Changeover For Courts Here Jan. 2

(Photo on page 3)
"Operation Changeover", resulting from the new judicial set up which became effective Jan. 2, is in full swing in Logan county.

While there are still numerous minor rough spots in the program, a fairly complete plan has been worked out by court and law enforcement officials. The court change affects not only the various courts of the county, but also the offices of the clerk of the circuit court and county court and law enforcement agencies on the state, county and city level.

Judge Leland Simkins will continue to preside over the general division of the circuit court, formerly circuit court; Judge John T. McCullough will preside over the county division, formerly county court; while Justices of the Peace William Crumpler, Francis Myrick and John Turner and Lincoln Police Magistrate Edgar Thompson will preside in the magistrate division.

Chief Judge Simkins has named Crumpler to preside in magistrate court, which will be open from 9:30 a.m. to 5 p.m. each day except Sunday, for the remainder of this week, with Myrick to preside the six days of next week and Turner the following week.

Under the new system all citations, including traffic tickets, are filed in the office of the clerk of the circuit court. The first ticket that office received and filed Thursday was that of John W. Reineke, 22, of 620 Eleventh st., who was ticketed by Lincoln city police on a charge of failure to reduce speed to avoid an accident.

ATLANTA—Mrs. and Mr. Jack Ratliff and Mrs. Claud Sessions had an unusual holiday season call. A niece, Mrs. Earl Laughman arranged a "conversational" reunion via telephone. Four nieces, their husbands, a nephew, brother-in-law, three grandnieces and one grand nephew were included. Call cities were Prescott, Ariz.; Redwood City and Palmdale, Calif. and Albuquerque, N.M. Because of the time differences, arrangements were made by the telephone company which contacted each family a week in advance. The unique conversation lasted about 15 minutes.

Sam Hill, who used to be the City Recreation Department director here, now superintends recreation in Elmhurst, Ill. a place of some 43,000. It is plain to see from the holiday greeting from Sam and Carolyn (wife) that their daughter, Jennifer Jolene, born last March, is the apple of their eye—in fact they say just that in so many words. Their message says "We miss Lincoln very much; good luck in the selection of an all-America city." The Hills' Elmhurst address is 453 Fairview.

Without the Forgotten Children's Fund for residents at the State School, 40 per cent of them would go without the small items which most of us take for granted. The fund, according to Harold Reiners, business manager, will probably reach the \$11,000 mark. Already more than \$10,000 has been contributed and more keeps coming.

The money goes into a trust fund for the benefit of those who have no other means. Later the money is issued in the form of commissary cards (worth \$1) to about 2,000 in the institution. These enable the recipients to purchase small items which they personally enjoy.—The name of the fund has a genuine appeal.

Wild Dog Packs Seen in Logan

The Logan County Sportsmen's Club is planning a roundup of wild dog packs reportedly running wild in the county. Plans for the roundup will be formulated at a meeting of the club Wednesday night.

Two packs, each of eight to 10 dogs, have been reported seen in the county and responsible for the killing of farm animals, including calves, chickens and dogs.

The victims were Keith Yancer, 3, and three sisters, Joan, 5, Marjorie, 1, and Melissa, 2. Three other Yancer children were rescued by a neighbor who pulled them through the front door after smashing out the glass.

The children told police the fire started when one of them dropped tissue paper into a lighted gas range being used to heat the frame house.

Slowdown in Stock Trade

NEW YORK — The six-day stock market advance stalled early this afternoon around the level of its latest all-time peak. Trading was fairly active. Prices were mixed, with most changes small.

If Wall Street showed any surprise, it was that prices did not dip in a normal spell of general profit taking. Instead, the list remained on an even keel.

At noon, the Associated Press average of 60 stocks was unchanged at 289.2 — the historic closing high it established Wednesday. Industrial volume off 1, rail rose .4 and utilities were unchanged.

Selective gains among motors, oils, rails, office equipments, drugs and tobaccos were the upside features.

There were losers in the same groups. Steels continued to decline on balance as these stocks, highly favored in brokerage house comment, backed away on profit taking.

The Dow Jones Industrial average at noon was off .91 at 733.55 while the Dow Jones average of 65 industrials, rails and utilities was unchanged at 271.45.

Oswald's Widow Will Author Book

DALLAS — Mrs. Marina Oswald plans to write a book about her life in Russia and her marriage with Lee Harvey Oswald, the Dallas Morning News said today.

The widow, 22, whose business manager said Wednesday had accepted as a fact that her husband assassinated President John F. Kennedy, would get professional help in writing the book, the newspaper said.

It said a Grand Prairie lawyer, John M. Thorne, was to discuss the projected book with an executive from a major publishing company.

The Russian-speaking Marina has "picked up considerable English, enough to talk with you conversationally, but not enough to do a book," Thorne was quoted as saying.

McCarthy Announces

(Continued from page 1)

"I have 10 years service both as a representative and senator. The advantages of seniority and experience will enable me to be of greater service to the people in my District, the State of Illinois and to my party when I am returned to the Senate."

Highlights of McCarthy's legislative history came he claims, in 1937 when he became the first person to over-ride a governor's veto in 21 years in his bill to allow out of state heirs to participate in controlling their relative estates by "skinning the political plums" held by the public administrators.

The senator was also successful, says his announcement in passing in the House legislation to suspend the death penalty in Illinois and in the senate has reached 27 affirmative votes, falling only three votes short of passage. In 1961 as a senator the candidate claims he was instrumental in securing the adoption of the judicial revision. In 1963 he was a member of the judicial implementation committee. He also claims to have been successful in defeating efforts to legalize wire tapping.

a possible meeting today with Panama officials.

There was more violence Sunday in Colon, the Panamanian city on the Caribbean side of the canal. A Panamanian National Guardsman was killed and two others were wounded, bringing to 24 the death toll since a flag-raising incident in the Canal Zone Thursday set off the fighting. Three of the dead were U.S. soldiers.

The U.S. Army said the slain guardsman apparently was caught in a crossfire between snipers and U.S. soldiers. The Army said the guardsman was hit by a high velocity bullet while the U.S. troops were using shotguns. Panamanian guardsmen searched border streets on the Colon side for snipers.

Panama City's streets were deserted Sunday night, but earlier in the day as many as 100,000 turned out in the capital to follow the bodies of 14 countrymen killed in the fighting. Most of the 14 were students.

After funeral services in the Metropolitan Cathedral, the coffins were carried eight miles to the Jardin de Paz (Garden of Peace) Cemetery. President Roberto Chiari led the mourners.

While the OAS delegation appeared to have set up machinery to keep the pace along the canal, major issues between the United States and Panama remained unsettled.

better remembered when dramatized in the student's mind.

Time lines are described and illustrated. This device used by college history majors, is just as valuable for the average student as for the slow learner.

When high school and college students read the appropriate pamphlet before reading each section of their textbook, they report greater enjoyment in reading, and greater success in organizing and remembering material.

Before a student can assimilate the details of any subject, he must have in his mind a relatively simple outline of the topic.

As more materials for the slow learner become available they will meet hitherto unsupplied need of the average and gifted student.

TELL-TALES: Editor's Notebook....

Congratulations to the Rail-splitter cage team of Lincoln high—a front runner in the Big Twelve conference. Coach Moose Woltzen admits the quintet's performance is surprising to him and we need not add, the kind of a surprise that pleases and satisfies.—Fans are proud, and justly so.

Mrs. Lyman Dawson, trying to get home from a weekend Music Federation meeting in Carbondale, had to spend an extra \$20 in train fare because of the snow blockade in Champaign. Instead of "cross country," she had to come by way of Chicago.

The season is here. Seed catalogues are arriving by scads and the gardener is already planning just how his vegetables will grow and his flowers will look. By now, however, most know theirs won't quite match the vivid colors in the catalogues.

In case you missed the news story, Logan County Fair of 1964 will go on Aug. 7-12.

Most drivers find it difficult to remember to turn off their car lights if they are used during daylight—like in the storm last weekend. And unless they are informed by someone else, chances are the lights burn long enough to run down the storage battery.

Well-known area Republican, evidently for the senator from Arizona for president, referring to him as "Goldy."

If the attempt to move the American League Athletics of Kansas City to Louisville succeeds, it may not be so long between mint juleps.

After the big snow of last weekend, comes the ice and with it many a tumble. And unless a January thaw appears, there will be a lot of ice as the snow melts a bit, then freezes.

We would not pose as a driving instructor, but in these times of snow and ice, the gunning of a car motor and subsequent spinning of the rear wheels will leave less rubber on your tires when Spring arrives.

Reminds of the woman who sat behind the wheel and had the hind wheels spinning at a great rate. A pedestrian offered to help her but was told she didn't need assistance. To his amazement he saw her leave the car, extract a box of sand from the trunk and sprinkle it around the front wheels.

This brought a question from the would-be helper—"Do you think that will help?"—The reply he got — "It surely will, the trouble is with the front wheels, they aren't turning."—Oh dear!

The proper speed for driving now is SLOW. With snow and ice on many streets, application of the brakes is very apt to send your car skidding into some obstacle. If the brakes must be applied, do it carefully and easily.

Until now, doubtless, the Lin-

it could be in her Fall coat—and it was.

National Guitar Week starts Jan. 17. Should be a good excuse to dash out and get a set of ear-plugs.

MT. PULASKI — The Melvin Singley family has a new friend—Miss Wilmoth Carson, who teaches at the Mounds school in Detatur. Last weekend she went to Green Valley to see a sister and to take over her new car. Before reaching Mt. Pulaski, the teacher's car went off the road no fewer than seven times. In Mt. Pulaski, the machine cross-ways-ed and her progress was ended.

Cold and no little frightened, she knocked at a big, friendly-looking house, (the Singley home) was promptly asked in out of the storm and relaxed with some hot tea. With her car "stopped" at the I.C. viaduct snowblock over Rte. 121, the teacher was "kept" in Mt. Pulaski until Monday afternoon.

It is but one example of how strangers quickly became friends in the raging blizzard.

A thousand pardons to the Logan Women's Republican club. The Courier incorrectly attributed the preparation and serving of the meal at the recent Young Republicans organization meeting to the GOP county chairwomen when the credit really should have gone to the GOP Women's organization.

"Closed for Bill Randolph's Marriage" read a sign on the Alvey Drug Store when Homer came along to open up one morning. — Sixty-four dollar question is "Who Done It?"

Bernard Izzo, baritone who sang a concert here Jan. 5, complimented Lincoln on its fine high school auditorium as well as on the large number of the young present for the musical program.

With all the commotion about cigarette smoking, Mrs. Ruby Krotz, calls our attention to something unique — a lettuce cigarette. She reports a Punta Gorda, Fla., factory will make romaine lettuce cigs and they are now on sale in Miami Beach. The "new" smokes won't be on sale in tobacco stores nor vending machines. — In case you're having trouble with your smoking habits, maybe you can "lettuce" your way out.

Garbage collectors are having their troubles these days what with some of the alleys sporting huge snowdrifts.

"The Torch Is Passed" orders received by the Courier have now passed the 500 mark. And they still come in the mail daily, showing folks want a picture-story record of the President Kennedy assassination.

Marchers In Court

(By ASSOCIATED PRESS)

Seventy-three persons face trial in Atlanta Municipal Court today as a result of a melee and protest march on city jail during the weekend.

The first group of 24 was arrested after Negroes picketed a segregated lunch counter in which several members of the Ku Klux Klan were drinking coffee.

The others were taken into custody at the city jail when they protested the earlier arrests. They were arrested for refusing to move when ordered to do so by a policeman.

Conspiracy Mentioned

A Georgia Klan leader demanded an investigation by the Justice Department of what he called a conspiracy between some Atlanta officials and civil rights groups.

Calvin Craig, grand dragon of the Georgia Klan, said the so-called conspiracy was "well illustrated by the mob rule in Atlanta Saturday night. The Atlanta police were undermanned either by orders from the mayor or police chief so as to let such proceed."

Craig said he considers the incident similar to Communist rioting in Panama.

Police Set Policy

Atlanta police have adopted a policy of refusing to arrest demonstrators at business establishments unless proprietors swear out warrants against demonstrators.

In other racial developments, the Civil Rights Commission in Washington said federal compulsion to breach barriers that continue to bar Negroes from skilled crafts and jobs probably is inevitable.

TELL-TALES: Editor's Notebook....

Universities claim they add more knowledge every school year, explaining—"the freshmen bring us so much of it and the seniors take away so little."

Letter to tax bureau from an anonymous taxpayer admitted he had cheated on his income tax three years in a row. Admitting his conscience was bothering him, the teller wrote—"I enclose \$50 and if I still can't sleep, I'll send the balance."

Looking ahead—Spring starts March 20, Summer commences June 21, Autumn is ushered in Sept. 22, and Winter will be on deck again Dec. 21.

It is said no king ever wielded a scepter more powerful than a five-cent pencil in the hands of an American citizen when he sits down to write his Congressman.

MONDAY LAST DAY

So if you'd be a king, write!

Some women, when the shoe pinches, change stores rather than sizes.

Henry Kraus, 80, who resides at 810 N. McLean st. expects some day he will attain the age of his uncle, Joseph Kraus, of Morgan, Minn. The Minnesota Kraus marked his 100th birthday Jan. 6. The Lincoln Kraus has a newspaper showing a photo and story of his relative on the occasion of the "century birthday." He is a retired farmer, giving up "soiling" 20 years ago.—Joseph Kraus uses crutches to walk; is nearly blind, "short" on teeth and his hearing is impaired.

Most popular question of the day—"Have you quit smoking cigarettes?"

Some appear to be spending themselves into prosperity—at least they're not saving themselves into it.

Courier readers passing out the "bouquets" for the farm sale pageful of pictures. They liked it and are not hesitant to say so.

Pants are so tight these days they won't stand the strain. Every now and then a boy student at L.H.S. has to go home for a trouser change. A strenuous stoop-over puts too much strain on the trousers seats and they give way.—School authorities observe the pants are so tight they wonder how their wearers get them on—or off.

Pessimists are saying we'll "pay" for the Spring-like, unseasonable days of this week.—But we rather believe we "paid in advance" when we remember that Jan. 12 snowstorm.

Some members of a fraternal body in Lincoln are getting no "satisfaction" out of being put in an "exclusive" class. The chain letter they are receiving says it is only for those in the ranks of the organization mentioned.

It may be too late if you don't do it NOW—clip out the income tax series in this week's Couriers against the day when you will need the information therein.

When a person reaches the elder years, it gets so the candles cost more than the birthday cake.

Promises currently being made by politicians remind us of other promises politicians failed to keep in the past.

With the kind of weather we've been having, we can expect reports of robins being on hand most any day.

If you missed getting a crack on the head by a snowball you've not "enjoyed" Winter to the fullest.

Whether they get it or not, windows need a washing now—rather than in the Spring season. The Jan. 12 wind accompanying the snow left many panes actually muddy.

Klink Speaks at Atlanta Meeting

Darrell E. Klink, Republican candidate for State Senator, spoke Thursday night at the Atlanta Junior Women's Club on the subject, "The United States and Illinois Constitutions."

After explaining in detail the two Constitutions, Klink asserted: "Responsible citizens throughout the State recognize the need to reform the state taxing system. The inequities of the Illinois Tax structure has been apparent for many years and a complete revision of the Revenue Code, especially concerning property taxes, must be accomplished as soon as possible."

"The Lincoln lawyer continued, 'Besides the inequities and inequalities that exist, it is a well known fact that some counties collect their taxes and others do not. This leads to even greater injustices and inequalities.' Klink concluded, 'No one likes taxes but everyone would be satisfied if taxes were reasonable and everyone was treated fairly. Fair and reasonable taxation, economic stability and rigid economy should be a primary goal for every conscientious legislator and citizen.'"

Jailed After Crash

Two men spent Friday night in Lincoln city jail following a two-car collision at the intersection of Union st. and Woodlawn road at 10:05 p.m. Friday.

Clark was ticketed by city police for driving with a suspended operator's license and leaving the scene of an accident. He was jailed in lieu of \$600 bond. Alfred L. Hilst, r.r. 1, Annapolis owner of the car, was ticketed for allowing an unauthorized person to drive his vehicle. He was ticketed in lieu of \$100 bond. Both are scheduled to appear in the county court Saturday.

His sales proficiency placed him among the top third of all Lincoln-Mercury salesmen and earned him special recognition from the Lincoln-Mercury Sales Council.

Borchers Quits Senator Quest

Withdrawal is still the order of the day for Republican candidates in Illinois, the latest to remove his hat from the political ring being A. Webbers Borchers, Decatur, who filed last week for the Republican nomination for state senator in the 28th District.

Borchers withdrawal leaves two candidates for the G.O.P. nomination, Darrell E. Klink, of Lincoln, and Ralph E. Colburn, Decatur. The latter was in Lincoln Thursday in the interests of his campaign.

In other political news, one Logan county man announced he will be a candidate for election as delegate to his party's nominating convention to select representative candidates. Lawrence Kaesebier, Emden, county Demo chairman, stated he will seek one of the two delegate spots to be elected at the April 14 primary.

Two Decatur Republicans, Rep. George P. Johns, an announced candidate for reelection, and Jack H. Powers, declared that they will run for delegates to the Republican party convention.

Both parties will elect two delegates from each of the 59 representative districts in the state to attend the state convention and pick the candidates for the at-large election in November. Logan, Menard and Macon counties comprise the 47th representative district.
