1.00. Gold stocks are a refuge in times of a stock downturn.

Extra attention was focused on the golds by President Kennedy's conference with business and government leaders on the question of the continuing U.S. gold

## Robbers Obtain \$136 at Moose

Logan county sheriff's office is investigating a burglary at the Moose lodge which netted thieves \$136.80. Discovery of the entry was made by Ernest Hunter, a club official, at 3:45 p.m. Wednesday.

Deputy Ken Simons said entry was gained by forcing a south window. He said the money was taken from vending machines and a cash register.

The break-in occurred between midnight Monday and Wednesday afternoon. Simons and Deputy Ken Zimmerman are handling the investigation.

## May Face Charges

Richard Caplinger, 24, of Lincoln, was arrested by city police Thursday at 12:35 a.m. at the corner of Hamilton and Pulaski streets when a city police officer reportedly observed the man beating Donna Caplinger.

Officer William Krueger said he saw the woman being struck about the mouth and nose, and that she was lying on the sidewalk bleeding.

Caplinger allegedly became loud and disorderly while being taken to city jail. He was charged with disorderly conduct. City police will confer with the state attorney's office regarding the filing of assault and battery charges against Caplinger.

## RUNOVER

Ira Todd, Clinton, special agent for the Illinois Central railroad Co., reported Thursday that a railroad tool box located near the Deer Creek bridge had been open with resulting damages amounting to approximately \$100. Tools taken from the box were

State law states that the salary for the three county officials in counties where the population is over 30,000, may be \$7,000 but no more than \$7,500 as set by the county board. The increase in pay will go into effect next December.

The new Logan county law library will be on the third floor of the courthouse near the circuit court room and will be financed by an additional filing fee of \$1 charged for each civil suit filed in the county.

Immediately after establishing the county law library, the board unanimously voted to accept the law library of the late Circuit Judge Frank S. Bevan of Atlanta. The library was donated to the county by the late judge's widow, Mrs. Edna Bevan of Atlanta, his son, Kenyon Bevan, of Dallas, Texas, and by Lyman S. Mangas, Lincoln, executor of the Bevan estate. The board also voted to send a resolution of thanks to the donors.

Some members of the board felt the curfew resolution should be brought before the board at Wednesday's meeting, but the majority agreed with W. G. Colburn, chairman of the judiciary committee, that further investigation is needed. This was also the case on the matter of a full county zoning. Colburn, chairman of the plat committee, stated that he did not feel his committee is ready to offer a recommendation at this time.

County Clerk Leonard McCann reported to the board that the county's share of the retail occupation tax for the month of March amounted to \$1,650.31, the largest collected since the board voted to collect the additional tax last December.

## In Second Day

Hearing on the condemnation suit in the Logan county circuit court involving property which the state seeks to acquire for purpose of scheduled construction to Rte. 10 and 121 moved into its second day here Thursday.

Ralph W. Seebright, director of design for the Illinois Department of Highways, took the stand Wednesday and was still there during Thursday morning's session. Circuit Judge Leland Simkins is presiding.

## NEW ASSIGNMENT

McLEAN - Mr. and Mrs. Charless Marchiondo and four children of Collinsville, Ill., called on her aunt, Mrs. Harry Lancaster of McLean last week. ## Stocks Down, Rally, Decline

NEW YORK — In another up-and-down stock market session, prices were mixed in heavy trading early this afternoon.

Showing how little change there was on balance, The Associated Press average of 60 stocks at noon was off a minimal .10 at 212.40 with industrials down .30, rails up .20 and utilities off .10. "It's pretty much like yesterday," said one broker, "a decline at the start, a rally, then another decline."

Gloom was thick at the start; the Dow Jones industrial average set a new 1962 closing low Wednesday. However, prices were supported once again by a rush of buying at the reduced prices.

Tobaccos held a string of plus signs, but the pattern was scrambled in most other groups.

As a sample of the stock action, IBM dipped fractionally to a new yearly low at the start, spurred to slow a net gain of more than 9, weakened to a net loss exceeding 5 points, cut its loss to a fraction and then dipped about 3.

## Gospel of Peace Springs From Christ, Billy Graham Asserts

CHICAGO — Christ gave mankind a gospel of peace through His death and resurrection, evangelist Billy Graham declared Wednesday night.

"The greatest peace conference of all time didn't take place at Geneva," Graham told an audience estimated at 33,000 in McCormick Place.

"It took place 2,000 years ago at the cross in Jerusalem when Christ gave peace to all mankind."

He spoke at the 15th rally of the 10-day "Crusade for Christ" in Chicago.

Offers Salvation The gospel is the power of God offering salvation to everyone," Graham said.

"The third day He arose from the dead and tonight he is a living Christ," Graham continued. "Not only is He alive but he is coming back."

"Mr. Khrushchev, you are not going to write the last chapter," the evangelist declared. "God is going to write it when the day of judgment arrives."

"Where does He live? He lives in men's hearts," Graham said. Graham told his audience, "We

could be on the verge of a utopia."

Living on Verge "We have enough inventions now to let us live on the verge of a materialistic haven if it weren't for one thing — we have hate in our hearts."

"The cross is not only the basis of our peace and hope, but it is the means of our eternal salvation. The object of the cross is not only a full and free pardon, but a changed life lived in fellowship with God."

Graham added: "Many people have confused ideas as how to come to Christ. Jesus taught that we must be converted, or born again. I am convinced that the Bible teaches the absolute necessity of conversion."

Certain conditions must be met before an encounter with God can take place, the evangelist said.

"First you must realize that you have broken God's laws."

"Second, we must be willing to turn from our sins."

"Third, we must receive Him by faith."

"Fourth, we are to be willing to obey Him."

In 15 days of the crusade at McCormick Place, more than 11,000 persons have made what Graham calls "decisions for Christ."

An estimated 650 persons made decisions Wednesday night.

Attendance for the crusade has now reached 419,000.

## Elmer Bredren Funeral Friday

Elmer Bredren, 56, of Peoria, formerly of Lincoln, died at 8:40 p.m. Wednesday in a Peoria hospital. While a resident of Lincoln he was employed by the Bouillon Plumbing company.

## Business Activities

J. C. Borden, vice president of Cutler-Hammer Inc. Friday announced the appointment of Stephenson as controller of electrical firm. Stephenson assumes a post relinquished by Borden. In his new position, Stephenson will be responsible for accounting, tax, internal auditing and cost control functions of the company.

Also announced is the appointment of O. J. Reak as manager of corporate services — a new Reak will be responsible for providing services to all divisions and subsidiaries of the company in the area of management information and administrative systems, in addition to his data processing duties. Personnel changes are at the firm in Milwaukee.

Stephenson joined Cutler-Hammer in 1937 following his graduation from Cornell University with a degree in electrical engineering. In 1947 he moved to assistant manager of the company's manager of estimating. He was named manager of accounting in 1953 and in 1958 he became chief accountant. In 1958 he became assistant controller — a position he held until the time of his new appointment.

Reak joined Cutler-Hammer in 1941 as a member of the department. In 1948 he was named tabulating supervisor. In 1953 he became manager of the cost and payroll department. At the time of his new appointment he was manager of data processing — a post he held until 1956.

## ASSEMBLE HERE:

# Challenge for Youth by C. E. Convention Speakers

Approximately 200 young people and their leaders attended the Illinois Christian Endeavor convention at Lincoln College over the weekend.

The Rev. N. H. VanderWerf of Morrison, Ill., Friday evening struck the keynote address with a challenge of "Go Ye" into all the world. He spoke of a fast changing, revolutionary age when communism, secularism and scientism are challenging the world for the souls of men and their loyalties. He cited statistics to show that only 44 per cent of young people today attend church and where in a recent "Report on Religion" in the Chicago Tribune Sunday Magazine, Western Christianity is pictured with sleeping bishops whereas the non-Christian religions are on a militant resurgence.

There are 10 Moslem converts for every Christian convert in Africa today. Even in America theologians are speaking of the present revival as a "will-o-the-wisp," and talking about the "post Christian" era. He said that Christianity is always only one generation from extinction and the present generation of youth is therefore challenged anew with the responsibility of living Christ before the minds and conscience of the world. The opportunities are many and varied and demand highly trained and dedicated individuals the pastor said.

### Go Out and Win, Urges

Speaker for the annual Christian Endeavor banquet Saturday night was the Rev. Mr. Allan E. Schoff, General Presbyter of the Presbyterian Church. Schoff pointed out that the world population has increased from 2 billion in 1930 to 3 billion in 1962. The rate of growth has accelerated in recent years and will step up in the future until the population will reach 6 billion by 1990. This is a challenge to all young people to go into all the

world and win other young people to the Christian cause.

### 'So Send I You'

The closing address of the convention Sunday afternoon was delivered by Elwood Dunn, general secretary of the Michigan Christian Endeavor Union. "So Send I You" was the theme of the talk. Dunn said that God sent Jesus in to the world as part of a divine plan of redemption, to seek and to save the lost and to demonstrate the love of God for man. "The love of Jesus revealed had a new quality in it. No other religion has love in it. Love is an essential state of intelligent goodness," Dunn said. He urged people to commit their lives to strength, and life to Christ, they might win others.

Dunn installed executive officers as follows: Charles Morrison, Chicago, president; Carolins, Chicago, vice-president; Bert Alken, Morrison, recording secretary; and Ruth Borcherdt, Chicago, treasurer.

### POSTS \$100 BOND

## Meetings Scheduled for Logan County's Farmers

Logan county farmers will have an opportunity to see crop variety plots and weed control chemicals at a number of locations and meetings this year.

Dates are: Thursday afternoon, June 21, on the William Bock farm south of Lawndale at 1:30 p.m. Monday evening, June 25, at the Ray Richner farm near Chestnut at 8:00 p.m. and Monday, July 2, at the Hartsburg Soil Experiment Field at 1:30 p.m.

Harold Brinkmeier, Logan county farm adviser, who has arranged the demonstration

meetings, says that "good farm managers" should compare their yields and stands with latest test varieties to maintain high yielding crops on their farms. Farmers also have an opportunity to discuss crop and soil management problems at the demonstration meetings.

Oats, soybeans, and grass seed varieties, planted at the William Bock farm located 2 miles south-east of Lawndale, will be visited at 1:30 p.m. June 21.

## Ticketed After Local Accident

Cars driven by Jacquelyn R. Bruketa, 905 Broadway st., and Edwin J. Pfau, 69, of 425 N. Kickapoo st., collided Tuesday at the intersection of Sherman and Pekin streets at 1:24 p.m.

The Lincoln woman was released from Abraham Lincoln Memorial hospital after examination. No injuries were sustained, according to hospital authorities.

The Bruketa vehicle was southbound on Sherman street and the Pfau machine was moving east on Pekin street. According to police, Pfau drove his machine into the path of the Bruketa vehicle. Pfau was ticketed for failure to yield right-of-way.

Steve Rohrer, 7, of rural Lincoln, finger lacerations, sustained when he caught his hand in a car door.

## "Staring Match" to be Staged by Church Youth Group Here June 24

The Youth Department of Lincoln Christian Church will present the two-act comedy fantasy, "The Staring Match," by Jerry McNeeley at 7:30 p.m. Sunday June 24 in the sanctuary of the church. This play, originally produced on Studio One, (CBS television,) has been adapted for stage production by the author.

The story is set in ranch country, which is suffering from drought and the community is holding a large meeting to pray for rain; Mattie Hobbs (played by Gloria Appel) tries to persuade her husband, Linus, (played by Richard Mileham) to accompany her to the meeting—Linus is religious, but in his own way; he intends to help his neighbors build a church—he just does not intend to go to it. But at Mattie's insistence, he goes with her and their little daughter Mollie Mae (Judy Paine) to the meeting which is held in the

He says that he has been to help them find a well, this convinces the people; so eagerly crowd about him there is another knock at door, and a second man enters this one dressed completely black. With the same courtesy and affability displayed by White, the newcomer, Mr. F. (Jerry Hacker) announces he, too, has been sent to help community find a well—and it be known that he is an angel of the Lord. It is quite apparent that only one of these two gentlemen is an angel, and the other a courier of the devil and a person to be carefully avoided.

## Fight Lockjaw With Oxygen Pressure

CHICAGO HEIGHTS, Ill. (AP)—A 5-year-old girl, critically ill with acute lockjaw, has shown dramatic improvement after oxygen pressure treatment.

It was the second time in three weeks that the oxygen pressure technique, developed in Holland, had been used by doctors at St. James Hospital in treatment of advanced tetanus.

Tetanus, commonly called lockjaw, is a virus disease of the nerves. Once it reaches an advanced stage, it usually is fatal.

The latest case involves Camille

Carriale who was admitted to the hospital Sunday. She underwent two sessions during which she was administered oxygen in a pressure chamber borrowed from a construction firm.

The treatment was first given three weeks ago to Ralph Douma, 72, a farmer who contracted tetanus after a splinter pierced the back of his right hand.

Doctors said they were not sure how little Camille contracted the disease.

# Part of Legislation

Sen. Hubert H. Humphrey of Minnesota, assistant Democratic leader, predicted in a separate interview that a compromise will be reached this week.

This would open the way for final action on measures which bear a June 30 deadline—the end of the fiscal year. The Senate takes up one of these today, a tax extension bill preserving \$4 billion of federal revenue by continuing for another year present corporation income and major excise tax rates.

**Would Kill Tax**

The bill also would kill the 10 per cent travel tax on train and bus fares effective Oct. 1 and cut the airline levy from 10 to 5 per cent on the same date.

Humphrey also said administration leaders are hopeful of salvaging some of the provisions of the Kennedy farm bill rejected by the House last week.

He said he anticipates the house will vote to continue the present emergency wheat and feed grain programs for a year. But he reminded that the Senate had voted previously to link far stricter acreage controls and marketing allotments to price supports.

The third major administration move of the week will involve the offering in the Senate of a modified version of the Kennedy plan for financing hospital and nursing care for the elderly through Social Security taxes.

**Planned as Rider**

Manafield said the compromise will be offered as a rider to a House-passed welfare bill aimed at revising public assistance systems to rehabilitate those on relief.

The administration plan is to offer this rider Saturday, the final day of the current fiscal year. The welfare bill carries funds for aid to unemployed fathers of dependent children.

Since thousands of these persons would go off the rolls Saturday if the bill is not passed by then, this circumstance will be cited as a reason for quick action.

## CAR JOLTS TREE

A car driven by Dale A. Lowe, 18, of 1216 N. Kickapoo st., ran off Postville drive Sunday at 12:18 a.m. and struck a tree.

The driver was not injured. Lowe told investigating officers that he was looking for something in the glove compartment when the car left the road.

**NEW LIONS OFFICERS**—Ron Holloway, far right, retiring president of the Lincoln Lions club, hands gavel to new president Ed Treuthart at installation dinner-dance Saturday evening at the Eagles hall. Other new officers: first row (left to right) Ken Simons, director; Leonard McCann, treasurer; Lee Burns,

## Rally Enters Stock Trade

NEW YORK (U) — The stock  
market mounted its first clear-  
cut rally in almost two weeks  
today, with trading active early  
this afternoon.

Showing a gain which ap-  
proached in size that of June 15,  
The Associated Press average of  
60 stocks at noon was up 3.10 at  
204.20 with industrials up 4.70,  
rails up .90, and utilities up 1.80.

Key stocks rose along a broad  
front, posting gains of fractions  
to a point or two. As usual, some  
of the more volatile issues moved  
more widely.

A technical recovery seemed  
overdue, because no real daily  
gain by the over-all list had  
been made in the past eight ses-  
sions. Large blocks changed  
hands at the start and the ticker  
tape ran late.

Ford and Chrysler advanced  
more than a point each while  
the other auto stocks gained  
fractions.

## COURIER MAN OF MONTH

## Wastes No Time Putting Shoulder to Wheel in Lincoln

By KEN GOODRICH

For his earnest efforts to make the City of Lincoln bigger and better, Leamon S. Berry is the June Courier Man of the Month. The utility company engineer, who was born in South America, is vice president and manager of the Lincoln division of Central Illinois Electric & Gas Co.

Of English and Scotch descent, Berry is not an "old timer" in Lincoln but in the time he has been here has put an energetic shoulder to the wheel of progress. He came here two years ago from Rockford, Ill. headquarters of the company in which he is an executive.

Born in S. America, The Man of the Month is the only child of Annie and Norman Berry and was born in Rio de Janeiro, Brazil, where his father, also an engineer, had gone to boss electrification of the horse-drawn trolley system. With that task accomplished, the elder Berry stayed on to become manager of the street car network.

When Lee, as his friends know him, was 7 years of age, his father met a tragic death by drowning. His mother, who now resides in Deaconess Memorial Home here, returned to the States with her son.

They lived in Boston, then in New Haven, Conn., and on moving to Maine, resided at Belfast. After graduation from high school in the latter city, Berry enrolled at the University of Maine in Orono (near Bangor) and was an engineering graduate in the class of 1930. The engineer, working much of his way through his education, had little spare time but did play some high school football.

To Georgia in 1930

The CIE & G executive entered the employ of Stone and Webster, Inc. engineering and utility firm in Boston, after receiving his university diploma. From Boston he was sent to Savannah, Ga., in 1930 as a student engineer and assistant sales manager with Savannah Electric Power Co. Subsequently he was advanced to assistant superintendent in the overhead lines department, then to the superintendency of the line department.

It was in Savannah he met his wife, Maude Alice Cobbedge, and they were married in 1933. Their only child, a daughter Lynn, has just completed her freshman year of study at the University of Wisconsin. The family resides at 304 Park pl.

Engineer Berry came to Illinois in 1949, going to Rockford as superintendent of transmission and distribution in that area. Two years ago he came to Lincoln, succeeding John M. (Jack) Gordon, who transferred to Rockford.

## Headed Masonic Lodge

The Courier Man of the Month is a past master of Ancient Landmark No. 231 lodge AF & AM in Savannah and is a member of Ansar Shrine in Springfield. He is a Consistory (or Scottish Rite) Mason and one of the members of Logan County Shrine club. Another fraternal affiliation is Lincoln lodge 914, B.P.O. Elks, and the Elks Country club. Berry goes to Rotary club of Lincoln meetings Wednesday noons and is on the official board of First Methodist church.

He is a Chamber of Commerce member and worker, serving as chairman of its industrial committee. A Boy Scout, he is a member of the Illinois Federation of Sportsmen's clubs, the National Aquatic club here and the Royal Order of Jesters of Springfield. Berry is also active in Civil Defense.

## Assists Park District

Representing the Chamber of Commerce, he assisted in the organization of the Lincoln Park District. As a trustee for the district he was active in the recent efforts to obtain Woodlawn Field for park purposes.

Golf, fishing and hunting adorn the hobby list of the utility company chief. For the first time, the outdoor quest for game and the flimsy specimens has to come when opportunity offers and

that it all too rare for Berry.

The native of Rio had a hand in the recent gift to the city of the old gas plant property on Decatur st. by the utility company. The City of Lincoln gratefully accepted the gift and is in the process of deciding what use shall be made of it.

## Having Farewell

Seggelke farewell day will be observed in the services at Lincoln Christian Church Sunday. The Joe Seggelke family will be leaving Lincoln to return to Pusan Korea for a second term of missionary service. They will go to the West Coast July 6th, and fly to Korea the last of the month. Seggelke will be speaking on the subject, "The Bread of Life," in the 8:45 a.m. service. Organist will be David Hargrove, soloist Lois Benjamin, singing "Face to Face." The Chancelers, under the direction of David Hargrove, will sing "Hallelujah, Praise Ye the Lord."

The Bible School of the church will meet at 9:45, the school will be participating in an attendance contest during July and August sponsored by the "Lookout" national Sunday School magazine. The whole Seggelke family will share in the 7:30 Sunday evening gospel hour.

## Potential Called Terrific

From his seat on the C. of C. industrial committee, Berry sees the potential development of Lincoln as being "terrific." He points to its strategic location in this prosperous Midwest area as one of the greatest advantages and notes that enthusiasm is growing for the Lincoln and area of tomorrow.

Berry was born Oct. 27, 1907, and still "carries" the delightful Southern accent which he acquired in his years of residence in Georgia. "It will probably stay with me always," he observes. Appearing on the serious side, Berry is a good conversationalist and appreciates hearing or telling a good joke.

When interviewed, he offered the humorous suggestion that his selection in June is rather timely—the sixth month being the season for berries.

## Emergency List

Treated Friday at Abraham Lincoln Memorial hospital were: Janet Brandt, 10, of Arrington, left foot injury, sustained when she fell from a tree.

Mrs. Thelma Matson, of 158 Carter lane, right thigh injury, sustained on a table edge.

Linda O'Brien, 11, of Mason City, right wrist injury, sustained in a fall at camp.

John Reineke, 49, of Beason, left foot fracture, sustained when sheet metal fell on him.

Denzil Marten, 20, of rural Lincoln, chest injury, sustained while working on a combine.

Harmon Buchholz, 38, of New Holland, finger laceration.

## Feldman Infant Rites Saturday

The infant daughter of David P. and Dianne Plaster Feldman died at birth Friday afternoon at Methodist Hospital in Peoria. Surviving in addition to the parents are a brother, David Michael at home, the paternal grandparents, Mr. and Mrs. Paul Feldman of Lincoln, and maternal grandparents, Mr. and Mrs. Ernest Plaster, also of Lincoln.

Private graveside services will be Saturday afternoon at St. Mary's cemetery with Max Leo P. Henke officiating. Kerrigan Funeral Home is in charge of arrangements.

Mr. and Mrs. Feldman now reside in Pekin where he works as an engineer with Illinois Bell Telephone Co.

## Hamer Buried at Hartsburg Union

HARTSBURG — Burial services for Peter D. Hamer, 73, former resident, were to be at 4 p.m. Saturday in Hartsburg Union cemetery. A former farmer near here, he died Thursday afternoon in a Kirksville, Mo. hospital after emergency surgery. Funeral services were Saturday forenoon at a Kirksville mortuary.

Leaving off farming west of here in 1933, he moved to a stock farm near Brashear, Mo. He was born near here June 7, 1889, a son of Peter D. Hamer, Sr. and Ella McAvoy Hamer. His wife, the former Florence Neilling, died in October, 1946.

A son, Frederick, and a sister Miss Minnie Hamer of Brashear, as well as four grandchildren survive.
