Outbreak at Prison

ANAMOSA, Iowa (AP) — A riot at the Iowa Men's Reformatory resulted in fires and expensive damage to buildings and equipment Thursday night.

The disorders apparently were over food preparation, the costs of items inmates buy at the prison's commissary and other complaints.

The fires virtually destroyed the prison tailor shop and heavily damaged the print shop and sign manufacturing building.

No immediate estimate of damage was available.

Accept Corn Loan Applications Here

Logan County ASCS Office is now ready to accept applications for 1963 corn loans, according to Gerald E. Gehrke, office manager. Shelled corn must be in store 30 days and contain not more than 14 per cent moisture.

Ear corn will be probed and eligibility will be determined by the maximum moisture content which is based upon the width of the crib. Quantities will be determined by measurements as in the past.

As a part of the ASCS effort to simplify procedure and make participation in the program easier for farmers, new procedure for price-support loans for grains are being prepared on 1964 crops, but will not be effective for the 1963 crops.

Former Premier Party Wins in Greek Voting

ATHENS, Greece (AP) — Former Premier George Papandreou's Center Union party won an upset victory today in the Greek parliamentary elections, ending eight years of rule by Constantine Caramanlis' rightist National Radical Union.

It was not immediately clear, however, whether Papandreou's party had won a majority of seats in the 300-member Parliament or whether it would be forced to form a coalition government.

No Change Eyed

No change was expected in Greece's pro-Western alignment. Foreign policy played little part in the campaign in this NATO nation on the alliance's strategic eastern flank.

Papandreou, 75, leader of Greece's government - in - exile in World War II and its first postwar premier, charged Caramanlis had governed this birthplace of democracy as a police state.

Two years ago, Caramanlis' party won 180 parliamentary seats on a popular vote of 51 per cent. The Center Union won only 33 per cent and 95 seats, while the Communist front got 15 per cent and 20 seats.

Caramanlis, 56, resigned as premier in June after King Paul and Queen Frederika rejected his advice that they call off a trip to Britain because of demonstrations in London earlier against the queen.

Accused Auto Thieves Held

Two Detroit youths, Wayne Carson, 18, and Howard Little, 21, are in Logan county jail in lieu of \$5,000 bond after their arrest Wednesday afternoon on a charge of auto theft.

Chief Deputy Ken Simmons, who made the arrests with State Troopers Morris Akers and Bob Baker, said the youths stole the auto in Detroit Tuesday.

Local authorities received a tip from McLean county authorities that the two youths had stopped at a restaurant at McLean and tried to steal a tire.

After obtaining a description of the car, Simmons and the two troopers set up a block on U.S. 66 and made the arrest.

Sheriff Ken Zimmerman said Thursday he had received hold warrants on the pair from the Federal Bureau of Investigation which is charging both with violation of the Dyer Act, transporting a stolen vehicle across a state line.

Simmons said the youths were stopped by Chicago police early Wednesday forenoon and issued a ticket for speeding. Chicago authorities later released them after they posted a \$20 bond.

He added that the youths had stolen license plates from a junk yard in Detroit and placed them over the dealer plates that were on the vehicle, securing the stolen plates in place with baling wire.

Calls Tax Law Wisy-Washy

SPRINGFIELD, Ill. — A tax expert today blamed wisy-washy Illinois law for the predicament of school districts which cannot repay protested railroad tax money because they spent it. Maurice Scott, executive secretary of the Taxpayers Federation of Illinois, said the legislature should order county treasurers clearly not to pay out such money to local governments.

"One law now says they can pay it out," Scott said in an interview. "Another says they shouldn't do it. If I were a county treasurer, I wouldn't."

Scott estimated that 80 Illinois county treasurers would not release protested tax payments for spending.

One reason they would hold on to the money, he said, is that they may have to pay it back. Courts are now ordering repayment by governments, including school districts, that spent it.

Most school districts do not have surplus funds to meet such emergencies. Legislative observers expect some districts to ask the legislature to bail them out of their troubles with special appropriations in 1965.

Here's how the present situation came about:

Chaplain of Being Expan

Members of the steering committee of the Lincoln and Logan county Chaplain of the Mor program have decided to expand the program to assist the schools of the city and county, when requested, and to work in conjunction with the Recreation Departments of the county.

The decision was announced Friday by States Atty. Darr E. Klink following a meeting of the committee at his office Thursday afternoon.

The group also decided to send letters to all merchants of the county so they may be made aware of the services available and also to stress their importance in reporting incidents to the chaplains and the police so that positive steps can be taken to assist youths at the earliest possible indication of wrongdoing.

A.S.C. Asks Early Action

Producers in Logan county who are eligible and interested in obtaining loans under the 1963 Price Support Programs and wish the proceeds disbursed prior to Jan. 1, are asked to apply promptly at the ASCS Office, according to Donald D. Kurtz, county chairman.

Gerald E. Gehrke, office manager, explained that it sometimes takes considerable time for a producer to obtain his farm-stored commodity loan funds due to the required exact measurements of quantity and determination of quality factors. In 1964, however, administrative instructions will be held to a minimum, and farmer-committeemen will have more responsibility in the local administration of the programs.

Therefore, may all who wish their money before the first of the year may apply before Dec. 13, and those who do not want their money until after the first will wait to make their application until after that date.

Medic Murder Probe 'Blank'

CHICAGO (AP)—Police so far have drawn a blank in the murder of Dr. Andrew Rotche, 53, a West Side physician.

Dr. Rotche was shot Thursday in his office by a young, Negro gunman posing as a patient.

Police said they had nothing to indicate whether either the motive for the slaying or the identity of the killer. They said, however, they had a good description of the man.

The physician's receptionist, Mrs. Minnie Burgess, told police the gunman registered as a "Mr. Johnson" and was quiet and polite as he waited a few minutes before being admitted to see Dr. Rotche.

She said the killer fired almost immediately upon confronting the physician in his inner office, then fled through the reception room where six other persons were waiting.

Police said there was no indication of a scuffle. It was not immediately determined if any money had been taken.

Dr. Rotche shared a second floor suite in People's Medical Center, 1703 W. Madison St.

Many of the physician's patients were relief recipients, a spokesman for the Cook County Department of Public Aid said.

"He saw a good many tough characters at his office," the spokesman commented.

Purchase of recreation equipment for Lincoln State School is the goal in a weekend fund drive at Decatur by the branch of Lincoln Parents association there. The goal is \$1,800 — of which 75 per cent is to be used for providing the equipment. Youth groups are assisting in the appeal.

When better bowling is done, it will be by the Texas Boys Choir which appeared in a Nov. 14 concert in Lincoln. The 26 lads bow as ONE and in a non-formal way.

Perhaps it is because they receive regular instruction in fencing so they may have bodily lithe-ness and grace. From whatever source, they have those characteristics in abundance.

It is interesting to note that the Old World Boy Choir idea

has a link with Lincoln — Lincoln, England, that is. It reveals the first choir boy singing school was founded in English city of "our name" way back in 1253. — In days women were banned participation in sacred sex and so boy choirs were started to perform in religious rites.

The president of the Chamber of Commerce liked the coverage of the Nov. 13 Progress dinner program and the courtesy to say so. Hal Augspurger took time from busy life to make a phone call and express appreciation for organization he heads.

In addition to the banks Pulaski, those wishing to contribute to the fund to aid Elmer Henrichsmeyer may leave their assistance Chesterville elevator. For the family met death in an accident a week ago.

Sales tax tables will be available in the District Director's Office on or about Dec. 1.

Army in Control In Iraq

BEIRUT, Lebanon (AP)—President Abdel Salam Aref and the leaders of the Iraqi armed forces overthrew their country's Ba'ath Socialist government today and took control.

Aref in one of his early proclamations indicated that he hoped to revive the agreement to merge Iraq with Syria and President Gamal Abdel Nasser's United Arab Republic.

The President, an admirer of Nasser, said he would cooperate closely with all Arab nations, "especially with the United Arab Republic."

Aref, who has been Iraq's provisional president since the military ousted Premier Abdel Karim Kassem's dictatorship in February, assumed full powers as head of a new revolutionary council.

FACE EXECUTION

He ordered dissolution of the National Guard, a semi-military unit of Ba'ath Socialist party youths loyal to exiled Deputy Premier Ali Saleh El Saadi, leader of an extreme left faction of Ba'athists. All guardsmen were ordered to surrender their weapons to the armed forces. Those who refused were to be executed on the spot.

Baghdad Radio said the armed forces had captured National Guard headquarters and taken a number of guardsmen prisoner.

CURFEW PROCLAIMED

The armed forces also were reported to have encountered some resistance in sections of Baghdad, but appeared to have full control by mid-morning. A general curfew proclaimed at 6:40 a.m. was said to allow bakers and others in essential services to go to their jobs.

Aref said in a statement broadcast over Baghdad Radio that he was taking over full powers to safeguard the unity of the Iraqi people.

Iraq had been in the throes of a week-long internal power struggle between moderate and extremist factions of the Ba'ath party. Ba'athist leaders from Syria had gone to Iraq to help restore order.

OBLIGATION PLEDGE

Aref pledged that he would carry out "the brotherly obligations to our sister Arab states, especially Syria and the United Arab Republic. We say to our beloved sister, Syria, that we will always be with her. We will carry out our obligations toward her."

The United Arab Republic, Iraq and Syria agreed in April to join in a federation, but the Ba'athists in Syria and Iraq rejected domination by Nasser and dropped Nasserites from their ruling councils. Nasser subsequently denounced the Ba'athists, especially those of Syria, and nothing came of the proposed federation.

Recently the Ba'athists in Iraq and Syria formed a united military command, began discussions of economic union and set political union as their ultimate goal.

Aref indicated that he wanted the Syrian-Iraqi military union to continue. He sent a message to the commander of the Syrian army brigade fighting Kurdish

Barghoorn Charges Mysterious, Claims

NEW HAVEN, Conn. (AP)—"I'm working on my book and I hope I'll have a period of quiet after this," says Frederick C. Barghoorn, home from the Soviet Union where he was jailed as a spy.

Arrested Oct. 31 on an espionage charge, the 52-year-old Yale professor was imprisoned in Moscow until Saturday.

Then the Soviet Union, citing the personal concern expressed by President Kennedy, announced it was expelling Barghoorn. He was hustled aboard an airliner and flown to London. Sunday a second flight carried him to New York and a chartered plane brought him to New Haven. He was taken to the apartment of Mrs. Elizabeth Barghoorn, his 80-year-old mother. Barghoorn, a bachelor, lives next door.

CALLED "UNPLEASANT"

At a news conference Sunday night, Barghoorn read a statement about "my unpleasant experience."

He allowed only a few minutes of questions. He refused to answer, or replied cautiously, to questions about details of his arrest, confinement and release.

He said he would withhold a number of details "until I have had an opportunity to fully acquaint myself with the views and information of the appropriate officials in Washington."

The Russians, Barghoorn said, accused him of gathering intelligence during his employment in the U.S. Embassy in Moscow in the 1940s and on six trips he has made to the Soviet Union since 1947.

Soviet studies are Barghoorn's specialty as a professor of political science. He has written several books on the Soviet Union and was gathering material for another when he was arrested.

The climate of suspicion in Russia is such, he said, that "one can be accused of conducting intelligence activity merely by walking down the street — especially if one has hostile intentions against the Soviet state; hostile, that is, in the opinion of the appropriate Soviet authorities."

He denied that the Russians

had any basis for accusing him of spying.

COULD HAVE REFUSED

They knew he was going to try and determine how public opinion is formed in the Soviet Union, Barghoorn said, and could have refused him a visa.

"There are many inexplicable and mysterious aspects of this episode," he said. "I shall probably never know why the Soviet government decided to take an action which by non-Soviet standards was so strange and indeed bizarre."

Barghoorn declined to name the prison in which he was held or to tell almost anything about his experiences as a prisoner. But when asked if he underwent much questioning, he replied "all the time."

Asked about psychological or physical pressures used on him, he answered:

"I think that within the terms of their system I was well treated."

HIS VODKA, CAVIAR

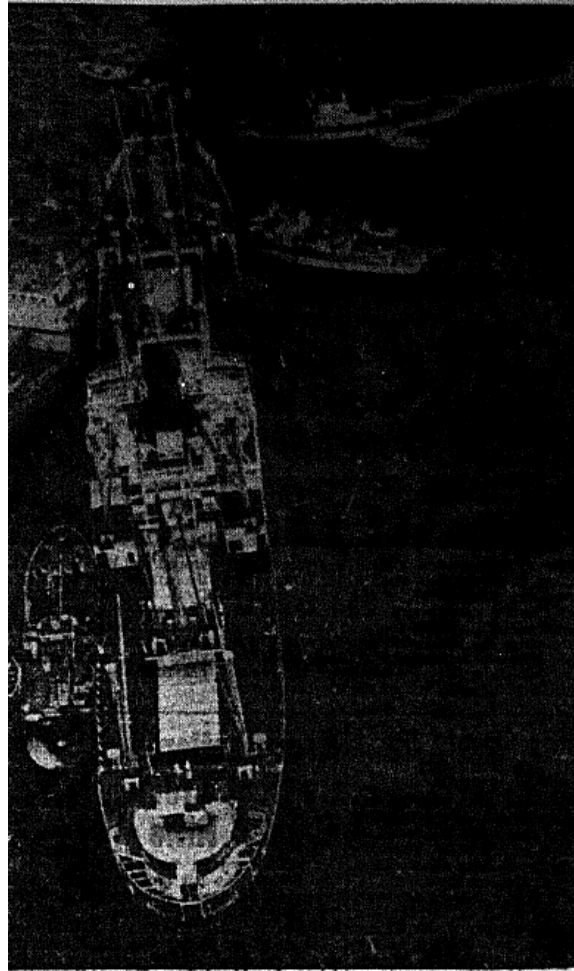

On the flight to New York Barghoorn celebrated with a shot of vodka and some caviar.

"I think it all came out for the best," he said during the flight. "I greatly appreciate what President Kennedy has done in my behalf, and I definitely do not intend to reveal details..."

MT. PULASKI—Walter D. Dinger, 20, of Mt. Pulaski, was the victim of a bold highway robbery Saturday night, according to Macon county authorities.

The youth told authorities that his auto, in which he and three other Mt. Pulaski youths were riding, was forced off Ill. Rte. 121 at 9:30 p.m. Saturday, approximately one mile west of Beardsdale, while en route to Decatur.

Dinger reported three or four youths got out of the other auto and stood in front of his car. One of the youths then approached Dinger's car, struck him in the face and grabbed his billfold containing \$33.

Farewell - - -

(Continued from page 1)

The other eulogies were delivered by the late President's congressional leaders. Senate Democratic leader Mike Mansfield and House Speaker John W. McCormack, the tall white-haired Bostonian who had watched the Harvard-educated millionaire's son move swiftly up from House to Senate to White House.

"We must thank God," said McCormack, "that we were privileged, however briefly, to have had this great man for president."

John Jr. had also accompanied his mother and sister to the services, but too young to understand figured and finally had to be led away. His third birthday is today.

And then at the end, Mrs. Kennedy walked up to the closed coffin with little Caroline beside her. She knelt and kissed it.

Memorials Asked

On behalf of all Veterans of all our Nation's wars of the Lincoln community, the Inter-Veterans Council of Lincoln wishes at this time to ask all persons to join in paying its respects for the late President of the United States of America, John Fitzgerald Kennedy.

The late President served his country in the time of war and in time of national emergency with the utmost skill and personal devotion and during his years as a veteran he showed in many ways that he was very proud to have been a part of the very special group of Americans, who answered their country's call to arms in the time of war.

President Kennedy shall be sorely missed by his fellow countrymen and by people throughout the world who love peace and desire freedom.

The Intra-Veterans Council asks that all veterans organizations at their next regular meetings hold fitting memorial ceremonies for the late commander-in-chief of all the armed forces of the United States of America.

To Ponder Hike in Logan F.B. Dues

One of the major items of business that will come before members of the Logan County Farm Bureau at the 46th annual meeting Saturday, Dec. 7, is a proposal to raise membership dues.

According to Dave Clem, organization secretary, the dues raise is necessary principally because of the increase in state dues approved by delegates at the I.A.A. convention in Chicago Nov. 21. At that time, it was voted to up state dues from \$7 to \$9. This requires an additional \$2.00 per Farm Bureau member to be sent to the state organization.

Clem stated that an increase in yearly dues must be the decision of the members. It can only be proposed by the board of directors. Such a proposal requires a

favorable vote of two thirds majority of those members in good standing and present at the meeting.

The Farm Bureau secretary said the proposed increase would be a minimum of \$2. It is estimated that 80 to 90 per cent of the counties in the state will increase membership dues.

Dues in Logan county are now \$30 annually. Throughout the state, the dues range from a low of \$18 to a high of \$30.

The last increase in membership dues in Logan county was in 1957, when the increase was from \$15 to the present \$30.

A complete explanation of the proposal and its need will be given at the annual meeting. There will be a period given to discussion of the proposal, Clem added.

Charles H. "Chuck" Percy, candidate for the Republican nomination for governor, will be the featured speaker at the meeting which is scheduled to begin at 1 p.m. in the Lincoln Community High School auditorium.

We as a Christian nation should forever keep Christian principles in our homes and schools and should not let minorities rule or dictate. Stocks Spurt Higher Today

NEW YORK — A tremendous wave of buying put the stock market up to a huge gain early this afternoon, recovering a major part of the losses taken Friday on news of President Kennedy's death.

Key stocks advanced from 1 to about 5 points on a broad front.

Demand for some market wheelhorses was so great that their opening was delayed until after 12 noon (EST). Among these were AT&T, Du Pont, General Dynamics and American Motors.

U. S. Steel opened on a great block of 120,000 shares, up 5½ at 51. General Motors rose 3 to 77½ on 76,000 shares. Sperry Rand opened on 60,000 shares, up 2½ at 17½.

Pent-up buy orders were so heavy exchange officials had difficulty in making a market. The ticker tape ran late.

The Dow Jones Industrial average at noon was up 16.43 to 727.92 — compared with its loss of 21.16 Friday when the New York Stock Exchange closed the market early because of panic conditions following the assassination of the President. Wall Street seemed reassured that there would be no great change in economic conditions as a result of the national tragedy.

EMERGENCIES

Negotiate Further in Strike Here

Negotiations between members of the striking Machinists Union and Cutler-Hammer officials continued Wednesday forenoon at city council chambers here.

No decisions had been reached when the negotiations broke up at 11:45 a.m.

Latest development in the 12-day old strike is a request of office employees at the Lincoln plant to be recognized as union. A letter presented to Plant Mgr. Charles Doria late Tuesday night advised him that John A. Drennan, business representative of the International Association of Machinists from Springfield, and Ken Holland, Peoria, member of the IAM District 123, have been authorized to represent the office workers in the signing of authorization cards. The letter requested recognition for the agents, stating that if recognition be refused, the matter would go before the National Labor Relations board to conduct an election for the office employees.

Ross Jones, president of Local Union 1165, stated at noon Wednesday that it is his understanding that the Cutler-Hammer plant has refused to recognize the authorized bargaining agents and
