## Cast for "King And I" Praised; Repeat Tonight

"Hot" described not only the weather Thursday evening but also the acting and singing abilities of the Lincoln Christian Church's high school youth department as it presented the ever-popular Rodgers and Hammerstein musical, "The King and I."

In fact, the audience that gathered in Lincoln Christian College auditorium to see the production gave the cast a standing ovation at the final curtain. Laughter and applause of the audience mingled with the many "hit" songs such as "Whistle a Happy Tune," "Hello Young Men," "Getting to Know You," and "We Kiss in a Shadow" to make a most enjoyable evening.

Top acting honors go to Lynn Sunderland as Mrs. Anna, the English school-marm with a very delicate mind of her own and to Jim Whittier as the fiercely independent King. The two were most convincing. Highlights of the evening were provided by Miss Sunderland in her "Shall I Tell You What I Think of You?" a sort of one-woman angry soliloquy; and by Whittier in "A Puzzlement" in which the King ponders how much the world has changed since he took on responsibility.

The supporting roles were completely capable. Outstanding were Jacki Whittier as the ill-fated lover, Tuptim, who's "Lord and Master" was a vocal strong point of the evening and Glenda Appel as Lady Thiang, the headwife. Her song, "Something Wonderful" is one of the recurring themes in the show. Mention is merited for Tom Segelke as Louis, Anna's son; Matt Twist as the Kralahome (prime minister); Paul Mann as Lun Tha; and Floyd Thomas as the Crown Prince, for their parts were done well.

And there were of course, the delightful children who brought to life "The March of the Siamese Children" and "Getting to Know You." This has become one of the landmarks of "The King and I."

All in all the production is visually lovely and vocally satisfying and the youth group has done remarkably well with a difficult piece of theatre. This project was done with the purpose of raising funds for a spiritual life retreat later in the summer. Final curtain is Friday night at 8 o'clock in the college auditorium. —D.H.

## Probation for Creager, White

Two Lincoln youths, Donald White, 19, and James Creager, 17, both of whom had pleaded guilty to the charge of theft, were granted one-year probation Thursday by Associate Judge John McCullough. White will spend 30 days in county jail as part of his probation. They must also make restitution and pay court costs.

The two youths and John Doris, 16, were apprehended after taking liquor from the Ted Nicolay home on Ninth st. early in May. Doris appeared earlier before Judge McCullough and was declared a delinquent after pleading guilty to the charge.

In testimony at the probation hearing Friday, White stated he had often had liquor at the Nicolay home, taking it from a liquor cabinet. He said he later informed Mr. Nicolay that he had taken the liquor and was allowed to "work out" the cost of the liquor. Taken. White also stated that he had attended Nicolay home where liquor was consumed. He added that he did not believe Mr. or Mrs. Nicolay knew that liquor was being consumed at the parties.

In granting probation, Judge McCullough stated the determining factor was that both boys still had one year remaining in high school. This was Creager's first offense while White had previously been declared a delinquent by the court.

The Associate Judge stated that he wished Mr. and Mrs. Nicolay were in court to hear that testimony, that they must share some of the guilt with the youths.

## MISSING

The case of a "runaway boy" was reversed when Mrs. Delbert Anglin, a vacationer from Oklahoma, accompanied by a friend and her small boy, stopped at the Clark Sinclair Station on Route 66 south of Lincoln Thursday.

When she prepared to leave, she checked to see if all was in order—the three left the station, minus one passenger, Mrs. Anglin's nine-year-old son.

State police were called and the auto was discovered near Bloomington en route north. The son of the passenger in the Anglin auto was sleeping in the back, and they stated they hadn't missed the other boy. After being informed, they quickly returned to Lincoln to pick up the "abandoned" youth.

## Halfway House Opened by L.S.S.

Lincoln State School officially opened Halfway House, a halfway house at 505 N. McLean st. Monday. Dr. Joseph Albaum, superintendent, announces. He said female residents will use the house as a "stepping stone" from the school back to community life.

Mrs. Deanne Harden, State School employee, will serve as house mother and supervise the girls in various domestic and social activities with the goal of making them self-sufficient and self-reliant. After accomplishing this, the girls will then be discharged from the State School.

Dr. Albaum stated that because of the professional atmosphere of an institution and the fact that most community links are cut off during the residence stay in an institution, it is often difficult for them to re-adjust to life on the outside. The halfway house provides an excellent means by which they can gradually re-adapt themselves to the customs and strains of ordinary everyday living, he claims.

Mrs. Harden's husband, Larry and son, Robert, will also reside in the house.

## Pass Intermediate Swimmer Requirement

During swimming lessons, 11 children passed their intermediate swimming skills, the Recreation Department announced Tuesday. These skills include demonstrating all leg strokes and arm strokes for the four basic types of swimming. The four basic types of swimming are the crawl stroke, breast stroke, side stroke and elementary backstroke.

Following the demonstration, 50 yards on the backstroke and 100 yards of a selected stroke were completed. After a few minutes rest, a one minute float, 10 yards of sculling, and a half minute of treading water were the objectives. To finish, a front dive and a running jump followed by a rest period and a five minute swim were the requirements to pass.

Those who passed are Beth and Christine Kissinger, Maureen and Angela Connelley Ann Colby, Mary and Fran Miglicez, Don Lemme, Mary Murray, Brad Bushell, and Greg Krusz. They will be rewarded with intermediate button, and a certificate which is issued by the Red Cross.

The governor said the bill provided for grants to both public and private bus companies in efforts to help keep them operating.

Regarding published reports that the Illinois exhibit at the New York World's Fair has been operating at costs exceeding its million dollar appropriation, Kerner said he had not received such reports from the state World's Fair Commission.

But he said he had discussed the possibility that more money would be needed and that admission might be charged or that the 1965 legislature might be asked to appropriate money to make up any deficiency.

## G.O.P. - - -

(Continued from page 1)

There were these late developments:

— Goldwater suggested that Alabama's Democratic Gov. George C. Wallace, abandon his efforts to garner presidential electors in various states, chiefly in the South. Goldwater said that Wallace "would take votes from someone" and conceded that both he and Wallace have overlapping strength in Southern states.

### MILLER CHALLENGED

— Miller's position as the top contender for second place on the ticket was being challenged in some quarters. Former Postmaster General Arthur Sumnerfield, a veteran of many party political party battles, was reported to have urged Goldwater to veer off from Miller. Sumnerfield promptly denied it.

— Sen. Everett M. Dirksen of Illinois, who will nominate Goldwater said in an interview he had been "beating off" suggestions that he become available for second place on the ticket. "I have said a flat 'no' and I mean it," Dirksen said.

## Charge Dropped

AMARILLO, Tex. — City Court Judge E. H. Foster dropped charges today against a young man accused of striking Dwight D. Eisenhower with a placard. The defendant pleaded innocent, saying he had no intention of hitting the former president.

Eisenhower telegraphed Mayor F. V. Wallace asking that the charge of simple assault against Melvin Phillip Floyd, 23, be dropped.

The placard was tossed onto the train's rear platform from a throng of 700 persons who greeted Eisenhower Saturday while he was en route to the Republican convention in San Francisco.

States allotted nearly \$11 billion to local governments within their jurisdictions last year.

## Hoover Ovation at G.O.P. Convention

SAN FRANCISCO (AP) — Herbert Hoover had shown up at every Republican National Convention since the one that nominated him for president in 1928.

Four years ago, he arose and told delegates he never would show up again. "No, no," they cried.

But Hoover, 90 next month, is not showing up at the 1964 convention.

The former president sent a message to the delegates and, ill Monday night in his Waldorf-Astoria suite in New York,

flourishes and mellow tones at his command, read the speech to the delegates and prefaced it with a tribute to "the grand person of the Grand Old Party."

Dirksen said Hoover had been unfairly criticized, for it was his fate to be in the White House when the depression began in 1929.

"No public official in our times has been so castigated because of economic forces generated outside the country, over which he had no control," Dirksen said.

Then Dirksen told the convention: "Let Him Hear You"

## Tensions - - -

(Continued from page 1)

Goldwater said the racial disorders that have torn New York's Harlem district are "something I've been afraid of."

And he said other big cities of the North—Chicago, Detroit and Philadelphia among them—are headed for trouble too "if they can't control these crowds on both sides of the fence."

"Tensions are tight already," the senator said.

Goldwater said he plans to propose a meeting of Republican leaders — among them former President Dwight D. Eisenhower, former Vice President Richard M. Nixon, and Govs. William W. Scranton of Pennsylvania and Nelson A. Rockefeller of New York.

### No Time Decided

The senator said he doesn't know when that session might be held.

Goldwater was welcomed first by Senate Republican Leader Everett M. Dirksen of Illinois, the man who put his name in nomination.

Dirksen told reporters the Arizona conservative will have a major role as a Republican policy-maker in the Senate.

He said Goldwater, as the

# Ben Bella Tightens Controls, on Algeria

ALGIERS (U) — Most of President Ahmed Ben Bella's enemies are in full retreat, and every new move against him seems only to tighten his one-man rule over Algeria.

Everywhere except in the Kabylie Mountains, the loyal national army is in full control. Rebel leaders are being picked up one by one or are fleeing into exile. All legal political opposition to Ben Bella's "socialist revolution" is silenced.

Even in the Kabylie there is evidence that the traditionally rebellious Berber tribesmen, weary of almost 10 years of continuous guerrilla warfare, are wavering in their allegiance to insurgent leader Hocine Ait Ahmed.

Ben Bella's popularity appears to be declining everywhere as his pseudo-Marxist policies help to plunge the nation ever deeper into economic crisis.

But for the moment there is no trace of widespread popular revolt or of sympathy for fugitive rebels still calling for a general uprising. Nor is there any sign of disaffection in the army, the mainstay of Ben Bella's regime.

Although he is beset by towering economic problems, Ben Bella has emerged strengthened from every clash with his hopelessly divided opponents.

Col. Mohamed Chaabani, who tried to stir the Sahara against Ben Bella, was betrayed by the same population that helped him for eight years to elude the French. His arrest roused not a

stir of sympathy.

## Harris Steering Atty. Mulliken Bid

Thomas M. Harris, Lincoln attorney, is serving as Logan county campaign manager for Wallace M. Mulliken, Republican candidate for appellate court judge in the new Fourth judicial district.

Mulliken, from the Champaign law firm of Thomas, Mulliken and Mamer, seeks nomination Saturday by the Republican judicial convention in Springfield.

Speaking of the candidate, Harris said, "Wallace M. Mulliken is an extremely competent attorney with excellent judicial temperament. He has long been prominent in activities of the bar and in civic affairs. His energy and his fine reputation will make him an excellent campaigner for the Republican party as well as an effective member of the judiciary." Harris added, "The vigorous district-wide lawyers' committee for Mulliken is confident of his nomination Saturday and his election Nov. 3."

The Fourth judicial district is composed of 30 counties extending across Illinois from the Wabash to the Mississippi River. Each party will nominate three candidates for election in November to the appellate court, the first time in Illinois history that appellate judges have been elected rather than appointed.

## Kenning Jailed After Severe Beating of Girl

John C. Kenning, 25, of Lincoln, is in Lincoln city jail after his arrest early Friday by city police after allegedly severely beating a 20-year-old Lincoln woman. The Logan county state's attorney's office said a charge of aggravated assault would be filed against Kenning later today.

Miss Jane Cushing was taken to Abraham Lincoln Memorial hospital after police were called to the Kenning home on Monroe street at approximately 2 a.m. by neighbors who told of a girl's screams coming from the house.

Authorities said they were able to question the girl briefly last night and she told that Kenning had beaten her during a ride in his auto and later at his home. It is believed the two met at a local tavern and left together when Kenning offered her a ride to her auto.

Authorities stated that the girl's condition was such at noon Friday that they were unable to question her further.

## TELL-TALES: Editor's Notebook....

A Courier photograph and the keen eye of County Nurse Irma Potter has resulted in correction of a physical problem for a Lincoln youngster. Mrs. Potter notified the parents of the defect, which had gone unnoticed by them and a doctor's diagnosis confirmed her belief. Minor surgery corrected the problem and the child was saved from what could have been a major ailment later in life.

## Castro Brush Sanctions

WASHINGTON (AP) — The American republics have slapped strong diplomatic and economic sanctions on Cuba and Fidel Castro has brushed off the actions as impudent and unjust.

A conference of the American foreign ministers Sunday approved a diplomatic break and trade embargo against Cuba and cleared the way for the use of armed force against the Castro regime if it continues subversions against other republics of the hemisphere.

Within hours after the action was taken, there were these reactions:

**"Against Aggression"** — Thomas C. Mann, assistant secretary of state for inter-American affairs, said the action "proved once again the ability of the Organization of American States to defend itself against aggression."

—Castro said the OAS is "garbage" and the prime minister declared "the people of Cuba reject as impudent and unjust the sanctions imposed." He issued a "Declaration of Santiago de Cuba" as a reply to the "Declaration of the Americas" of the OAS.

—Tass, the official Soviet news agency, charged that the action set a dangerous precedent and it accused the United States of openly putting pressure on the OAS to take the historic step.

Seen as Step Ahead — Several Cuban exile leaders in Miami disagreed on the impact of the OAS sanctions but in general looked upon them as a forward step.

The sanctions were approved by a 15-4 vote — as author of the resolution, Venezuela could not vote. Mexico, Chile, Bolivia and Uruguay — the only Latin-American republics maintaining relations with Cuba — voted no.

The foreign ministers' conference was called at Venezuela's request. It invoked the Inter-American Treaty of Mutual Assistance Dec. 3, after uncovering a three-ton cache of smuggled arms with Cuban markings on a lonely beach in the state of Falcon where most of the oil-rich Venezuela's refineries are located.

Signed by 26 Nations

The sanctions became official when representatives of 20 nations signed the final act of the ninth conference of foreign ministers of the Americas.

Bolivia announced immediately it would respect the majority decision and Uruguay is expected to follow suit. Chile may do so if a Social Christian government is chosen in the September presidential elections.

Mexico denounced the censure
