### Hospital Notes

YOUTH WAS TO the fore in the Logan County Republican entry in the Lions homecoming parade here Monday. Sponsored by the central committee, the parade entry saluted labor on

behalf of the party. There was enough variety in the parade to make it interesting for both the young and their elders who packed the route.

## New Year, New Faces at Lincoln Jr. College

It's orientation week and registration turmoil in colleges across the country from Boston to Seattle.

New students at Lincoln college are experiencing the same frustrations and discoveries. Schedules for classes are being made, revised, lost, and changed. The new students are greeted by experienced Sophomores who supply the latest on who not to get for history, where the best burger in town can be captured for a quarter and why there are no buses in Lincoln.

In the top left photo, Mrs. Wil-

liam Stigall, with back to camera, explains to a group of students in the college library courses offered this semester and what the requirements are. Opposite the library picture, is shown a group of the residents of Olin-Sang hall. Most of the girls are freshmen, and being out-of-towners, have much to learn about their new

## Elect Class Officers At Carroll Catholic

Class leaders for the school year 1962-63 have been chosen by members of the eighth grade class of Carroll Catholic school. As a result of the elections, Carroll Catholic has its first "woman president" in Miss Patricia Handlin, daughter of Mr. and Mrs. Daniel W. Handlin, 1226 Nicholson Road. John Juergensmeyer, son of Mr. and Mrs. Wilfred Juergensmeyer, 152 DeBruler dr., was elected to the office of vice-president. Serving the class as secretary will be Miss Patricia Hayes, daughter of Mr. and Mrs. Richard Hayes, R.F.D. No. 1. Class treasurer for the year is Miss Sandra Wilmert, daughter of Mr. and Mrs. Herbert K. Wilmert, 203 Keokuk st. Other candidates nominated for the offices of president and vice-president were

Michael Andrews and Ben Donath. The elections climaxed a three day campaign by the candidates. Speeches were made by the nominees themselves and on their behalf by their campaign managers. Enthusiastic candidates, managers, and loyal supporters busied themselves over the weekend making posters, buttons and handbills. Wednesday afternoon, ballots, prepared by the students, were properly and secretly marked and deposited in the ballot box. The subsequent tally of the ballots revealed the elections as noted above. The immediate business of the class is to draw up a constitution according to which their organization will function.

### 3 Car Pileup On Keokuk St.

Three cars were involved in a pile-up on Keokuk street Monday at 4:05 p.m. when the lead vehicle halted at a railroad crossing to avoid striking a box car.

The drivers claim the signals and the crossing gate were not working as the single box car rolled south on the GM & O tracks.

Welby B. Hilliard, 59, of 119 Moore ct., brought his car to a stop 12 feet from the track as the box car rolled by. John A. Overbey, 29, of rural Lincoln struck the rear of the Hilliard car and in turn was hit by Dwaine E. Kennett, 24, of 907 S. College st.

The Kennett car had to be removed by a wrecker.

### Sgt. Wodetzki Awarded Grant

Sgt. John Wodetzki of the Lincoln police force has been awarded a Charles M. Hayes grant from Northwestern university to attend a course in supervision of police personnel.

Wodetzki will attend the university from Oct. 1 to Oct. 19. The grant totaling \$351 is provided by the Chicago Motor Club.

Chief Earl Minder said this is the fifth grant the department has received from the university.

### Traffic Control

ST. LOUIS — St. Louis area police are making sure the arrival of President Kennedy at Lambert-St. Louis Field Wednesday afternoon causes no traffic problems.

St. Louis County police, the Missouri State Highway Patrol and suburban Hazelwood, Bridgeton and Berkeley police have assigned 51 men to control traffic.

The President is scheduled to arrive at 3:15 p.m., St. Louis time, for a visit to McDonnell Aircraft Corp. near the airport. He will leave at 6:05 p.m.

### NEARING 20,000,000

NEW YORK — The major leagues, nearing the 20,000,000 mark in baseball attendance, already have surpassed last season's gate total with three weeks still remaining in the 1962 campaign.

The two circuits have attracted 19,595,700. The 1961 attendance was 18,894,518.

### Market Shows Slight Pickup

NEW YORK — Aerospace, aircraft and electronic issues were improving in a mixed stock market early this afternoon.

Activity picked up a little from the quiet opening and was running ahead of Monday's pace when the total was the lowest of the month.

The list opened mixed and showed little movement until about the time Secretary of Commerce Luther Hodges reported new records for corporate profits and personal income. Then more plus signs began to appear among key stocks.

Hodges reported before-tax profits of corporations reached a peak annual rate of \$50.9 billion in the June quarter and that individual income was up \$1 billion in August from July, on a seasonally adjusted basis.

At noon the Associated Press average of 60 stocks was unchanged at 223 with Industrials off .1, rails unchanged and utilities up .2.

Steels, rails, metals and motors maintained a slightly lower tone. Chemicals were a bit higher. Utilities and oils were mixed.

McDonnell Aircraft led the airplane makers with a gain of nearly 1 1/2.

Among the electronics RCA picked up about 1 and Litton Industries was higher by a little more than that.

Texas Instruments, Transitron, Polaroid and IBM showed fractional gains. Some, including IBM, had been ahead considerably more in midmorning.

Brokers considered Russia's latest warning to the United States on the Cuban situation as another depressing influence on market have been called a major unsettling influence in recent sessions.

Thiokol added almost 1 1/2 as the company reported work progressing on a new rocket fuel believed more powerful than current fuels.

At noon the Dow Jones industrial average was up 2.09 at 604.12, the best reading of the day so far.

Bond prices were little changed.

### High School Levy Down; Grade Up

Lincoln Elementary board of education Monday approved a tax levy for 1962-63 which showed an increase of \$6,075 over the previous years levy. The new levy totals \$303,207.50 while the 1961-62 levy was \$297,132.50. Biggest jump was in the educational fund from \$197,000 in 1961-62 to \$203,000. There is a \$2,400 increase for bonds and interests and a decrease of \$3,000 in the building fund.

Total appropriation for the elementary district is \$432,400 as compared to \$421,160 for the 1961-62 term. Difference between budget and levy is supplied by state funds and such things as school lunches, and book rentals.

Assessed valuation for the elementary school district is \$33,027,755.

The 1962-63 Lincoln Community High school budget, totaling \$574,462.50, was adopted by the board of education at a meeting Monday evening. The total represents a \$40,000 decrease from the previous year's budget which was \$614,462.50.

Principal Jack O. Hodgson said that although nominal salary raises and other increased teaching costs jumped more than \$30,000 over the previous year, the paring of other budget items plus the revenue from the sale of Woodlawn field enabled the board to reduce the tax levy by the \$40,000 for the 1962-63 year.

## Lillie Van Cleave Funeral Service Being Arranged

Lillie Myrtle Van Cleave, 73, formerly of Lincoln, died at 12:05 p.m. Wednesday at the Atlanta Nursing Home, where she had been a patient for five years.

The body is at Holland and Barry Funeral Home pending arrangements.

She was born in Lincoln, July 25, 1889. She married Orpha Cleveland Van Cleave in Lincoln in 1911. He died in 1943.

She is survived by two children, Duane Van Cleave, San Francisco, Calif.; Miriam Collier, Victorville, Calif. two grandchildren and one great grandchild. Two sons preceded her in death.

She was a member of Lincoln Christian Church and The Order of the Eastern Star.

City folks, who would happen to be driving by the James Abbott farm on route 121 southwest of Lincoln, will probably not pay much attention to the herd of cattle being pastured there. The Abbott farm is on the Salute to Agriculture tour set for Saturday, Sept. 15.

Experienced cattle raisers would probably give a second look. Most people have seen and can readily identify Black Angus cattle, but Red Angus cattle is somewhat of a new breed. It was founded in March, 1954, and is the red strain of Aberdeen Angus cattle. Some of the cattle are shown in above Dave Clem photos.

Red cattle produced in registered Black Aberdeen Angus herds, were the foundation stock of this breed. No crossbreeding was ever used. Red Angus are extraordinary in that they are a

"ready made" and established breed of cattle. Inherently the same in size and characteristics as the Black Aberdeen Angus, the Red Angus breed, in addition, holds the recessive red color.

This homozygous recessive characteristic of the Red Angus breed has the advantage—that when crossed with other basically red breeds or bred to another Red Angus the offspring are always red. Red Angus bulls offer unusual possibilities in the crossbreeding of Herefords and Shorthorn females, inasmuch as such crosses produce a polled animal, showing strong Angus quality and keeping the red color.

The Red Angus breed is less affected by Pink eye and insects than many other breeds. Carcass quality, absence of cancer eye and sunburned udders, the polled characteristics, solid color

and general vigor are all natural aspects of the Red Angus breed.

Easier calving because of the comparatively smaller calves at birth and the milking ability and longevity of the cows are established strong points of this breed. Red Angus are hardy, disease resistant and have a tendency to be quiet dispositioned and are easy to handle and feed. Records prove Red Angus in economic production of purebred cattle.

## Spinelli Wins C-H Tournament

Jim Spinelli won the Cutler-Hammer Open Golf Tournament Wednesday evening with a low net of 31 at the Elks Country Club.

Wilbur Butler, last year's champion, was second with a low gross of 40. Wally Musick had a net of 35 to take third place. The net scores were figured on the Peoria handicap. A dinner followed in the Elks Dining room.

## Next Week T Crucial fo

CORNING, Iowa (AP) — Officials of the National Farmers Organization say they expect next week to be the crucial period in the NFO drive to bring control on the movement of livestock market.

President Oren Lee Staley and Vice President Robert Casper said today they were still confident that the NFO withholding action, now in its 14th day, will succeed.

Ultimate aim of the organization is to force processors into a bargaining position and to sign contracts guaranteeing agreed prices on livestock.

### Market Trend Reversed

After receipts of hogs and cattle dropped off and prices of fresh meat went up during the first week of the NFO action, the trend on livestock receipts at major markets was reversed Wednesday.

One Iowa packing plant said production was back to about normal and the hog run at 12 major Midwest terminal markets was 15,700 above the same day last week.

"We expected these ups and downs," Casper said. "Our observers tell us that much of this livestock is light and scrubby and not really ready for market."

"Next week is the crucial period," Casper added.

### Incidents Reported

Wednesday passed without reports of violence against trucks hauling animals to buying stations, although numerous incidents had been reported earlier in northern and eastern Missouri.

Several small southwestern Indiana buying stations were closed by a boycott, but no trouble was

## Louise Shafer Rites Saturday

Mrs. Louise Shafer of 427 Delavan st., died at 8:10 a.m., Thursday in Mary-Henry Nursing Home where she had been for the past three years.

# Grand Jury to Get Case Involving Young Men Here

Lincoln Chief of Police Earl Minder signed complaints late Friday afternoon charging seven young men, all between the ages of 17 and 22, with mob action as a result of the Monday evening beating of six Lincoln Jr. college students, three of whom required hospital treatment.

One of the defendants, Ronald Martinie, 17, of Beason, has been in custody in county jail since his arrest the night of the beatings. He is being held on a charge of driving with a suspended operator's license and with violation of curfew.

## Warrants Issued Here

Warrants for the arrest of the six others, Jesse James, 18, Rockford; Joseph DiRocco, 19; Robert Martin, 20; Otis Ray Lancaster, 20; Daniel Aughton, 18; and John Richards, 22; all of Lincoln, are now being served. DiRocco is also a student at Lincoln college.

Friday's action culminated an investigation conducted by City Detective James McCall, Deputy Sheriff Ken Simons and the state's attorney's office.

Assistant State's Attorney Rod Bucher said Friday evening that through the efforts of McCall and his office, signed confessions had been obtained from four of the defendants and an oral confession from one other.

Darrell Klink, state's attorney, said investigation revealed one boy was ambushed on Woodlawn Rd., by the seven Lincoln men, three other students attacked on Keokuk street and two others near Harts Hall. Not one of the seven defendants knew any of the boys that were beaten, it is said.

## Have Fracas on Campus

The defendants were involved in a fracas on the Lincoln college campus earlier the same evening. According to police, all or part of the seven defendants, riding in a pickup truck, were involved in a tussle, mostly verbal, with some 20 college students living on the campus. No serious blows were

struck in this encounter although one of the defendants reported being hit in the chest with an egg thrown by a student. A night watchman at the college, attempting to quiet the disturbance, was threatened with a knife by one of the defendants. Not one of the six youths attacked were involved in the earlier fracas.

Klink stated that his office will present the case to the Logan grand jury which convenes Sept. 24. The charge carries a penalty of 1-5 years in the state penitentiary or a fine or both.

The state's attorney said his office, the sheriff's office and city police are determined to prosecute all actions of this nature. "We will not allow any group to engage in such gangland style attacks, regardless of who they are," the statement said.

# Roschnafsky's Funeral Rites Will be Monday

Frank Roschnafsky, 82, of 609 Oklahoma ave died at 12:10 p.m. Friday at Abraham Lincoln Memorial Hospital.

His funeral will be at 2 p.m. Monday at Kerrigan Funeral Home, with the Rev. T. H. Sanders officiating. Burial will be in Union cemetery.

Friends may call at the funeral home Saturday evening and Sunday afternoon and evening.

He was born July 24, 1880 in Reaita, Romania, the son of Johann and Christina Hupka Roschnafsky. He married Louise Eindrith in Lincoln, in June, 1912. He died Jan. 10, 1962.

He survived by four sons, Frank, Chicago; Joseph, Waterloo; Carl D. and John L., Lincoln; a sister, Mrs. Marie Wikette, St. Louis, Mo., and four grandchildren. Four brothers preceded him in death.

Roschnafsky was a retired coal miner and had lived in Lincoln since 1949. He was a member of the Common Laborers Local No. 895.

# Tribute Paid to Charlotte Barker

Word has been received here from Frona Barker of Broughton, Ill. of the death of her sister, Charlotte Barker, 59. She served more than 25 years in the nursing service administration at the State School farm section. The funeral was Sept. 8 at Donelson Funeral Home in McLeansboro with the Rev. Muriel Nance in charge. Interment was in Hickory Hill cemetery.

Survivors are: the mother, Mrs. Laura Barker, Broughton; a sister, Frona Barker, Broughton; and two brothers, William C. Barker, Broughton; and Dr. James A. Barker, Eldorado.

The deceased had been an invalid since leaving Abraham Lincoln Memorial hospital in September, 1951. She suffered a stroke Aug. 19 and did not recover consciousness. In a letter of sympathy, Dr. Francis J. Gerty said—

We in the Illinois Department of Mental Health wish to express to you and Dr. Barker our very deep sympathy in the passing of your sister.

In her difficult and demanding assignment, Miss Barker displayed many talents. In her deep concern for the patients, she recognized and treated each one as an individual human being with varied needs and requests. With her technical knowledge, along with her keen sense of observation, she was able to be exceptionally helpful to doctors and consultants. She was a born leader and was most helpful in the orientation of new personnel. She was an excellent administrator.

Your sister will be sorely missed by all those who knew and loved her.

## STRUCK IN REAR

A Mason City man's car was struck in the rear Friday when he stopped on Pulaski street to turn into the A & P parking lot. Damage to the car of Charles L. Riddell, 66, was confined to the right rear fender and tail light. Carole W. Bercherer, of 545 Tenth st., was ticketed by city police for following too close.

# Face Charge of Car Theft Here

Three St. Louis youths are charged with theft of a car from a Lincoln motel Friday.

Richard O. Elsele, of Merriam, Kan., staying at the Redwood motel, signed complaints in the court of Magistrate Edgar Thompson against Gaylon Long, 15; William Long, 17; and Anthony Gentile, 16; all of St. Louis.

The youths are reportedly involved in the theft of a number of cars. The Elsele car was taken from the motel and another stolen car left there.

One of the youths is reported to be in McLean county jail and the other two are supposed to be hospitalized in Elgin after an auto accident.

The Elsele car was recovered and fingerprints were obtained off of the auto.

# Ted Kennedy's Rival Haunted by 'Image'

By HELMAN MORIN

BOSTON (AP) — "They look at Ted," said the Massachusetts politician, "and see Jack."

Translation: President Kennedy is hugely popular in his home state and his image is a major factor in the drive of his youngest brother, Edward M. (Ted) Kennedy, to win the Democratic nomination for the U.S. Senate.

The Massachusetts Tuesday primary, names candidates for both major political parties.

How much of the President's popularity is rubbing off on Ted?

This question is haunting his opponent, Edward J. (Ed) Mc

Cormack Jr., state attorney general. He puts it this way: Hard to Determine

"Jack Kennedy can do no wrong with the voters in Massachusetts. But the rub-off? It's like an iceberg. You can't see how much lies beneath the surface."

Ed also is the beneficiary of a tie with Washington. His uncle, silver-haired John W. McCormack is Speaker of the House of Representatives. The vote-rich wards of Boston have been re-electing him for more than 30 years.

This primary, in fact goes beyond Ted and Ed as a battle of the scions. Striving for the Republican nomination is George Cabot Lodge, son of former senator and United Nations ambassador Henry Cabot Lodge. He

goes against Rep. Laurence Curran.

Have Much in Common

But the main interest pivots on the clash between Ted and Ed. They have a good deal in common.

Each is much in the image of the modern politician—young, incisive, intelligent, handsome, highly articulate. Ted is 30, Ed 38. Each has a beautiful wife and attractive children.

McCormack is slim, with honey-colored hair and electric blue eyes. He campaigns in an easy, quit-spoken manner, using a deceptive soft sell.

Kennedy is tall, big-shouldered, 6-foot-2, 202 pounds. He lost 10 since the campaign began. He has wavy hair, rock-crusher jaws, the Kennedy profile. Campaigning, he is more intense, and

at least as dynamic as the President.

"Here's My Boy"

He incites female riots everywhere.

In South Boston, a woman comes bolting out of a car, clamps a headlock on Ted's shrieks, "here's my boy."

It's pretty much the same McCormack. As he strolls street, you hear, "My, he's looking... Isn't he the sweet thing... Too bad he's married."

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

## Minnie Shipley's Rites Wednesday

ATLANTA—Mrs. Minnie Shipley, 86, died at 3:35 p.m. Sunday at the Abraham Lincoln Memorial Hospital at Lincoln.

The funeral will be at 2 p.m. Wednesday at the G.H. Tuttle home, with the Rev. Daniel Buck officiating. Burial will be in Atlanta cemetery.

Friends may call Tuesday at the Tuttle Home.

She was born Sept. 12, 1876, in Logan County, a daughter of John and Mahala Jane Clawson Waldron. She was married to Benjamin A. Shipley March 12, 1907, at Lincoln. They lived most of their married life in Atlanta, except for two years in North Dakota. For the past two years they have lived at the Desconess Memorial Home at Lincoln.

She is survived by her husband and several nieces and nephews. Mrs. Shipley was a member of the Atlanta Methodist church.

### **Court Delay Of Day Here**

September term of the Logan county circuit court petit jury call, scheduled to begin Monday, was set back one day when Judge Leland Simkins was forced to dismiss all prospective jurors called and order the names of 50 more drawn. Simkins excused all but 33 of 75 prospective jurors called for Monday. The 50 new and 33 not excused Monday have been ordered to report at 9:30 a.m. Tuesday.

First case to be heard during the current call is Bennis et al vs. A. M. Park and the Lincoln Coal Mining Corp. Circuit Judge Creel Douglas will preside over this case as a change of venue was granted from the court of Judge Simkins.

The above mentioned case actually involved three suits. Charles W. Bennis has filed a malicious prosecution charge against Park, seeking a \$100,000 judgment. He also seeks \$21,800 from the Lincoln Coal Mining Co., on a charge of neglecting to keep mine and machinery in a workable manner.

A counter claim has been filed by the Lincoln Coal Mining Co., against Bennis, charging violation of terms of lease.

At least three other civil suits are scheduled to be brought before the court during the current session.

## Cattle Tour Party Here Saturday eve

A potluck supper for families and friends of the farmers who attended the western cattle tour sponsored by the Logan County Extension Council will be Saturday night, Sept. 22, at the Washington Monroe school cafeteria in Lincoln.

The potluck supper will start at 6:30 p.m. and will be followed by a showing of pictures and events enjoyed by the bus load of farmers who toured Missouri, Colorado, Wyoming, and Iowa farms.

According to Harold Brinkmeyer, Logan county farm adviser who was in charge of the tour, this is a good opportunity for many people to get a first hand look at the changing agricultural scene in the West and to learn about the outlook for feeder cattle replacements.

The program will start at approximately 7:45 p.m., following the potluck.

## Rally Enters Stock Trade

NEW YORK (AP) — The stock market pushed its mild, rallying phase into the third straight session with trading moderate early this afternoon.

The Associated Press average of 60 stocks at noon was up .8 at 225.0 with industrials up 1.30, rails off .1 and utilities up .6. Gains among key stocks were mostly fractional, a few going to a point or so.

The scattering of "growth" issues which has attracted considerable trading attention in recent weeks, moved up from 1 to 3 points. These were aided again by short covering in anticipation of another large short interest total to be announced this week by the New York Stock Exchange.

Short covering is the purchase of stocks to replace borrowed shares sold earlier in hope of a profit through a decline in value. Steels were narrowly mixed de-

committee and the community as the main reasons for selecting Lincoln as the site of the new factory over several other cities where sites were considered.

He praised the committee's willingness to work with new industries in aiding them to locate here. Golterman credited past experience with this community as a vital part in the company's selection of Lincoln.

"HAPPY ENDING"

Lee Berry, chairman of the Industrial Development committee, said Tuesday's announcement is the happy ending to six months work by the committee and Hal Swesey, Lincoln Chamber of Commerce manager.

The committee was first approached on the possibility in April. Its chief task was to find a suitable location. Berry said negotiations on three separate sites failed before the committee was able to obtain the 10 acre plot of ground on which the factory is to be built from Marie and John Hubbard.

## Most Stocks Show Lower Levels in Day's Trading

NEW YORK (AP)—Stock market prices eased gently in dull trading early this afternoon.

The Associated Press average of 60 stocks at noon was off .3 at 223.9 with industrials up .1, rails off .6, and utilities down .2.

Most key stocks took fractional losses. Quite a few were unchanged. A few wider losses occurred among the "growth" issues.

The market seemed to be lingering in another watch-and-wait phase after clipping short a moderate rally Tuesday.

There was little response to news that housing starts in August were 5 per cent above the July rate and 15 per cent above the year-earlier level.

### Steels Show Lower

A report that the steelworkers union is considering the reopening of current labor contracts to ask for wage increases next year

found steels only slightly lower.

Prices of the leading motors, oils, tobaccos, rubbers, and non-ferrous metals were unchanged to a bit lower.

Polaroid and IBM dropped about 3 points as profit taking continued on the latest recovery drive of the "growth" issues.

Korvette and Xerox fell more than a point apiece.

There seemed like emphasis in the selling, however. Trading was at the dullest pace of the week.

The over-all stock average was helped by a 2-point rise in DuPont.

U.S. Steel was off  $\frac{1}{4}$  at 41 $\frac{1}{2}$ , increasing the loss slightly in later trades. Bethlehem and Republic Steel also declined fractionally.

The Dow Jones industrial average at noon was off .54 at 606.55.

Corporate bonds were irregularly lower. U.S. government bonds were unchanged in moderate dealings over the counter.

## Bond Sales in Logan \$44,313

Logan county residents purchased a total of \$44,313 in series E and H United States savings bonds in August, according to James H. Vaughn of Lincoln, general county chairman of the savings bonds committee.

Sales of both series in the state of Illinois totaled \$26,864,671, which is 11.5 per cent below last year's total for the month, according to Arnold J. Rauen, state director of the U.S. savings bond division. Illinois sales accounted for 7.4 per cent of the national total which was \$360,000,000. In the first eight months of this year purchases in the state totaled 59.5 per cent of the annual Illinois quota which is \$382,000,000.

## Glen Reynolds Dies Suddenly

Glen S. Reynolds, 61, of 331 S. Kickapoo st., was pronounced dead on arrival at Abraham Lincoln Memorial hospital at 9:30 a.m. Wednesday. The body is at Kerrigan Funeral Home and the complete obituary and funeral arrangements will be published Thursday.

He was preceded in death by his wife, two weeks ago.

## Confess Part in Robbery Attempt

Two Lincoln youths, 19-year-old Richard Robert Martin and Terry Smith, 16, have admitted to McLean county Sheriff Carl Slaybeck an attempt to rob Horne's cafe, located on U.S. 66, at McLean, early Sunday a.m. Both are charged with breaking and entering.

Slaybeck said both have signed statements of their part in the attempt. Martin has already been arrested and was to appear before a McLean justice of the peace Wednesday. Smith is to appear later.

Martin is presently free on \$2,000 bond from this county after his arrest on a charge of mob action following an attack on six Lincoln college students by Martin and six others last week. Their case is to be brought before a Logan county grand jury which convenes next Monday.

The attempted burglary took place at 3 a.m. Sunday. Howard Chambers, manager of the cafe, was awakened by noise and routed the pair before anything was taken. He reportedly fired several shots after the culprits as they fled in an auto.

A carburetor box, tossed out near the scene of the attempted burglary, led to the arrest of the pair. Investigation disclosed the auto part had been sold in Lin-

## U. of I. Ag Dear At Rotary's Salute

Carrying on with the Salute to Agriculture theme which has prevailed in the county for the past two weeks, Lincoln Rotarians heard Dr. Carl Gardner, associate dean of agriculture at the University of Illinois, speak on "Commemorating the Land Grant Act" at Wednesday's luncheon meeting.

The speaker dwelt on education in this country in the 1840s when only the children of the wealthy could be educated, stating at that time only 1 out of every 13,000 high school graduates attended college as compared to one out three today.

Act History Reviewed  
He also related the history of the Land Grant Act, springing from an idea in the mind of John Baldwin Turner, an eastern-born Illinoisian, to the signing of

## ALL SMILES BY DEGREES

City Inspector Charles Gibson was all smiles.

He had just found out he was the winner of a new '62 model.

So off he went to claim his prize.

But he wasn't able to drive it back to city hall.

His two-wheel bicycle, won at Frank's Food Fair, was still housed in its packing case, not yet assembled.

It's just as well. City police "warned" him that he must have an operator's permit. Charlie is still all smiles.

## Detectors On Poles in Bomb Areas

LAS VEGAS, Nev. — While you're driving, keep your eye peeled for a white bucket perched atop a utility pole.

If you spot one, chances are it's a nuclear bomb explosion detector, the existence of which was disclosed in a news conference Thursday at the Air Force Association convention.

A network of these detectors has been installed in 99 critical target areas of the United States. There are three detectors, located 11 miles from predicted prime targets, in every major military and civilian center.

Not all detectors are on utility poles, but an Air Force spokesman said that's a good place to put them because they are made and serviced by Western Union.

The Air Force said the network

## Heavy Sales Drive Down N.Y. Stocks

NEW YORK — Heavy selling drove down stock market prices early this afternoon.

Losses of most key stocks went from fractions to a point or so but some of the important blue chips represented in the averages slipped 2 or more points.

The volatile "growth" issues, as usual, moved more widely than the rest of the market.

The Dow Jones industrial average once again fell through the psychologically important 600 level and the technically minded took this as a signal for further selling. The ticker tape ran late as prices declined, but caught abreast of transactions as stocks held around their lows and improved slightly.

Termed as General

The retreat was general, taking in steels, motors, oils, utilities, chemicals, tobaccos, drugs, rubbers and other significant groups.

There was nothing much in the news to use as an "excuse" for the drop. Brokers said the indecisive markets early this week simply had failed to muster enough strength to advance so traders began clearing the decks in usual preweekend caution.

The Associated Press average of 60 stocks at noon was off .6 with industrials down 1.0, rails down .2, and utilities down .4.

A drop of about 3 in Du Pont and around 2 in International Nickel dragged at the market barometers.

The Big Three motors were down about a point each.

Losses of the top three steel-

## Masquerading Doctor

LONDON — Fed up with his job of selling pills, Victor Read yearned for higher things — a career in medicine.

For 10 days he proudly walked the wards of Royal Richmond Hospital in white surgeon's coat, succoring the sick.

A court dispensed Read some bitter medicine Thursday — six months in jail and a \$1,120 fine for masquerading as a doctor.

The court heard how Read got his chance to escape from the dull routine of peddling pills.

He applied for a job as casualty officer, claiming a medical background at the universities of Cambridge and Sheffield and London's famed Guy's Hospital.

## Black Widow Spider Warning From State

**SPRINGFIELD, Ill.**—Coinciding with autumn clean-up activities around the home, a special warning from the Illinois Department of Public Health regards Black Widow spiders, usually in evidence in early fall.

Although this poisonous spider is common throughout Illinois, it is much more numerous in the southern half of the state. The greatest danger of bites occurs when a person picks up an object to which the spider is clinging, or when the spider is touched inadvertently.

The Black Widow may be confused with the common jumping spider which is somewhat smaller and has a black hairy body. The Black Widow, however, has a shiny black globular body with two reddish or yellowish triangles on the underside, forming the characteristic hourglass marking. Its body is more than a half-inch long and the wiry legs are almost an inch and a half long in the mature female.

"Be on the lookout for these unpleasant creatures in dark secluded places, such as corners of basements and garages, under porches, woodpiles, sandboxes, and even in clothing in dark closets," warned Dr. Franklin D. Yoder, state health director. "They also like to lurk in crawl spaces under homes, protected crevices and corners of all kinds."

The bite of the spider seems much like a sharp pin prick and may go unnoticed. Slight swelling and two red spots with surrounding redness may indicate where the bite has occurred. The venom affects the central nervous system causing violent abdominal cramps and muscle spasms. This may be accompanied by difficulty in breathing or speaking, vomiting, stupor and convulsions. Pain may become intense in one

to three hours. Go To Doctor!

A physician should be consulted immediately if a person develops these symptoms develop possible exposure to spider regardless of whether the knowledge of spider bite many instances, susceptible the bite will depend on individual sensitivity to the venom, a area on the body where it has been inflicted.

Black Widow spiders can be eradicated by killing them using an insecticide containing either chlordane or lindane according to printed directions on the containers.

## Lincoln Praised For Welcome for Well Survey Co.

Praise for the way Lincoln has welcomed one of its new businesses—Schlumberger Well Survey Corp.,—was voiced by its manager, Stanley Harris. He spoke for the Kiwanis club of Lincoln luncheon meeting Tuesday at Hotel Lincoln.

Here since the last of June, the firm brought 10 families to Lincoln.— hiring two additional workers here. And it has hopes for still further expanding its Lincoln operation, Harris said. The company came here from Effingham, Ill.

The survey firm uses electrical measurements in bores (holes) made in searching for oil and gas. There are 27 different types of services and 100 plants in the U.S. Headquarters is in Houston, Texas, where the equipment is built. The surveys are also conducted in connection with natural gas storage.

Lincoln was chosen as the site because of its central location in respect to the large area of fields in which operations are carried on. The firm operates a fleet of blue and white trucks. After his talk, Harris answered questions.

Program chairman was Kiwanian A. L. Kiser. The club's annual ladies night is being planned for Oct. 23 with Kiwanian Rudy Stefanec chairman of the committee on arrangements. The dinner is to be served at Immanuel Lutheran church.

## Give News Awards

MINNEAPOLIS — The Associated Press Managing Editors association Tuesday awarded citations to 46 newspapers, radio and television stations for outstanding contributions to The Associated Press news-report.

The awards were announced at the annual APME convention here. They went to papers and stations which turned in exceptional jobs of cooperation in the coverage of news events in behalf of all AP members.

Stories and photos in many cases were made available to all AP members before they could be used by those receiving the citations.

## Farm Bill Passes Senate by 52-41

WASHINGTON — President Kennedy has received from Congress a new farm program containing about half of what he requested and denounced by a Republican leader as "bait in the trap" for tougher controls later.

The bill barreled through the Senate 52 to 41 Tuesday—an almost comfortable margin after its cliff-hanging five-vote victory in the House last week.

All 34 Republicans voting opposed the measure. They were joined by seven Democrats.

During five hours of debate the program was praised as realistic and fair, and condemned as a monstrosity and worse than no bill at all.

In Right Direction?

The administration has welcomed the measure as a step in the right direction.

Here is what the administration got and didn't get:

It got a new and permanent wheat program which it expects to be more effective in limiting production and stabilizing grower prices.

It got broadened authority to deal with problems of stagnating rural areas incapable of prospering in agriculture.

It failed to get a control program for feed grains. Congress approved a one-year extension of the present voluntary feed grain

retirement program paying farmers to idle their land.

The wheat program is the administration's first major commodity legislative victory since it took office.

Will Try Again

Secretary of Agriculture Orville L. Freeman has said that a new attempt will be made at the next session to get controls for feed grains and milk and a new program for cotton.

The new wheat program will not go into effect until 1964, and then only if approved by two-thirds of growers voting in a referendum.

The bill provides two types of payments to growers who reduce wheat acreages for the 1963 crop by at least 20 per cent. One is an 18-cent-a-bushel payment on the idled land equivalent to half the value of the normal production on those acres.

By Acreage Reduction

The 1962 wheat crop was grown under a program which required growers to reduce acreages at least 10 per cent from their allotments in return for payments.

The permanent wheat program will permit a lower acreage allotment than the 55-million acre minimum in the present law. It also will assign bushel quotas to individual farms, designed to cover domestic food requirements and exports. Each grower would get a certificate entitling him to \$2 a bushel on this part of his production.

Wheat grown on the reduced allotments in excess of the amount covered by the certificates would be supported at around \$1.30 a bushel. The bulk of this wheat would be expected to be used for livestock feed.

Much the Same

The feed grain program authorized for next year is similar to this year's.

It offers incentives to farmers to reduce plantings of corn, sorghum grain and barley until the surplus is disposed of.

But for 1964 and thereafter there is provision for a support program that would give the secretary of agriculture much broader power to fix price support levels.

## Uneasiness Persists in S.L. Suburb

ST. LOUIS — Fires destroyed three homes Tuesday night as scores of officers continued to patrol troubled suburban Kinloch following a demonstration by a mob incensed over the fatal shooting of a youth.

Kinloch Mayor Clarence Lee called the fires the work of arsonists. There were no injuries.

A shotgun blast wounded three white officers and a Negro bystander Tuesday morning as the officers moved to break up a crowd of about 200 Negroes. None of the wounded was hurt critically.

Shot by Police Officer

The violence in the all-Negro community stemmed from the shooting Sunday of Darnell Dortch, 20, by a Negro police officer, Israel Mason, 74. Mason turned in his resignation Tuesday and Lee said it was immediately accepted. Mason said the shooting occurred when Dortch refused to accept a careless driving warrant.

Mayor Lee said no racial angles were involved in the demonstrations.

A grade school was burned and seven other fires broke out Monday night and Tuesday morning.

Negroes gathered near the police station, shouting, "We want Mason." Chief of Police Roosevelt Hoskins said, "There was a lot of yelling and scuffling. They began calling names at the policemen."

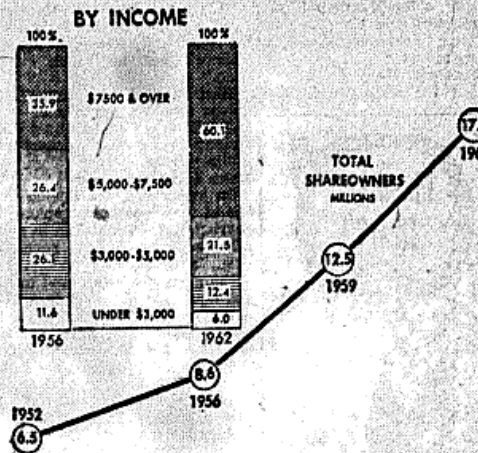

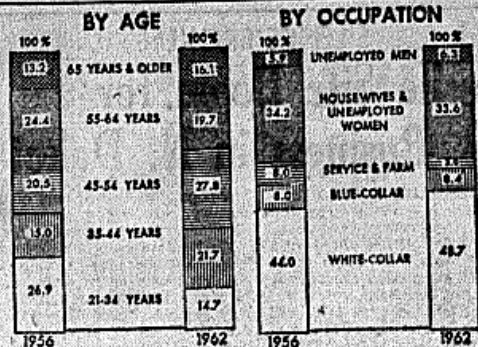

Not Heavily Damaged

Two fires were set in Hoskins' home, but no heavy damage was done.

Kinloch is a community of about 8,500, four miles from St. Louis.

Pickets, parading Tuesday before the Kinloch City Hall and adjoining police headquarters said Kinloch policemen were "unqualified," "uneducated" and "trigger-happy."

If you're average, your hair grows about half an inch a month. That's the word from our barber.

"The speaker will take about 10 minutes to tell you all he knows about baseball," said a master of ceremonies as he introduced a prominent college coach.

Advice—If you have a soft job, don't make a featherbed out of it and sleep on it.

Peanut eaters are asking—is Kiwanis having a peanut sale this year? The answer is "Yes".

Asked to go to his boss' house for something needed for the day's work, a young Lincoln man obliged—except he got no farther than unlocking the door. The dog was at the door and took a grab at the helper's foot, all the time setting up a ruckus with her barking, growling, etc. So the obliging young fellow came back emptyhanded.

The flies still on the wing are entirely too friendly. They even bother folks during church worship services. Only consolation, they can't last much longer.

Lincoln lad of 7 years, taken to Springfield for dental surgery, had the attending nurse "stopped." Seeking to make things as easy as possible for the lad, she began an explanation of the equipment, etc. She needn't bother, the lad told "Nurse," because "I watch Doctor Kildare."

Now is the time folks are discovering the dirty work done by moths during the Summer season.

Those who like tulips, jonquils, hyacinths, crocuses and other bulb flowers will be interested in learning the quality of bulbs from Holland in this year's crop is excellent. The Dutch growing season was slowed by cold weather there is a bonus—the fine quality. Planted this Fall, the bulbs will "light up" with blooms next Spring.

Logan County Men's Glee club members will be appearing in new white coats for indoor season programs. Weekly rehearsals and new music will put the singers in fine fettle for coming activities, reports Director Lou Horton.

Sept. 25 was an ideal Autumn day hereabouts this year. But 20 years ago it was a different story

—snow covered Illinois. The 1942 storm roared in from the Rockies accompanied by cold. Colored leaves were frozen and fell from trees and shrubs—other vegetation was stiffened. Which reminds there will be more of same in the months ahead.

The Swiss navy, butt of many a joke through the years, has redeemed itself. It was a Swiss freighter which picked up most of those dumped in the ocean when a U.S. plane headed into the brink this week off the coast of Ireland. To those rescued, the Swiss navy has "established" itself.

The Courier is duly appreciative of the many folks who submit news items—either in person or by mail. We would like to urge they use larger pieces of papers for their announcements, etc. Many turn in weeny fragments of paper which are easily lost. Paper is one item still withing the reach of all pocketbooks.

There are only 97 one-room school houses left in Illinois, according to a National Education association report. Supt. Donald Splain says there are none in Logan county. Where rural school properties were sold, the money reverted to the school district. A number of the former Logan one-roomers are now attractive homes.

Might be a nice idea for dog lovers to check the pound if they have need for a pet.

It isn't often that a family spat (between husband and wife) results in \$2,500 being tossed away. In Los Angeles this week, a man and wife, on the way to buy a new car, argued over what kind to purchase. In gesturing, the wife threw out a sack holding the \$2,500 for the new machine. The dough went down the drain—to stay. TIP—if you face this situation, better argue it out at home before you start for the car dealer—it will be less expensive.

This is the season of color and we ran across an article which says one can tell his lady love's mood by this color chart.

Red—She wants to appear sensuous.  
Bluish Violet — She probably is sensuous.  
Blue — She wants to inspire confidence.  
White — She wants to appear composed.  
Silver — She wants to dazzle you with her glamor &
